Agnew had his preliminary sore in 1906. He worked for the Canadian Steam Ship Co for four years during which time he was exposed to much damp weather & very irregular temperatures. as a result he had Rheumatism. Since his enlistment he has had pain in the left hip in area of sciatic nerve also about knee & over left tibia. This is worse in wet weather also after payday? He has not been on duty one day for the past six weeks. Either in hospital. Light duty, or away where we can not find him always complaining of this pain. He parades to me each day and is a great trouble. He will never be of any use as a soldier and I would be very pleased to have him discharged.
