 MEDICAL HISTORY OF AN INVALID

INSTRUCTIONS WHICH MUST BE READ BY MEDICAL OFFICERS

- In using this Form the "Instructions issued for the guidance of Medical Officers serving on Medical Boards" issued by the B.P.C. and instructions issued by Militia H.Q., Ottawa, will be carefully followed.
- The Medical Officer in charge of the case is responsible for the proper completion of Sections 1 to 17 of this Form and will obtain the signature of the invalid to the "Statement," page 3. The President of the Board of Medical Officers is responsible for the proper completion of sections reserved for recording the "Opinion of the Medical Board."
- In answering the questions, Medical Officers will carefully obtain and record the invalid's statements concerning his condition. They will distinguish observations made by themselves from hearsay. They will distinctly state the authority for statements not resulting from their personal observation; it must be made clear whether such statements are obtained from the invalid concerned, from witnesses, or from documents, Regimental or otherwise.
- Special care is required in answering question 9. Read the questions carefully. All questions must be answered.
- If space provided under any section is insufficient add another sheet. Such sheets must be initialed by the Medical Board.
- A note will be made of attached papers by the Medical Board under the section "Opinion of Medical Board."
- Under no circumstances may information other than that in sections 7, 8, 9 and 10 be communicated to the invalid, directly or indirectly.
- The nomenclature of diseases must be followed, if possible, as described in "List of Diseases" printed in the order in which they appear in the Annual Report on the Health of the Army, published in London (1915), by Messrs. Harrison & Sons.
