TRAUMATIC ARTHRITIS OF SPINE.

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. Reported sick May 16th 1916.

10. Place of origin of disability. Ypres.

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

In 1910 he coughed a great deal and spat up blood for intervalsfor a year. Catches cold easily. Says he has always felt weak, and that he did not gain in weight between the ages of 7 & 13. Has kept gaining since then. Says he hurt his back lifting, when 16 years of age. He complained on arrival at G.C.S.H. of weakness in back and of it aching at times.
There is a backward curvature of spine in dorsal region, giving patient a hunchback appearance. Movements of spine seem free in all directions. No adventitious sounds found in lungs or heart.
21.7.16. XRAY report does not show any lesion of spine. Back kept aching and was weak on marching, and increased so that he reported sick with it May 16th 1916.

Officer in medical charge of case.

(signed) F. C. Bull, Major C.A.M.C., for O.C. Granville Special Hospital, Ramsgate.

Officer in charge of Hospital.

* Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 641 to 648 of the Canadian Pay and Allowance Regulations).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (*a*) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service.

1. No. 2. Yes.

(*b*) If due to one of these causes, to what specific condition do the Board attribute it?

strain aggravating an old disability.

21. Has the disability been caused or aggravated by

(*a*) Intemperance? no

(*b*) Misconduct? no

22. Is the disability permanent? yes

23. If not permanent, what is its probable minimum duration?

not applicable.

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

1/4 for one year and then none compared with capacity on enlistment.

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

not applicable.

26. Do the Board recommend

(*a*) Fit for duty? no

(*b*) Fit for base duty? no

(*c*) Invalided to Canada? no

(*d*) Discharge as permanently unfit YES.

27. Remarks. Spent two months in France.
