MEDICAL HISTORY OF AN INVALID

ON DISCHARGE FROM TREATMENT

INSTRUCTIONS WHICH MUST BE READ BY MEDICAL REPRESENTATIVES, S.C.R.

This form will be used in all cases as a final Medical Board when a patient admitted for a disability due to or aggravated by service, is discharged from treatment, with the exception of Class 2 Out-Patients, where pensionable disability has not obviously changed.

The Physician or Surgeon in charge of the case is responsible for the proper completion of Section 1 to 15. The signature of the man to Section 7, Page 3, will be obtained in all cases. All questions must be answered. Write "N.A." if not applicable. The nomenclature of diseases, as provided by the Department, will be followed, if possible.

In answering the questions, Physicians and Surgeons will carefully obtain and record the man's statements concerning his condition. They will distinguish observations made by themselves from hearsay, and will distinctly state the authority for statements not resulting from their personal observation. It must be made clear whether such statements are obtained from the man concerned, from witnesses, or from documents, regimental or otherwise.

If space provided under any section is insufficient, add another sheet. Such sheets must be initialed by the Medical Board. A note will be made of attached papers by the Medical Board under Section 16.
