Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. June 2nd 1916.

10. Place of origin of disability. Ypres.

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

States he was exposed to heavy shelling at Ypres for three months. During that time he noticed that he was gradually becoming more nervous, but carried on until June 2nd 1916 when he was buried and rendered unconscious. Does not remember what happened, nor how long he was in this state, regained consciousness at dressing station. States he had a few bruises on left chest - no fractures or wounds. Was sent to Hospital. States he had [redacted] partial loss of memory for sometime after this, suffered from pains in the head and found it difficult to concentrate his mind. He was easily fatigued and was troubled with shortness of breath. Was in France on full duty ten months.

12. (*a*) Give your opinion as to the causation of the disability. Active service conditions.

(*b*) If you consider it to have been caused by wounds received or illness contracted (1) in the presence of the enemy (2) on active service, explain the specific conditions to which you attribute it. *(See notes on page 3.)*

(1) Yes.
(2) Yes. Active service conditions exposure to heavy shell-fire.

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

Complains of being very nervous, pains in the head, states he cannot walk far as his feet give him trouble. There is a marked general tremor - patient appears very nervous. He is not troubled with loss of memory now. States any slight noise makes him shake all over, Sleeps poorly. Appetite fair. His right foot is flat,but was in this condition previous to enlistment. States in climbing stairs he becomes short of breath. No organic lesion of heart, but variable in rate. Lungs - negative.

14. If the disability is an injury, was it caused

(*a*) In the presence of the enemy? Yes.

(*b*) On active service? Yes.

(*c*) On duty? Yes.

(*d*) Off duty? No.

15. Was a Court of Inquiry held on the injury? Not applicable.

If so—(*a*) When?

(*b*) Where?

(*c*) Opinion?

16. Was an operation performed? If so, what? Not applicable.

17. If not, was an operation advised and declined? Not applicable.

18. *In case of loss or decay of teeth.* Is the loss of teeth the result of wounds, injury or disease, directly* attributable to active service? Not applicable.

19. Do you recommend

(*a*) Fit for duty? No.

(*b*) Fit for base duty? No.

(*c*) Invalided to Canada? Yes.

(*d*) Discharge as permanently unfit? No.

Officer in medical charge of case.

I have satisfied myself of the general accuracy of this report, and concur therewith, except†

* Loss of teeth on, or immediately after, active service should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 641 to 648 of the Canadian Pay and Allowance Regulations).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (*a*) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service. a1 Yes a2 Yes

In defining the extent of his inability to earn a livelihood, estimate it at ¼, ½, ¾, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable? Not applicable
