INSTRUCTIONS.

1. These forms are to be completed in all cases of accidental or self-inflicted injuries, involving a soldier's absence from duty, whether due to the man's own act, or that of a comrade, or to other extraneous circumstances.

2. Where several casualties occur as the result of one accident, one form is to be completed for each Officer or other rank injured, but only one set of statements from the witnesses of the accident need be attached.

3. Full statements are to be taken by an Officer from the witnesses of the accident. These statements will be signed by the witnesses making them, and by the Officer who takes them, and will be forwarded with this Form. Where it is intended to take disciplinary action, copies of these statements should be retained by the Unit for use in lieu of a summary of evidence.

4. Where it is possible to obtain it, a statement from the injured man will also be forwarded. This, however, should not be used as evidence against him in any subsequent disciplinary proceedings.

Special Instructions as to Evidence in Cases of Self-Inflicted Wounds.

5. In these cases the statements mentioned in paragraphs 2 and 3 above should bring out all material points, *e.g.*, statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

6. A soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive this charge should not be used. The charge will therefore usually be laid under Sec. 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under Section 18 for wilful maiming.

CERTIFIED THAT THIS A.S.P.B.
has been duly verified with the
relative ledger account and all
uncharged items properly extra-
cted to Form P. 697.

Information for the Canadian Soldier.

The Canadian Pay and Record Office, Westminster House, 7, Millbank, London, S.W., is a central information Bureau which links up the Officers and men of the Canadian Contingents with their relations in all parts of the world; consequently to enable that Office to be in a position at all times to furnish the latest information to relatives and friends, it is essential that the Unit in the Field should send accurate information to the D. A. G.'s Office at the Base (D. A. A. G., Canadian section) concerning any casualties affecting the Officers and men immediately they occur. Each individual Officer and man can assist the work of the Canadian Pay and Record Office if he carries out the following instructions:—

1.—If the address of his next of kin, *i.e.*, wife, father, mother, etc., as shewn on the attestation paper is changed, he should immediately notify the change to the Adjutant and also correct the entry on page 5 of his Pay Book. The Adjutant will then notify the Record Office, London, of the change.

2.—If you are sent to hospital in the United Kingdom, send a postcard, as soon as possible, to the Canadian Record Office, 7, Millbank, London, S.W., giving Regimental No., Rank, Name and Unit, and name of hospital, with date of admission, and also report your transfer to any other hospital in England.

3.—If sent back from the front, you are taken on the strength of a Reserve Unit from the date of your admission to hospital in England.

4.—If you are taken prisoner be sure to send a letter or postcard to Canadian Record Office, giving your address, and any other particulars which are allowed to be written. This is much better than writing elsewhere, as the Record Office immediately cables the information to Canada, and informs your next of kin, so that they will have immediate notification of your whereabouts. A prisoner is allowed to write one postcard a week and one letter every fortnight, and the Pay and Record Office, if advised, can make arrangements to send comforts to prisoners, through the Canadian Red Cross Society.

Report

To the Assistant Provost Marshal, 19th Division

Sir

I was on duty at the ALLOUAGNE—AUCHEL Cross Roads, about 9.45 am. on the 31-8-18., when I saw a column of G.S. wagons, (loaded) passing the cross roads, coming from the direction of LILLERS and going towards LOZINGHEM. At the same time, there were three motor lorries coming from the direction of LOZINGHEM. They were signalled to by No 226054. Pte. Lixton, 1st Monmouthshire Regt., who was on Point Duty, (Traffic Control.) Two of the motor lorries turned to ALLOUAGNE, and the third was proceeding towards LILLERS. When this lorry had passed the ALLOUAGNE road end, travelling at the rate of about, three or four miles per hour, I heard a shout, and the motor lorry stopped immediately. On going over to see what had happened, I found a dispatch rider, lying on his back, his head on the outside of the offside front wheel and his body lying under the front part of lorry. The wheel of motor was on his neck. He was apparently dead. His head was very badly damaged. The motor cycle was lying near him clear of the lorry

On examination of the road, I found a mark about six feet long, made by the rear wheels of the motor lorry, when the brakes were applied

The body was removed by men of the 6th Batt. Canadian Railway Troops.

Report

To the Assistant Provost Marshal, 19th Division

Sir

I was on duty at the ALLOUAGNE—AUCHEL Cross Roads, about 9.45 am. on the 31-8-18., when I saw a column of G.S. wagons, (loaded) passing the cross roads, coming from the direction of LILLERS and going towards LOZINGHEM. At the same time, there were three motor lorries coming from the direction of LOZINGHEM. They were Signalled in by No 226054. Pte. Lixton, 1st Monmouthshire Regt., who was on Point Duty, (Traffic Control.) Two of the motor lorries turned to ALLOUAGNE, and the third was proceeding towards LILLERS. When this lorry had passed the ALLOUAGNE road end, travelling at the rate of about, three or four miles per hour, I heard a shout, and the motor lorry stopped immediately. On going over to see what had happened, I found a dispatch rider, lying on his back, his head on the outside of the offside front wheel and his body lying under the front part of lorry. The wheel of motor was on his neck. He was apparently dead. His head was very badly damaged. The motor cycle was lying near him clear of the lorry

On examination of the road, I found a mark about six feet long, made by the rear wheels of the motor lorry, when the brakes were applied

The body was removed by men of the 8th Batt. Canadian Railway Troops.

Lieut.E.W.Lowery, 5th.Battalion, Canadian Railway Troops, on Major Grant's orders, collected the following evidence in connection with the accident and death of No. 328 Spr.G.H.BOWIE, 5th.Bn., Canadian Railway Troops.

M2/178185 Driver Smith, Lewis (Army Service Corps).
I was the driver on lorry No.38759 A.S.C. proceeding on the morning of the 31st.August 1918, from the 269th.Railway Co. RAIMBERT to ALLOUAGNE DUMP. There were two other lorries in front of me as I approached the Traffic control (9.45 a.m.) at (Sheet 44B.C.12.a.6.2) (at the intersection of the ALLOUAGNE-BURBURE road and the LOZINGHEM-LILLERS road). The two lorries in front had turned down into ALLOUAGNE at the cross-roads, and I was signalled to come on towards LILLERS by the Traffic man on duty. At the same time a column of G.S. wagons were proceeding from the direction of LILLERS towards LOZINGHEM, and as I crossed the ALLOUAGNE road a motor cycle came out of the BURBURE road, behind the column of G.S. wagons, and proceeded slowly across in front of my lorry. The cranking handle of my lorry apparently struck the driver pushing him under the front wheel. I stopped the lorry just as the front wheel passed over the motor cycle driver and within from 4 to 6 feet after striking the motor cycle. My speed was about 3 miles per hour.

W.R.252963 C.Q.M.S.Clifton,(269th.Rly Co.R.E.) who was riding on lorry No. 38759,saw the accident and confirms this evidence in every particular.

W.R.260139 Spr.Luxton,T.J. (269th.Rly Co.R.E.) also riding on lorry 38759 told the same story in every particular.

P-979 L/Cpl.Bird,Thos.(MMP 19th.Divn.detachment, ALLOUAGNE):
At 9.45 a.m. 31-8-18, I was on duty at C.12.a.6.2.(Sheet 44B) cross-roads, when a column of 6 G.S.wagons loaded with hay coming from the direction of LILLERS and proceeding towards LOZINGHEM were pa ssing cross-roads at C.12.a.6.2. At the same time three lorries were proceeding towards me from LOZINGHEM, the leading two of which turned down into ALLOUAGNE being signalled on by the Traffic man. The third proceeded towards LILLERS (being given the signal by the Traffic man). This lorry, travelling at the rate of about 3 or 4 miles per hour, just crossed the cross-roads when I heard a shout. The lorry stopped. On going over to the lorry to see what the trouble was, I found that the motor cycle driver had been struck by lorry No.38759, and the off-side front wheel of the lorry had passed over him. He was apparently dead. The motor cycle was lying beside the driver clear of the lorry. On examination of the ground, I found a mark made by the rear wheels of lorry 38759 when the brakes had been applied. The mark was about 6 feet in length. The body was removed by men of the 5th.Bn. Canadian Railway Troops.

226054 Rifleman Lixton,(19th.Div.Traffic)
I was on duty at C.12.a.6.2 (Sheet 44B) on the middle of the cross-roads. There were 6 G.S.Wagons proceeding from LILLERS towards LOZINGHEM which I had signalled on. There were also 3 motor lorries proceeding from LOZINGHEM towards me, and I signalled them on because the first driver signalled for LILLERS. As the column of G.S.wagons were passing the cross-roads, the motor cycle driver dodged out from behind the column of G.S. wagons and crossed the road in front of lorry 38759 as it was proceeding towards LILLERS. Therefore I could not see what happened. I heard a shout and looking towards the motor lorry, I saw the front right hand wheel of the lorry pass over a man who had just fallen off a motor cycle. The wheel of the lorry had just passed over the man's neck when the lorry stopped. I ran and helped the lorry driver to clear the wheel from the man and the motor cycle, and then went back to my post. The motor cycle driver was apparently dead.
(On further reflection, Lixton states) that the first 2 lorries proceeding from the direction of LOZINGHEM, turned towards ALLOUAGNE on his signal, and it was the third lorry No.38759 that signalled for LILLERS and which he signalled on, and this is the lorry which passed over the despatch rider. The driver of lorry 38759 was M2/178185 Pte.Smith.)
