13. What is his present condition?

Pulse weak, 90, is weak.

Has lost considerable weight, at

times cannot retain food in stomach, circulation in hands sluggish. Perspired freely at night, but is not doing so now. No disability from wound in foot except slight numbness. The Destal Phalax of third right toe was struck, leaving no marked scar, toe nail was injured. Has complained of headache. Cough has been chronic, with considerable sputum. Left chest flattened and resonance impaired. Pleuritic rub heard in left chest below and behind nipple. Chronic oozera which he has had for years, right and left nostril.

14. If the disability is an injury, was it caused

(a) In action? Yes

(b) On field service? Yes

(c) On duty? Yes

(d) Off duty? No

15. Was a Court of Inquiry held on the injury?

No

If so—(a) When?

(b) Where?

(c) Opinion?

16. Was an operation performed? If so, what?

No

17. If not, was an operation advised and declined?

No

18. In case of loss or decay of teeth. Is the loss of teeth the result of wounds, injury or disease, directly* attributable to active service?

Not applicable

19. Do you recommend

(a) Discharged as permanently unfit, or

Yes

(b) Change to England?

No

T. L. Towers, Capt.

I have satisfied myself of the general accuracy of this report, and concur therewith, except†

* Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

Aggravated by active service

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

Oezenia and tendency to bronchitis prior to enlistment aggravated by "gas-poisoning" and exposure have led to disability

21. Has the disability been aggravated by

(a) Intemperance? No

(b) Misconduct? No

22. Is the disability permanent? Yes

23. If not permanent, what is its probable minimum duration? Not applicable

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present? One half

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, or total incapacity.

- 24A. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Health Insurance Act?

25. If an operation was advised and declined, was the refusal unreasonable? Not applicable

26. Do the Board recommend

(a) Discharge as permanently unfit, or

(b) Change to England? Yes

I concur, but recommend that this patient be invalided to Canada, with his discharge documents for subsequent disposal by the Militia Authorities.

Instructions as to the preparation, despatch, and custody, of discharge documents.

1. When a soldier is to be discharged, the documents retained with the duplicate attestation will be placed inside this form. Should any of the documents be missing, an explanation of the deficiency, signed by the commanding officer, must be substituted for the missing document. The officer in charge of records will then extract from the original attestation, any documents required to complete the list of discharge documents enumerated in the margin, which will then be placed in this form in the sequence given.

2. When men are discharged from the colours at home as medically unfit, or with claims to pension, Army Form B. 268 will be sent confirmed, together with the duplicate attestation and documents retained therein to the officer in charge of records 10 days in advance of the date for discharge in the case of invalids, and 14 days in other cases. This officer will then extract from the original attestation any documents required to complete the list of discharge documents enumerated in the margin, place them in this form, and after carefully checking the duplicate attestation with the original forward the whole to the Secretary, Royal Hospital, Chelsea. When such men are discharged abroad, the same procedure will be adopted as above, with the exception that the discharge documents will be sent to the officer in charge of records immediately after discharge takes place (except in the case of men who are granted gratuities on discharge from local battalions or companies, Royal Artillery).

3. When soldiers are sent home from abroad for discharge, the documents retained with the duplicate attestation will be placed inside this form and sent home with the men for transmission to the officer who carries out the discharge, together with the following additional forms:—

- (a) Discharge certificate (Army Form B. 2079 or Army Form B. 264).
- (b) Character certificate (Army Form B. 2067) if entitled.
- (c) Copy company conduct sheet (Army Form B. 121) when required under King's Regulations.

The duplicate attestation and documents retained therein will be sent to the officer in charge of records, who will extract from the original attestation any documents required to complete the list of discharge documents enumerated in the margin and place them in this form.

4. The discharge documents of re-enlisted pensioners, on re-discharge, will be sent to the officer in charge of records, who will extract from the original attestation any documents required to complete the list of discharge documents enumerated in the margin, place them inside this form, and forward the whole to the Secretary, Royal Hospital, Chelsea, irrespective of the cause of discharge.

5. The original and duplicate attestations of recruits who are rejected before, or on, final approval will be retained by the approving officer for one year, when they will be destroyed.

6. In all other cases the discharge documents will be sent, directly the discharge is carried out, to the officer in charge of records of the unit concerned.

7. Postage need not be paid, and receipts are not required, in the case of documents sent to Chelsea or to the War Office.

8. When the discharge documents of men not entitled to pension are sent to the officer who will have final charge of them, they are to be accompanied by Army Form B. 279, and that officer will, if they are found to be correct, sign and return Army Form B. 279. Should any document be missing, he must at once apply for it.

9. The officers having final charge of the discharge documents will arrange them according to regimental numbers, and enter the names in the alphabetical index, Army Book No. 129.
