Assisting train of Troops Canaples to Doullens

Time of accident or casualty to which report refers
8 hrs 55 minutes.

I BEG TO REPORT THAT - whilst assisting above train that after coming to a stand outside Doullens I received the whistle to start and acknowledged them both on approaching last Crossing before reaching Doullens. The Crossing Keeper gave me a signal to stop, I sounded brake whistle and applied brakes and stopped. I got down and went forward to train and found that Pte D.Crawford No.294045 had been riding on buffers and by some means got squeezed and fell below them. Myself and a couple of other chaps helped in getting him from under, he having the misfortune to lose his right arm also right leg, but up to the time that the Military Police had taken him to Gezaincourt Hospital he was still alive.

Yours obediently.

Evidence of Witness

701000 Pte. Wolfe G. F.

While I was eating my breakfast on a flat truck, I saw some French people pointing towards the front end of the truck. I went forward and found Pte. Crawford inbetween the bumpers. He was blue in the face and could not speak. I could not release him and lift him to the truck. When the train went over the switch he fell between the trucks. I jumped off. The train stopped, and I pulled him off the rail. His left ~~hand~~ arm and left leg were almost cut off. He was alive and spoke to those who came to help him at that time.

Special Instructions as to Evidence in Cases of Self-Inflicted Wounds.

5. In these cases the statements mentioned in paragraphs 2 and 3 above should bring out all material points, *e.g.*, statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

6. A soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive this charge should not be used. The charge will therefore usually be laid under sec. 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under section 18 for wilful maiming.
