Shrapnell.

Active Service.

13. What is his present condition?

In fair physical shape.

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

There is at the margin of the hair, above the ^{with} canthus of R. eye a ^{very} defect of skull, fully the size of the terminal joint of thumb; pulsation of brain seen freely in this depression. There is a broad horizontal 3" scar across lower occipital region and also an inch and half scar, high above R. ear, with slight depression, showing that the skull was injured. Memory fair, but says if two people are talking he gets confused. On bending down sends the blood throbbing to his head. Slight deafness in L. ear - could not hear anything at first.

Alcohol. previous Lany has cleaned with H_2O_2

The Tumour has gradually got less & less, until now the wound is perfectly healed up, but there is a slight pulsation at the bottom of the scar, which is depressed below the surrounding scalp.

The effect of the alcohol was this, the outer rim of tumour became dried & shrivelled & about every 4 or 5th day a rim peeled off, which was very carefully helped with forceps any undue pulling resulted in a very small haemorrhage. It was very satisfying to see the tumour gradually peeling & growing smaller & smaller a little granulation tissue sprung up at the sides of wound, which was systematically attacked with $Hg. No. 3$ Caustic.

From the middle wound on second day there was a very sharp secondary haemorrhage, an under stitch of Catgut soon stopped it, the hyaline sheath off with ordinary tying

The posterior wound was very painful, presenting always a large raw bleeding surface, at first it was dressed with sterile gauze & later with $Hg. A. No. 1$, as the wound healed, a condition of Keloid developed, this was attacked with $Hg. No. 3$ or $Cu SO_4$ Caustic, & the wound has gradually healed & contracted. Had double optic neuritis, this has gradually cleared up. ~~Atropine was given to the eyes.~~ In several occasions his temperature rose & he seemed at the point of developing Septic meningitis, but with constant care, what seemed at first

~~discharge of pus from the eyes.~~ Has ended in a most satisfactory manner; but I don't think him

fit for active service, & should recommend his discharge from any ~~service~~ ^{Royal Army}. He seems to lack ~~stamina~~ ^{stamina} his list.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii) ordinary military service.

1 Yes
4 No
14 No

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

Shrapnel.

21. Has the disability been aggravated by

(a) Intemperance?

No

(b) Misconduct?

No

22. Is the disability permanent?

Yes

23. If not permanent, what is its probable minimum duration?

Not applicable

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Total

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

Not applicable

26. Do the Board recommend

(a) Discharge as permanently unfit, or

Yes in England.

(b) Change to England?

No

(Army Form B. 103.)
20. Employment sheet.
(Army Form B. 2066.)

In the case of recruits who are rejected before, or on, final approval, the discharge documents will consist of—

1. Duplicate attestation.
(On third page the date and cause of discharge will be entered and signed by the competent military authority.)
2. Medical history sheet (if any).
(Army Form B. 178.)

Instructions as to the preparation, despatch,
and custody, of discharge documents.

1. When a soldier is to be discharged, the documents retained with the duplicate attestation will be placed inside this form. Should any of the documents be missing, an explanation of the deficiency, signed by the commanding officer, must be substituted for the missing document. The officer in charge of records will then extract from the original attestation, any documents required to complete the list of discharge documents enumerated in the margin, which will then be placed in this form in the sequence given.

2. When men are discharged from the colours at home as medically unfit, or with claims to pension, Army Form B. 268 will be sent confirmed, together with the duplicate attestation and documents retained therein to the officer in charge of records 10 days in advance of the date for discharge in the case of invalids, and 14 days in other cases. This officer will then extract from the original attestation any documents required to complete the list of discharge documents enumerated in the margin, place them in this form, and after carefully checking the duplicate attestation with the original forward the whole to the Secretary, Royal Hospital, Chelsea. When such men are discharged abroad, the same procedure will be adopted as above, with the exception that the discharge documents will be sent to the officer in charge of records immediately after discharge takes place (except in the case of men who are granted gratuities on discharge from local battalions or companies, Royal Artillery).

3. When soldiers are sent home from abroad for discharge, the documents retained with the duplicate attestation will be placed inside this form and sent home with the men for transmission to the officer who carries out the discharge, together with the following additional forms:—

- (a) Discharge certificate (Army Form B. 2079 or Army Form B. 264).
- (b) Character certificate (Army Form B. 2067) if entitled.
- (c) Copy company conduct sheet (Army Form B. 121) when required under King's Regulations.

The duplicate attestation and documents retained therein will be sent to the officer in charge of records, who will extract from the original attestation any documents required to complete the list of discharge documents enumerated in the margin and place them in this form.

4. The discharge documents of re-enlisted pensioners, on re-discharge, will be sent to the officer in charge of records, who will extract from the original attestation any documents required to complete the list of discharge documents enumerated in the margin, place them inside this form, and forward the whole to the Secretary, Royal Hospital, Chelsea, irrespective of the cause of discharge.

5. The original and duplicate attestations of recruits who are rejected before, or on, final approval will be retained by the approving officer for one year, when they will be destroyed.

6. In all other cases the discharge documents will be sent, directly the discharge is carried out, to the officer in charge of records of the unit concerned.

7. Postage need not be paid, and receipts are not required, in the case of documents sent to Chelsea or to the War Office.

8. When the discharge documents of men not entitled to pension are sent to the officer who will have final charge of them, they are to be accompanied by Army Form B. 279, and that officer will, if they are found to be correct, sign and return Army Form B. 279. Should any document be missing, he must at once apply for it.

9. The officers having final charge of the discharge documents will arrange them according to regimental numbers, and enter the names in the alphabetical index, Army Book No. 129.

PENSIONS AND CLAIMS BOARD, Canadian Expeditionary Force, assembled at
Prior Park, Bath, England, on the 29th day of September 1916.

Members of Board.

- Lieut. Col. Sir H. Montagu Allan.
- Lieut. Col. W. Grant Morden.
- Lieut. Col. D. McLean.
- Major R. Raikes. C.A.M.C.
- Major Hume Blake.

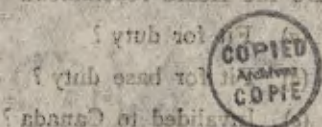

Proceedings.

The Board having considered the evidence of the man marginally noted, and the documents submitted, hereto attached, which form part of these Presents, marked

No. 51132.
Pte. F. B. Darley.
P.P.C.L.I.

RECOMMENDS:-

1. That this man be granted a Pension for the period of Six Months from the 1st October 1916, under Class 2, at the rate of 80 per cent, Three Hundred and Eighty Four dollars per annum, under the Pay and Allowance Regulations 1914, as amended by P.C. 1334 of June 3rd 1916, and
2. That he be paid the sum of Ninety Six dollars, being the difference between the Pension granted under Article 641, Section "B" of the Canadian Pay and Allowance Regulations for six months from the 1st April 1916, One Hundred and Ninety Two dollars, and the Pension under Class 2, 80 per cent, Three Hundred and Eighty Four dollars per annum, under the Pay and Allowance Regulations 1914, as amended by P.C. 1334 of June 3rd 1916, which he would have received, had that Scale been in force when his Pension was first granted.

President

Signed at Prior Park, Bath, this 29th day
of September, 1916.

Opinion of the Medical Board.

NOTES—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

- (ii.) Expressions such as "may," "might," "probably," &c., should be avoided.
- (iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 641 to 648 of the Canadian Pay and Allowance Regulations).
- (iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (a) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service.

a1
The result of active service

a2
Proceedings

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

Wounded in action

21. Has the disability been caused or aggravated by

- (a) Intemperance?
- (b) Misconduct?

no
no

22. Is the disability permanent?

no

23. If not permanent, what is its probable minimum duration?

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Total

In defining the extent of his inability to earn a livelihood, estimate it at 1/2, 1/3, 2/3, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

not Declined

26. Do the Board recommend

- (a) Fit for duty?
- (b) Fit for base duty?
- (c) Invalided to Canada?
- (d) Discharge as permanently unfit?

Permanent unfit

27. Remarks.

Nil.
