* Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 641 to 648 of the Canadian Pay and Allowance Regulations).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (*a*) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service.

a1 No a2 No

8. Disability.

Displacement of tendons, left ankle
Amputation 1st 2nd & 3rd fingers left hand

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. Sept 25th. 1915

10. Place of origin of disability. Westenhanger

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case. Stepping on a board across a ditch it broke and he fell, says the leg was broken. It swelled greatly and was black up to the knee. Was in Moore Barracks Hosp. for 5 weeks. Leg was not put up in splints. At Rye, Sussex for massage for 3 weeks. Foot was still swollen. Was at Walmer Convalescent Home for 4 weeks. Returned to lines about end of Dec. Has been doing nothing since. Cannot march and carry kit. Foot still swells. First, second & third fingers of left hand amputation at second joint after being cut by bullet machine over 3 years ago. Cannot carry rifle with that hand. He was refused twice on offering to enlist.

12. (*a*) Give your opinion as to the causation of the disability. Active service

(*b*) If you consider it to have been caused by wounds received or illness contracted (1) in the presence of the enemy (2) on active service, explain the specific conditions to which you attribute it. (*See notes on page 3*). Accidental spraining of left ankle and previous accident to hand.

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

Weight normal. General health good. Heart & lungs normal. Fingers of left hand amputated, with loss of function of little finger. This disability is evident. Some irregularity on outer surface of left ankle as compared with right. He is unable to flex the left foot by volantary effort but no affection of joint.

X Ray:- "No evidence fracture bones of ankle joint".

There is evidently some ankle disability.

14. If the disability is an injury, was it caused

(*a*) In the presence of the enemy? No

(*b*) On active service? Yes

(*c*) On duty? Yes

(*d*) Off duty? No
