ATTESTATION PAPER.

No. 830529

Folio.

CANADIAN OVER-SEAS EXPEDITIONARY FORCE.

QUESTIONS TO BE PUT BEFORE ATTESTATION.

(ANSWERS.)

1. What is your surname?	Graham
1a. What are your Christian names?	Edward Brown
1b. What is your present address?	Marieapolis Man
2. In what Town, Township or Parish, and in what Country were you born?	Edinburgh Scotland
3. What is the name of your next-of kin?	Thomas Graham
4. What is the address of your next-of-kin?	Marieapolis Man Can
4a. What is the relationship of your next-of-kin?	Father
5. What is the date of your birth?	10th Sept 1896
6. What is your Trade or Calling?	Telegraph Operater
7. Are you married?	No
8. Are you willing to be vaccinated or re-vaccinated and inoculated?	Yes
9. Do you now belong to the Active Militia?	No
10. Have you ever served in any Military Force? If so, state particulars of former Service.	No
11. Do you understand the nature and terms of your engagement?	Yes
12. Are you willing to be attested to serve in the Canadian Over-Seas Expeditionary Force?	Yes

DECLARATION TO BE MADE BY MAN ON ATTESTATION.

I, Edward Brown Graham, do solemnly declare that the above are answers made by me to the above questions and that they are true, and that I am willing to fulfil the engagements by me now made, and I hereby engage and agree to serve in the **Canadian Over-Seas Expeditionary Force**, and to be attached to any arm of the service therein, for the term of one year, or during the war now existing between Great Britain and Germany should that war last longer than one year, and for six months after the termination of that war provided His Majesty should so long require my services, or until legally discharged.

E B Graham (Signature of Recruit)

Date Jan 8th 191 .6 C. J. Richardson (Signature of Witness)

OATH TO BE TAKEN BY MAN ON ATTESTATION.

I, Edward Brown Graham, do make Oath, that I will be faithful and bear true Allegiance to His Majesty **King George the Fifth**, His Heirs and Successors, and that I will as in duty bound honestly and faithfully defend His Majesty, His Heirs and Successors, in Person, Crown and Dignity, against all enemies, and will observe and obey all orders of His Majesty, His Heirs and Successors, and of all the Generals and Officers set over me. So help me God.

E B Graham (Signature of Recruit)

Date Jan 8th 191 .6 C. J. Richardson (Signature of Witness)

CERTIFICATE OF MAGISTRATE.

The Recruit above-named was cautioned by me that if he made any false answer to any of the above questions he would be liable to be punished as provided in the Army Act.

The above questions were then read to the Recruit in my presence.

I have taken care that he understands each question, and that his answer to each question has been duly entered as replied to, and the said Recruit has made and signed the declaration and taken the oath

before me, at Winnipeg Man this 8th day of Jan 191 6.

J E Hinchliffe (Signature of Justice)

Description of Edward Brown Graham on Enlistment.

Apparent Age 20 years 5 months.
(To be determined according to the instructions given in the Regulations for Army Medical Services.)

Height 5 ft 10 ins.

Chest measurement: Girth when fully expanded 36 ins.; Range of expansion 4½ ins.

Complexion Dark

Eyes Blue

Hair Black

Religious denominations:
- Church of England
- Presbyterian X
- Methodist
- Baptist or Congregationalist
- Roman Catholic
- Jewish
- Other denominations (Denomination to be stated.)

Distinctive marks, and marks indicating congenital peculiarities or previous disease.

(Should the Medical Officer be of opinion that the recruit has served before, he will, unless the man acknowledges to any previous service, attach a slip to that effect, for the information of the Approving Officer).

CERTIFICATE OF MEDICAL EXAMINATION.

I have examined the above-named Recruit and find that he does not present any of the causes of rejection specified in the Regulations for Army Medical Services.

He can see at the required distance with either eye; his heart and lungs are healthy; he has the free use of his joints and limbs, and he declares that he is not subject to fits of any description.

I consider him* fit for the Canadian Over-Seas Expeditionary Force.

Date Jan 8th 191 .6 W W Mushore

Place Winnipeg Man com Capt Medical Officer.

*Insert here "fit" or "unfit."

NOTE.—Should the Medical Officer consider the Recruit unfit, he will fill in the foregoing Certificate only in the case of those who have been attested, and will briefly state below the cause of unfitness:—

CERTIFICATE OF OFFICER COMMANDING UNIT.

Edward Brown Graham having been finally approved and inspected by me this day, and his Name, Age, Date of Attestation, and every prescribed particular having been recorded, I certify that I am satisfied with the correctness of this Attestation.

Feb. 7th, 1919.

This patient was admitted with a diagnosis of Neurasthenia. On account of the disturbance of his gait this has been changed to Hysteria.
He complained of dizziness which caused him to lose his balance. His gait, when he was first admitted, did not seem to show this. As he walked hewould suddenly lurch to one side, at right angles to the direction in whih he was walking. This also occurred when he was standing still, and then it is seen that he did not lose his balance from vertiginous attacks, but from sudden contractions of the lumbar muscles, almost always of the right side, which bent his body to this side, and upset his balance, later this could be seen to operate as he walked.
He also showed a marked tremor of the right leg, and a slighter one in the trunk and arms, but this latter was probably due to the violence of the tremor of the leg. The right leg was also held in a state of tension, whic was responsible for the tremor. The tension was present during active movements, restricting their range, and also during passive movements, opposing them. In walking the toes usually reached the ground first and the weight of the body was taken on them. This set up a short clonic movement at the ankle of each leg.
He showed a moderate degree of retro and latero - pulsion bo the right in walking.
Neither at that time, nor since has he ever shown any disturbance of the reflexes or any other signs of organic disease of the nervous system, and the signs and symptoms he displayed made a complete symptom complex of an organic condition.
All of these were very much exaggerated on the occasion of his first examination by the emotional disturbance that had been caused by his having been paraded that morning for absence without leave.
Since his admission to the hospital, he has corrected his gait until now it appears practically normal.
He has a slight tremor of the right leg, only noticeable when he performs some extra exertion, as in steping up om a chair.
He has given up the use of a stick in walking, and has not had the tendency to swerve in walking for some weeks.
As shown in his case sheet, he shows no signs of organic disease of the nervous system.
He is not neurotic, in that he does not attach undue importance to the disabilities he has had. He cooperates well in all that is laid down for his treatment. He has been unable to stand the Tonic Baths, but tried them again when first admitted here, in spite of unsuccessful attempts in England. He gave up his stick as soon as advised to, even though he was not xxxx yet quite sure that he could walk safely without it. He has belittled the severity of his disability, and shown an eagerness to get back to his civil occupation.
He was a telegrapher by trade before his enlistment, and feels that he would not be able to perform this work efficiently just at present on account of the nervous strain involved in watching the instrument, and the necessity for maximum speed. I am inclined to think he is right in this and would recommend that he be given a course in Vocational Training School so that he may advance himself.

No. 83529 Rank Pte. Name Graham, E.B. Age 23

Unit 44th Bn. Completed years of service (Where and how long)

Date of admission Date of discharge

Diagnosis Place of origin

CONDITION ON ADMISSION AND PROGRESS OF CASE

February 7th 1919

This patient was admitted with a diagnosis of Neurasthenia. On account of the disturbance of his gait this has been changed to Hysteria.

He complained of dizziness which caused him to lose his bapance. His gait, when he was first admitted, did not seem to show this. As he walked, he would suddenly lurch to one side, at right angles to the direction in which he was walking. This also occurred when he was standing still, and then it is seen that he does not lose his balance from vertiginous attacks, but from sudden contractions of the lumbar muscles, almost always of the right side, which bent his body to this side, and upset his balance. Later this could be seen to operate as he walked.

He also showed a marked tremor of the right leg, and a slighter one in the trunk and arms, but this latter was probably due to the violence of the tremor of the leg. The right leg was also held in a state of tension, which was responsible for the tremor. The tension was present during active movements, restricting their range, and also during passive movements, opposing them.

In walking the toes usually reached the ground first and the weight of the body was taken on them. This set up a short clonic movement at the ankle of each leg.

He showed a moderate degree of retro- and latero-pulsion to the right in walking.

Neither at that time, nor since has he ever shown any disturbance of the reflexes or any other signs of organic disease of the nervous system, and the signs and symptoms he displayed made a complete symptom complex of an organic condition.

All of these were very much exaggerated on the occasion of his first examination by the emotional disturbance that had been caused by his having been paraded that morning for absence without leave.

FAMILY HISTORY (Tuberculosis, mental or nervous diseases.)

Since his admission to the hospital, he has corrected his gait until now it appears practically normal.

He has a slight tremor of the right leg, only noticeable when he performs some extra exertion, as in stepping up on a chair.

He has given up the use of a stick in walking, and has not had the tendency to swerve in walking for some weeks.

As shown in his case sheet, he shows no signs of organic disease of the nervous system.

TREATMENT (Especially any specific or special form.)

He is not neurotic, in that he does not attach undue importance to the disabilitieshe has had. He cooperates well in all that is laid down for his treatment. He has been unable to stand the Tonic Baths, but tried them again when first admitted here, in spite of unsuccessful attempts in England. He gave up his stick as soon as advised to, even though he was not yet quite sure that he could walk safely without it. He has belittled the severity of his disability, and shown an eagerness to get back to his civil occupation.

He was a telegrapher by trade before his enlistment, and feels that he would not be able to perform this work efficiently just at present on account of the nervous strain involved in watching the instrument, and the necessity for maximum speed.

CONDITION ON DISCHARGE (and disposal made of case.)

I am inclined to think he is right in this, and would recommend that he be given a course in the Vocational Training School, so that he may advance himself.

Date of admission 3-12-18 Date of discharge FEB 18 1919

Diagnosis Neurasthenia Hysteria Place of origin France

CONDITION ON ADMISSION AND PROGRESS OF CASE

complaint :- "dizziness always to the right side" shell shock threw him off his balance

Previous illness :- previous to enlistment one
since enlistment "shock concussion"

Present illness :- 1st buried June 1917 - slight shell shock recovered in about 2 months returned to line
2nd blown up in Passchendale Oct 1917
blown up again in Loos Dec 1917
speechless for two months
Has been steadily improving - speech improving - Weakness due to electric treatment for speech.

Walks with aid of stick - swerving at times to right, more in sudden burst than in a continuous direction.

At present markedly tremulous in right leg, & to a much less extent in the hands, when being watched for absence.
Feels quite well & cheerful now, but is aggrieved at punishment.

FAMILY HISTORY (Tuberculosis, mental or nervous diseases.)

TREATMENT (Especially any specific or special form.) The right leg is held in a state of tension, the muscle groups standing out, whether he is walking or standing, & immediately resisting all passive movements.
This is not so noticeable in the other limb.
In walking the toes are placed on the ground first, then gradually the heel & the weight is transferred.

CONDITION ON DISCHARGE, (and disposal made of case.) Gait shows with each step. He shows a moderate degree of retro-pulsion & a marked latero-pulsion to right.

Date P. T. O. Medical Officer i/c case.

M. F. B. 313a.
50M.-11-17.
1772—39-439.

21859

can stand on both or toe alone.

No Romberg. He sways to right with eyes open or shut, but appreciates slight disturbances of equilibrium. The body first bends to the right at the waist line, as by an active contraction of the trunk muscles, & he then finds it lose his balance.

In standing he shows a constant tremor of the right leg, with spasticity of all the muscles except the Glutei which are lax flaccid & perform jelly-like movements.

There is a marked loss of vaso-motor tone in the feet & lower legs causing cyanosis.

Facial muscles held in a state of tension, brow wrinkled, lips taut, tears constantly welling up in eyes.

K.J. & A.J. very easily elicited, provoke violent starts of whole body. They are equal, & should not be considered pathologically increased. No clonus, but tremor increased by examination.

No Babinski:

Dec. 5th Can advise has given up sticks, & walks with much less swaying, more sure.

No signs of organic disease of nervous system,

Respiratory system normal.

Gastro intestinal system normal except for constipation & hyperacidity - Heart apex in middle line.

Sounds clear.

	so has been able to walk alone but is unsteady + shakes. Sleeps irregularly: most of the time he lies awake for a long time after being wakened by any sudden noise + sometimes sleeps so heavily that he is not easily aroused. Has many terrifying dreams of France + several times a week wakens crying. He is much distressed in mind by his condition.
	Examination
	Great tremor. On testing for K.J. the leg goes into violent clonus. All tendon reflexes are present + produce spasm. Pupils round concentric equal active. Heart + lungs normal. No sensory disturbance. WHD
May 22/18	Strong application of wire brush after explanation. Gait improved greatly. He is not so easily startled. Yesterday if one touched him, even when he was expecting it, he jumped and a look of terror came into his face. He had a slow, drawn out, rather smooth stutter + a quiet, low pitched voice. Speech defect became much less. Facial expression was anxious + apprehensive. Now almost natural. WHD.
May 23/18	Short not very brisk application of wire brush. Walks + runs well, forward or backward, with eyes shut. Does double knee bend well. Speech almost normal. Some tremor of legs + head. A light slap on the face when eyes were shut did not make him start. Cooperating splendidly. W. H. Dey Capt.

Mar 23rd 17	at Vimy He says he was not at all panicky under fire but took over just as anyone would. He is quite sure that he was cool & carried on easily. For the first month or so the novelty of the situation kept his attention & after that the ordinary day work. April 9th & 11th went over the top but it did not disturb him. June 3rd two Bns put on an attack he was company runner & got buried by a shell he was picked up by someone & taken back to jumping off trench where he reported to his Company Commander He was trembling badly & the officer wanted him to report to the M.O. but he asked to carry on. He was sent with a message to Bn H.Q. & when he got to the O.C. he could not stand & had to sit down to deliver his message & stayed at H.Q. for several hours lying down & late in the afternoon he went down the line as a stretcher case. His memory for about 2 weeks is hazy. In hosp a month & convalescent over a month Rejoined his Bn in August. From that time he was easily startled & trembled under fire had not his former energy & self confidence. Carried on as a runner & his sleep was much disturbed by duty when in rest he slept well & did not tremble

MEDICAL HISTORY OF AN INVALID

B.P.C. ORIGINAL

INSTRUCTIONS WHICH MUST BE READ BY MEDICAL OFFICERS

1. In using this Form the "Instructions issued for the guidance of Medical Officers serving on Medical Boards" issued by the B.P.C. and instructions issued by Militia H.Q., Ottawa, will be carefully followed.
2. The Medical Officer in charge of the case is responsible for the proper completion of Sections 1 to 17 of this Form and will obtain the signature of the invalid to the "Statement," page 3. The President of the Board of Medical Officers is responsible for the proper completion of sections reserved for recording the "Opinion of the Medical Board."
3. In answering the questions, Medical Officers will carefully obtain and record the invalid's statements concerning his condition. They will distinguish observations made by themselves from hearsay. They will distinctly state the authority for statements not resulting from their personal observation; it must be made clear whether such statements are obtained from the invalid concerned, from witnesses, or from documents, Regimental or otherwise.
4. Special care is required in answering question 9. Read the questions carefully. All questions must be answered.
5. If space provided under any section is insufficient add another sheet. Such sheets must be initialled by the Medical Board.
6. A note will be made of attached papers by the Medical Board under the section "Opinion of Medical Board."
7. Under no circumstances may information other than that in sections 7, 8, 9 and 10 be communicated to the invalid, directly or indirectly.
8. The nomenclature of diseases must be followed, if possible, as described in "List of Diseases" printed in the order in which they appear in the Annual Report on the Health of the Army, published in London (1915), by Messrs. Harrison & Sons.

STATION M.M.H. Tuxedo Park. DATE Feb. 13th, 1919.

1. 1 (a) Unit 90th & 44th Bn. & #10 D.D. (b) Regimental No. 830529 (c) Rank Pte.

M. F. B. 227.

300M.—8-18. 1772-39-117.

SM

8. Present disability— (Here state the exact nature of the disability resulting from the disabling conditions: e.g. (*a*) Weakness—slight, moderate, marked, etc; (*b*) Loss, complete or partial, of an organ or member, or of its functions; (*c*) Necessity for rest of the body, or of some of its parts, for therapeutic reasons; (*d*) Any other restrictions in choice of occupation.)

Hysteria.

(a) Moderate general weakness. (b) Partial loss of function in right leg owing to tremors in lumbar muscles; partial loss of memory and control of emotions. (c) No. (d) Cannot resume occupation as telegrapher owing to strain of watching instrument.

9. Present condition—(*a*) (Before completing this section the invalid should be stripped, and subjected to a thorough physical examination. Important, to be a full description of the present disabling condition, or conditions only. "History" must be recorded in Section 10. Describe all abnormalities, anatomical and functional, contributing to present disability; objective findings to be stated first, then subjective findings.)

A robust, well nourished and well developed young soldier. Weight 146 lbs. Appetite good, sleeps fair, pulse regular and good quality - rate sitting 72 - after ½ minutes exercise 126 - returning to 72 within one minute. He is unable to walk more than 2 miles at his own pace without great fatigue. If excited can not walk that far. Can climb 2 flights of stairs. Right leg is weaker than left. There are marked tremors in this leg exaggerated by exertion, which also brings out tremors in neck and hands. Movements in right leg and thigh are free in every direction. No wasting of any leg or thigh muscles. Has a partial loss of memory for dates and names. Has poor control of emotions. All these symptoms are probably exaggerated by excitement of examination. He is unable to do any work requiring much nervous tension or mental concentration. Neurologist's report attached. Blood pressure R. 120/85.

(*b*) Has the invalid now any affection of the following systems, not described in Section 9 (*a*) above? (Answer Yes or No.—if the answer to any part is Yes, give a brief description of the present condition.)

Nervous System No. Cardio-Vascular System (If pulse rate is abnormal, B. P. will be taken.) No. Genito-Urinary System (Albumen and Sugar will be excluded.) No.

Special Senses No. Respiratory System No. Integumentary System No.

Disturbances of Mentality No. Digestive System No. Muscular System No.

Osseous and Joint Systems No. Any other general condition No.

10. (*a*) History (of the condition referred to in Section 9 (*a*).)

Quite fit on enlistment and remained so till blown up and buried by a shell on June 3rd, 1917. Remained at duty but was nervous, shaky, and could not sleep well. Was "blown up" several times afterward and finally at Passchendale in Nov. 1917, was partially buried and slightly wounded in head. Went to Waggon lines for 2 weeks, then went on leave to Eng. Was picked up "unconscious" on street in Edinborough, Jan. 3rd, 1918. To hospital in England where he remained 10 months complaining of stammering, tremors of entire body, headaches, loss of emotional control and insomnia. Improved considerably and I. to C. Oct. 1918. On arrival went on leave one month during which time he improved markedly. Has improved steadily since then.

10.—(*b*) (Here give a complete history, as obtained from invalid, with dates of origin, of any affection from which the invalid has suffered either prior to or since enlistment, and not included in Section 10 (*a*).)

Had a bruise right side of abdomen in 1912. Was in St. Boniface Hospital 12 days. No disability.

(*c*) (Here give a description of wounds, scar. and deformities.) (2) Linear scar 2" long along the external surface of right thumb. (1) Small scars 1" long on atnerior and posterior surface of left wrist. No disability from either wound.

11.—(*a*) Did the disabling condition have its origin before enlistment? No.

(*b*) If so, has it been aggravated by Service? (If aggravated, give a description, as far as it is possible to do so, of the disabling condition at time of enlistment.)

Not applicable.

12. Was the disability caused, or aggravated; (*a*) by intemperance, or improper conduct; or (*b*) by unreasonable refusal to accept treatment? (a) No. No. (b) No.

The regimental documents will be referred to.

(If the answer is in the affirmative, state in percentages, to what extent the patient is incapacitated by that causation or aggravation. In answering this question, conduct sheets should be considered. If treatment has been refused, the circumstances surrounding the refusal should be described on page 4.)

13. What is the probable duration, in months, of the disability or of each of the disabling conditions, if there is more than one? Min. period of six months.

14. Treatment (Case reports, general or special, should be secured and attached where possible.)

Hospital England 10 months. Hosp. Canada 3½ months.

Tonic Baths, E.C. baths, Massage, electricity and P.T.

15. Is further treatment in hospital, convalescent home, etc., likely to be of material benefit?

(If the answer is "yes" state nature of treatment required and probable duration)

No.

16. Can the former trade or occupation be resumed? No. The constant nervous strain and mental concentration would aggravate his disability.

(If not, briefly state why)

17. Recommendations.

Discharge as medically unfit.

Medical Officer by whom the case is brought forward.

STATEMENT OF THE INVALID

(Sections 7, 8, 9 and 10 are to be read to the invalid and either "satisfied" or "not satisfied" struck out).

I, the undersigned Edward Brown Graham. have heard the description of my disability and present condition read, and am satisfied (or ~~not satisfied~~) with it. (If dissatisfied, statement should follow.)

I complain in addition of Nil.

Pte E B Graham Rank.

Signature of invalid examined.

OPINION OF THE MEDICAL BOARD

18. Does the Board concur with the preceding report? If not, give differing opinions, with reasons, quoting the number of the answer criticised.

Yes.

19. Is the invalid fit for

(*a*) General service,	(Category A)	(Yes or No.)
(*b*) Service abroad, not general service,	(" B)	(Yes or No.)
(*c*) Home service (Canada only),	(" C)	(Yes or No.)
(*d*) Temporarily unfit.	(" D)	(Yes or No.)
(*e*) Unfit for service in Categories A, B and C	(" E)	(Yes or No.)

20. It is certified that the invalid
(*a*) Does require treatment. (Give the nature of the condition and of the treatment required and its probable duration.)

(*b*) Does not require treatment.
(*c*) Should pass under his own control.
(*d*) Should not pass under his own control.
(Strike out condition not applicable).

21. It is recommended that the invalid be discharged. (When not for discharge add special recommendation.)

As medically unfit.

Before signing the President of the Medical Board will read the statement signed by the invalid and differing opinions regarding Sections 7, 8, 9 and 10, as recorded in Section 18, to the invalid and if no change is indicated, will initial the statement. If, as a result of differing opinions regarding Sections 7, 8, 9 and 10 only, recorded in Section 18, the invalid is dissatisfied with the statement previously made, remarks of the Medical Board will be added here.

THIS FORM WILL BE USED FOR ALL RANKS

MEDICAL HISTORY OF AN INVALID

INSTRUCTIONS WHICH MUST BE READ BY MEDICAL OFFICERS

B.P.C.

1. In using this Form the "Instructions issued for the guidance of Medical Officers serving on Medical Boards" issued by the B.P.C. and instructions issued by Militia H.Q., Ottawa, will be carefully followed.
2. The Medical Officer in charge of the case is responsible for the proper completion of Sections 1 to 17 of this Form and will obtain the signature of the invalid to the "Statement," page 3. The President of the Board of Medical Officers is responsible for the proper completion of sections reserved for recording the "Opinion of the Medical Board."
3. In answering the questions, Medical Officers will carefully obtain and record the invalid's statements concerning his condition. They will distinguish observations made by themselves from hearsay. They will distinctly state the authority for statements not resulting from their personal observation; it must be made clear whether such statements are obtained from the invalid concerned, from witnesses, or from documents, Regimental or otherwise.
4. Special care is required in answering question 9. Read the questions carefully. All questions must be answered.
5. If space provided under any section is insufficient add another sheet. Such sheets must be initialled by the Medical Board.
6. A note will be made of attached papers by the Medical Board under the section "Opinion of Medical Board."
7. Under no circumstances may information other than that in sections 7, 8, 9 and 10 be communicated to the invalid, directly or indirectly.
8. The nomenclature of diseases must be followed, if possible, as described in "List of Diseases" printed in the order in which they appear in the Annual Report on the Health of the Army, published in London (1915), by Messrs. Harrison & Sons.

8. Present disability— (Here state the exact nature of the disability resulting from the disabling conditions: e.g. (*a*) Weakness—slight, moderate, marked, etc; (*b*) Loss, complete or partial, of an organ or member, or of its functions; (*c*) Necessity for rest of the body, or of some of its parts, for therapeutic reasons; (*d*) Any other restrictions in choice of occupation.)

Hysteria.

(a) Moderate general weakness. (b) Partial loss of function in right leg owing to tremors in lumbar muscles; partial loss of memory and control of emotions. (c) No. (d) Cannot resume occupation as telegrapher owing to strain of watching instrument.

9. Present condition—(*a*) (Before completing this section the invalid should be stripped, and subjected to a thorough physical examination. Important, to be a full description of the present disabling condition, or conditions only. "History" must be recorded in Section 10. Describe all abnormalities, anatomical and functional, contributing to present disability; objective findings to be stated first, then subjective findings.)

A robust, well nourished and well developed young soldier. Weight 146 lbs. Appetite good, sleeps fair, pulse regular and good quality - rate sitting 72 - after ½ minutes exercise 126 - returning to 72 within one minute. He is unable to walk more than 2 miles at his own pace without great fatigue. If excited can not walk that far. Can climb 2 flights of stairs. Right leg is weaker than left. There are marked tremors in this leg exaggerated by exertion, which also brings out tremors in hock and hands. Movements in right leg and thigh are free in every direction. No wasting of any leg or thigh muscles. Has a partial loss of memory for dates and names. Has poor control of emotions. All these symptoms are probably exaggerated by excitement of examination. He is unable to do any work requiring much nervous tension or mental concentration.

Neurologist's report attached.

(*b*) Has the invalid now any affection of the following systems, not described in Section 9 (*a*) above?
(Answer Yes or No.—if the answer to any part is Yes, give a brief description of the present condition.)

Nervous System No. Cardio-Vascular System No. (If pulse rate is abnormal, B. P. will be taken.) Genito-Urinary System No. (Albumen and Sugar will be excluded.)

Special Senses No. Respiratory System No. Integumentary System No.

Disturbances of Mentality No. Digestive System No. Muscular System No.

Osseous and Joint Systems No. Any other general condition No.

10. (*a*) History (of the condition referred to in Section 9 (*a*).)

Quite fit on enlistment and remained so till blown up and buried by a shell on June 3rd, 1917. Remained at duty but was nervous, shaky, and could not sleep well. Was "blown up" several times afterward and finally at Passchendale in Nov. 1917, was partially buried and slightly wounded in head. Went to Waggon lines for 2 weeks, then went on leave to Eng. Was picked up "unconscious" on street in Edinborough, Jan. 3rd, 1918. To hospital in England where he remained 10 months complaining of stammering, tremors of entire body, headaches, loss of emotional control and insomnia. Improved considerably and I. to C. Oct. 1918. On arrival went on leave one month during which time he improved markedly. Has improved steadily since then.

10.—(*b*) (Here give a complete history, as obtained from invalid, with dates of origin, of any affection from which the invalid has suffered either prior to or since enlistment, and not included in Section 10 (*a*).)

Had a bruise right side of abdomen in 1912. Was in St. Boniface Hospital 12 days. No disability.

(*c*) (Here give a description of wounds, scars and deformities.) (2) Linear scar 2" long along the external surface of right thumb. (1) Small scars 1" long on anterior and posterior surface of left wrist. No disability from either wound.

11.—(*a*) Did the disabling condition have its origin before enlistment? No.

(*b*) If so, has it been aggravated by Service? (If aggravated, give a description, as far as it is possible to do so, of the disabling condition at time of enlistment.)

Not applicable.

12. Was the disability caused, or aggravated; (*a*) by intemperance, or improper conduct; or (*b*) by unreasonable refusal to accept treatment? (a) No. No. (b) No.

The regimental documents will be referred to.

(If the answer is in the affirmative, state in percentages, to what extent the patient is incapacitated by that causation or aggravation. In answering this question, conduct sheets should be considered. If treatment has been refused, the circumstances surrounding the refusal should be described on page 4.)

13. What is the probable duration, in months, of the disability or of each of the disabling conditions, if there is more than one? Min. period of six months.

14. Treatment (Case reports, general or special, should be secured and attached where possible.)

Hospital England 10 months. Hosp. Canada 3½ months. Tonic Baths, E.C. baths, Massage, electricity and P.T.

15. Is further treatment in hospital, convalescent home, etc., likely to be of material benefit?

(If the answer is "yes" state nature of treatment required and probable duration)

No.

16. Can the former trade or occupation be resumed?

(If not, briefly state why) No. The constant nervous strain and maximum mental concentration would aggravate his disability.

17. Recommendations.

Discharge as medically unfit.

S D Feg Capt Asme

Medical Officer by whom the case is brought forward.

STATEMENT OF THE INVALID

(Sections 7, 8, 9 and 10 are to be read to the invalid and either "satisfied" or "not satisfied" struck out).

I, the undersigned Edward Brown Graham have heard the description of my disability and present condition read, and am satisfied ~~(or not satisfied)~~ with it. (If dissatisfied, statement should follow.)

I complain in addition of Nil.

E B Graham Rank.

Signature of invalid examined.

OPINION OF THE MEDICAL BOARD

18. Does the Board concur with the preceding report? If not, give differing opinions, with reasons, quoting the number of the answer criticised.

Yes.

19. Is the invalid fit for

(*a*) General service,	(Category A)	(~~Yes~~ or No.)
(*b*) Service abroad, not general service,	(" B)	(~~Yes~~ or No.)
(*c*) Home service (Canada only),	(" C)	(~~Yes~~ or No.)
(*d*) Temporarily unfit.	(" D)	(~~Yes~~ or No.)
(*e*) Unfit for service in Categories A, B and C	(" E)	(Yes or ~~No~~.)

20. It is certified that the invalid

(*a*) ~~Does require treatment.~~ (Give the nature of the condition and of the treatment required and its probable duration.)

(*b*) Does not require treatment.
(*c*) Should pass under his own control.
(*d*) ~~Should not pass under his own control.~~
(Strike out condition not applicable.)

21. It is recommended that the invalid be discharged. (When not for discharge add special recommendation.)

As medically unfit.

Before signing the President of the Medical Board will read the statement signed by the invalid and differing opinions regarding Sections 7, 8, 9 and 10, as recorded in Section 18, to the invalid and if no change is indicated, will initial the statement. If, as a result of differing opinions regarding Sections 7, 8, 9 and 10 only, recorded in Section 18, the invalid is dissatisfied with the statement previously made, remarks of the Medical Board will be added here.

situation kept his attention and after that it was the ordinary days work. April 9th & 11th he went over the top & says it was no joke but it did not disturb him. June 3rd 4th about 3.30 a.m. At midnight June 3rd two battalions put on an attack but found they were attacking 4 batts & not two as they expected. He was company runner & about 3.30 a.m. while going back with a message for reinforcements a shell burst close to him & he was buried. Someone got him out & left him there & he was picked up by bearers about 6 a.m & took him back to the jump-off trench where he reported to his company commander. He was trembling badly & the officer wanted him to report to the MO but he was the only runner left & asked to carry on. He was sent with a message to Bde HQ. & when he got to the O.C. he could not stand & had to sit down to deliver his message. He stayed at HQ. for several hours lying down & late in the afternoon went down the line as a stretcher case. His memory for about two weeks after this is hazy & patchy. Was in hospital about a month, convalescent camp over a month. Rejoined batt^n in August. From that time on he was easily startled, trembled under fire & had not his former energy or self-confidence. Carried on as a runner & his sleep was much disturbed by duty. When in rest he slept well & did not tremble. During the

Disease Shell-Shock

Born in Edinburgh - went to Canada when he was three years of age. To school until 14 having passed Entrance Exams. Says got along fairly well at school altho' they always told him he was dull. - When he was about 15 was in an automobile accident: when the motor he was in ran off the bridge capsized and pinned the occupants underneath: Says his back was injured but wasn't laid up with it: - About six months later was sent to hospital as a stretcher case where he remained a couple of weeks. Rate carrying on for a month or so as an outdoor patient - does not remember any of the symptoms except pain in lumbar region and right hip. Does not know what the condition was.

At 16 started to work with C.P.R. first as a messenger - later as night operator at Keewatin. Man: Says he found the work alright - the hours were long and sleep disturbed during the day. On a couple of occasions had close shaves with account of carelessness in regard to train orders but didn't feel that the responsibility was upsetting him:

He tried to sign up Aug 1914 - but was rejected on account of a knee condition then present: Tried again in 1915 (Aug) but the company would not release him - Finally got signed up in Dec 1915. Says he enlisted to do his bit: he saw lots of fellows going whom he knew and there was no reason why he should not go and wanted to show others that he cared to do
