Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. April 23rd /15.

10. Place of origin of disability. Ypres

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

(*b*) If you consider it to have been caused by active service, climate, or ordinary military service, explain the specific conditions to which you attribute it (*See notes on page* 3). Active Service.

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

He complains of a sharp pain when he moves, the pain being chiefly in the wound of exit. He complains of a dull pain in the right part of the abdomen, which has been present since he was buried. There is some tenderness in the Right Iliac Region.

Station SHORNCLIFFE.

Date 28-7-15

Wallace A. Scott LIEUT-COLONEL, C.A.M.C. OFFICER I/C HOSPITAL, SHORNCLIFFE.

Officer in charge of Hospital.

*Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (*a*) active service, (*b*) climate, or (*c*) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (*a*) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

I Yes.
II No
III No.

(*b*) If due to one of these causes, to what specific conditions do the Board attribute it?

Shrapnel.

21. Has the disability been aggravated by

(*a*) Intemperance? No

(*b*) Misconduct? No

22. Is the disability permanent? No

23. If not permanent, what is its probable minimum duration?

One month.

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

½

In defining the extent of his inability to earn a livelihood, estimate it at ¼, ½, ¾, or total incapacity.

24A. Is the man suffering from a disability which would *obviously*, as far as you can judge, cause him to be rejected by an Approved Society under the National Health Insurance Act?

Not applicable

25. If an operation was advised and declined, was the refusal unreasonable?

Not applicable

26. Do the Board recommend

(*a*) Discharge as permanently unfit, No

or

(*b*) Change to England? Yes. One month without duty + dental treatment

I concur in the findings of the Board of Medical Officers here recorded.
