Report from Westcliffe	"This man has been under treatment here for G.S.W. left eye. There has been some slight damage done to this eye by shell concussion but as the eye is highly hypermetropic and was undoubtedly amblyopic before the injury I do not consider he has suffered any disability from the wound to his eye. R.V. 6/6 L/V. Counts fingers at 1 metre, with glasses 6/60. Glasses have not been ordered. He is fit for Category A as for eyesight. He is transferred to Gym for treatment of left hand & feet." Capt W.W. Wright."

1/5/17	Gym Report - No improvements noted but all movements of ankles and feet good.
7 MAY 1917	He states that he was not "wounded" in the left eye but his eye was hurt after the explosion. Maj. Turner saw this case with me and he thinks that his feet and hand disabilities are exaggerated and that he is fit for a category after 10/ - an opinion in which I unqualifiedly agree. He was only 3 months in France and during that time was only in the trenches 5 times and stayed 1 to 5 days each time. G Thwaites Capt. G Thwaites Capt
