MEDICAL EXAMINATION. PLACE Valcartier, P.Q. DATE Sept. 3rd. 1914

Present address: Not stated.

in moving the Orderly Room of the H.Q. C.C.S.C.F. to Foard 6

Travelling at the specific lorry speed, we were just rounding the corner of the Hallicourt Boplin road, into the Rentz road, in direction of Rentz, and had I observed slowed down to safe speed to enable the turning of this sharp and dangerous corner.

We were startled by a sudden application of brakes, which caused a head stoppage of the car, at the same time, also by a crash of no great coherence, into the lorry.

On dismounting to ascertain the cause of the stoppage, I found that a Motor-Cyclist, the name of whom we did not know, but who belonged to the First Canadian Divisional Signals, had in some way collided with us, and had been thrown onto the road, where we found him suffering from unknown injuries of the head, and in an unconscious condition

Sir.

I hereby beg to submit for your information a report of the accident hereto fore reported by Pte H. M. Mathews, which occurred at approximately 4.00 P.M. on the above date, at the cross roads of the Hallie-ourt-Barlin, Houchin - Ruitz roads. known as K.19. B.S.E.

Being seated as load out man, at the tailboard of the lorry (Daimler 269181) at the time, in conversation with Lance Corporal MacDonald and Pte Richardson, of this Column, who were returning from duties in Hersin. I cannot speak as an eye-witness of the accident, but only of the facts and occurrences which I saw.

We were proceeding in convoy of three lorries, of which we were the last. from Hersin, where we had been engaged during the afternoon.

me immediately offered all possible first-aid towards him. Luckily an ambulance was following and immediately stopt and took him in charge transporting him to the Hospital.

Among eye-witnesses was the town Mayor, who was at the time sitting on the front seat of my car. He immediately offered all assistance and took all particulars and undertook to forward all necessary information to the proper authorities.

He then took the motor cycle back to Berlin to their H.Q.

I might add, that while Sgt Mathews has been with me, he has shown excellent service and familiarity with Cars. Having musical control of them. He is not to my observance given to recklessness & carelessness, rather being a most careful and judicious driver. I would therefore say

beg to state, that I believe that the Gunners did all that was in their power to avert the accident.

Doubtless Sir. you will have eye-witness reports to consider, on the matter.

I therefore beg to be, Sir

Yours Respectfully.

motorcycle passed the car and seeing I was half around the corner was evedently undecided what to do for he swerved several time & struck us when we were a little more than half way around corner. I stopped before the car was clear of road & the pulled up to clear the road. After the man was sent to the hospital we put his motorcycle in our truck & went back to Baltic to the Signal Office & left it there. We then returned to the park & dumped our load.

I remain yours respectfully.

We were travelling from Berlin and in order to make the turn to the left it was necessary to pass over the left side of the road I saw a light car coming towards me some distance away and knew I had plenty of time to make the corner without causing it to slow down. I put out my hand as a signal and had commenced to make the turn when a

The Court having assembled pursuant to order, proceed to examine the first witness.

1st witness Lieut H.G. MORROW 4th Can Inf Bn

states:—

At 4.00pm 21st Sept I was sitting beside 512336 Pte H.M. Mathews on truck No. 26918 near K19b5.1 (Sheet 36b). A motor cyclist was coming from the opposite direction in a cloud of dust. The driver of the truck signalled he was going to turn to the left. The cyclist appeared to lose control of his machine as he crossed the road to his left, and then turned back crashing into the side of the truck

I bandaged up the cyclist and put him in an ambulance going to #6 C.C.S. Barlin.

By the Court.

There was a truck a lorry length ahead of truck No 26918 which was already turning into the side road. There were 2 trucks behind 26918.

The motor cyclist came from behind a horse ambulance and was not more than fifty yards away when I first saw him.

There was considerable automobile traffic and a lot of dust.

2nd witness No 512336 Pte H.M. Mathews

I was driving lorry No 26918 on Sept 21st 1917. About 4pm I was travelling from BARLIN to FOSS 6 via RUITZ. At the cross roads K19b5.1 it is necessary to turn to the left. I made a signal and had commenced to turn to the left when I saw a motor cyclist come from behind a light car proceeding in the direction of BARLIN. The motor cyclist went over to his left hand side of the road as though intending to pass behind me, which I think he could have done. He then swung over to his right and again to his left, striking the lorry, the front wheels of which were across the RUITZ road.

By the court

There was a lot of dust. The motor cyclist was about 50 yds from the lorry when he passed the light car. at this time I was making the turn to the left.

There was a lorry going to ROITZ ahead of me. This lorry was well down the ROITZ road before I commenced to turn. I cannot say how far ahead.

I cannot say whether I asked LT MORROW to hold out his left hand as a signal that I was turning to the left.
I was travelling about 7 M.P.H.
I did not sound my horn.
The cyclist appeared to have lost control of his machine.

I was riding at the back of the lorry and cannot say how the accident occured. The speed of the lorry was about 5 M.P.H. The roads were very dusty. J.W. McDonald H.M. no 29000.

No 510770 Dr. Laidman E.H.R.
Can. Corps. Supply. Col.

I know nothing, except that the lorry was suddenly stopped at the cross roads K19 b 5.1. I jumped down and found that a motorcyclist of the 1st Can. Div. Sig. Co had run into the lorry. He appeared to be badly injured & was placed on a horse ambulance which was passing at the time. The roads were very dusty.

Second Witness 512336 Pte H.M. Mathews recalled states

The Motor cyclist did not swerve more than three feet to the right or left.

H.M. Mathews Pte 512336.

The opinion of the court is that the collision between #25637 Cpl. H.E. Shiel and lorry No 29618 was an accident due to the dust preventing #25637 Cpl H.E. Shiel from seeing that the lorry was moving across the road. The court is of the opinion that no blame attached to any one.

INSTRUCTIONS.

1. These forms are to be completed in all cases of accidental or self-inflicted injuries, involving a soldier's absence from duty, whether due to the man's own act, or that of a comrade, or to other extraneous circumstances.

2. Where several casualties occur as the result of one accident, one form is to be completed for each Officer or other rank injured, but only one set of statements from the witnesses of the accident need be attached.

3. Full statements are to be taken by an Officer from the witnesses of the accident. These statements will be signed by the witnesses making them, and by the Officer who takes them, and will be forwarded with this Form. Where it is intended to take disciplinary action, copies of these statements should be retained by the Unit for use in lieu of a summary of evidence.

4. Where it is possible to obtain it, a statement from the injured man will also be forwarded. This, however, should not be used as evidence against him in any subsequent disciplinary proceedings.

Special Instructions as to Evidence in Cases of Self-Inflicted Wounds.

5. In these cases the statements mentioned in paragraphs 2 and 3 above should bring out all material points, *e.g.*, statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

6. A soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive this charge should not be used. The charge will therefore usually be laid under Sec. 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under Section 18 for wilful maiming.
