Chronic Gastritis.

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. About August 1914.

10. Place of origin of disability. Cobourg. Ont. Canada.

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

Since then he has been unable to do much work without the pain returning. He also suffers at times from Malaria Fever and was in Moore Barracks Hosp'l for sixteen days suffering from the same.

12. (*a*) Give your opinion as to the causation of the disability.

Not caused by active service, climate, or ordinary Military Service.

13. What is his present condition?

I have satisfied myself of the general accuracy of this report, and concur therewith, *except*†

Station _____

_____

Officer in charge of Hospital.

* Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii) The rates of pension vary directly according to whether the disability is attributed to (*a*) active service, (*b*) climate, or (*c*) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (*a*) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii) ordinary military service.

(*b*) If due to one of these causes, to what specific conditions do the Board attribute it?

1. No
2. No
3. Yes aggravated by Exposure

21. Has the disability been aggravated by

(*a*) Intemperance? No.

(*b*) Misconduct? No

22. Is the disability permanent? Yes

23. If not permanent, what is its probable minimum duration?

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

In defining the extent of his inability to earn a livelihood, estimate it at ¼, ½, ¾, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

26. Do the Board recommend

(*a*) Discharge as permanently unfit, No

or

(*b*) ~~Change to England~~ Home service? Yes

I concur, but recommend that this patient be invalided to Canada, with his discharge documents for subsequent disposal by the Militia Authorities.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 1162 and 1165, Pay Warrant, 1913).
