Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 641 to 648 of the Canadian Pay and Allowance Regulations).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (*a*) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service.

(*b*) If due to one of these causes, to what specific condition do the Board attribute it ?

21. Has the disability been caused or aggravated by

(*a*) Intemperance ?

(*b*) Misconduct ?

22. Is the disability permanent ?

23. If not permanent, what is its probable minimum duration ?

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present ?

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, *or total incapacity.*

25. If an operation was advised and declined, was the refusal unreasonable ?

26. Do the Board recommend

(*a*) Fit for duty ?

(*b*) Fit for base duty ?

(*c*) Invalided to Canada ?

(*d*) Discharge as permanently unfit
