PREFACE

This schedule contains an alphabetical list of Indian Reserves and Settlements in Canada, excepting those located In the Province of British Columbia.

The Indian Settlements listed in the "RESERVE" column are marked "I.S." These lands are not Indian Reserves within the meaning of the Indian Act. The occupation of these settlements is not restricted to a particular Band.

The "LOCATION" column gives an approximate geographical location of the respective reserves and settlements. The "N.T.S." abbreviation indicates the "National Topographic System" of the topographic maps covering the reserves and adjacent lands. These maps can be obtained by writing to the: Map Distribution Office, Department of Mines and Technical Surveys, Ottawa, Ontario, and the requests should be identified by the N.T.S. designations.

It is hoped that a revised schedule may be published every five years or sooner, depending on the changes and needs. The changes (additions, deletions, amalgamations, creation of new reserves, etc.) will not be reported to the holders of the schedule. Any questions respecting the Indian Reserve lands should be directed to the: Indian Affairs Branch, Department of Citizenship and Immigration, Ottawa, Ontario.
