## INDIAN AFFAIRS DEPARTMENT: CORRESPONDENCE

Overpayment of Salary to Agent R. G. Garland

AUDIT OFFICE, OTTAWA, March 31, 1922.
SIR, - I beg to enclose herewith copy of a letter addressed by me to the Civil Service Commission, with reference to the salary of Mr. Ross G. Garland, Indian Agent at Cape Croker, and the reply of the Secretary of the Commission thereto. From the correspondence, it would appear that Mr. Garland has been overpaid salary for the fiscal year 1921 22, your Department having paid him at the rate of $\$ 1,080$ for the year when, under the regulations, he was entitled only to $\$ 960$.

I understand that Mr. Garland is no longer in the employ of your Department, so that it will be difficult, if not impossible, to recover the amount overpaid. I should like to know, however, how you justify the increase of $\$ 180$ in this case, when the annual increase in that class was only $\$ 120$.

I am, Sir, your obedient servant, E.D. SUTHERLAND, A.G.

The Deputy Superintendent General of Indian Affairs.

OTTAWA, March 8, 1922.
SIR, - Mr. Ross G. Garland was appointed Indian Agent at the Cape Croker Agency from July 30, 1919, at an initial salary of $\$ 900$ a year with free house and office, the authority for his appointment being a certificate issued by the Civil Service Commission dated October 6, 1919. The Agent at Cape Croker is classed as Indian Agent, Grade 3, the minimum salary being $\$ 720$ with increments of $\$ 120$ until $\$ 1,260$ is reached. Mr. Garland remained at this salary of $\$ 900$ until April 1, 1921, when he was increased to $\$ 1,080$, the authority for this increase being a certificate issued by the Civil Service Commission increasing his salary from $\$ 960$ to $\$ 1,080$. Mr. Garland's actual salary at that time was, however, only $\$ 900$, so that I am of the opinion that the increase should have been from $\$ 900$ to $\$ 960$, the next higher rate for the class.

I might point out that, according to my interpretation of the regulations, if Mr. Garland had received an increase when he was first eligible for the same his rates of pay would have been as follows: -

| July 30 1919, to September 30,1920, at | $\$ 900.00$ |
| :--- | :--- |
| October 1, 1920, to September 30, 1921, at | 96000 |
| October 1, 1921, to September 30, 1922, at | 1,08000 |

I should like to be advised as to how you justify the increase from $\$ 960$ to $\$ 1,080$, when he was actually in receipt of a salary of $\$ 900$ only.

I am, sir, your obedient servant, E.D. SUTHERLAND, A.G.

The Secretary, Civil Service Commission, Ottawa.

SIR - I have your letter of the 8th instant with reference to the salary paid Mr. Ross G. Garland as Indian Agent at Cape Croker Agency, Department of Indian Affairs. Mr. Garland was appointed by the Civil Service Commission at an initial

1-14 1/2 I
salary of $\$ 900$ a year, this being in accordance with the advertisement; but it would appear from a letter from the department dated 27th January, 1920, that they adjusted his salary without authorization from $\$ 900$ to $\$ 960$ to conform to the classification figures. When his salary increase was recommended from $\$ 960$ to $\$ 1,080$ on the 1st of April, 1921, the fact that this adjustment had been made by the department and that the salary should actually be at the rate of $\$ 900$ per annum was overlooked and the increase, was approved by the Commission as recommended.

I am inclined to agree with your interpretation of the regulations as to the rates of pay which Mr. Garland should have received. In explanation of the increase being dated from the 1st of April, 1921. I may say that this point was taken up with the department and the Commission was advised that while the increase was due in October, 1920, the department did not care to recommend it at that time as the first period of Mr. Garland's service was unsatisfactory and his rejection was contemplated by the department.

## I am, sir, your obedient servant, W. FORAN, Secretary.

The Auditor General.

## DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, April 4, 1922.

SIR - In reply to your letter of the 31st ultimo, respecting Mr. Garland's increase in salary, I beg to say that at the time the recommendation was made to the Civil Service Commission, Mr. Garland's salary was $\$ 900$, the same as be received when first appointed. It was desired to give him an increase of at least $\$ 10$ a month and therefore it was proposed paying him at the rate of $\$ 1,080$ if the Civil Service Commission would approve of it; as if placed at $\$ 960$ he would only get an increase of $\$ 60$. The Civil Service Commission approved of increasing his salary to $\$ 1,080$ and he was therefore paid accordingly. His services have been dispensed with. If it was not proper to increase his salary to $\$ 1,080$, it was expected the Civil Service Commission would point that out.

Yours obediently,
J.D. MCLEAN, Act. Deputy Supt. Gen.

## The Auditor General

AUDIT OFFICE, OTTAWA, April 6, 1922.
SIR; - I beg to acknowledge receipt of your letter of the 4th instant, in reply to mine of the 31st ultimo, respecting the increase in salary of Mr. R.G. Garland, Indian Agent at the Cape Croker Agency.

The certificate issued by the Commissioner was for an increase from $\$ 960$ to $\$ 1,080$, they being evidently under a misapprehension as to Mr. Garland's previous salary. I am of the opinion that this certificate did not warrant your Department in increasing his salary from $\$ 900$ to $\$ 1,080$, an increase of $\$ 60$ greater than the annual increase allowed under the reclassification rates, which it was beyond the power of the Commission to grant. If the Commission had been communicated with immediately on the receipt of the certificate in question, the error might have been rectified and the overpayment avoided.

I am, sir, your obedient servant, E.D. SUTHERLAND, A.G.

Act. Deputy Superintendent General of Indian Affairs.

## Irregularities at Seven Islands Indian Agency

AUDIT OFFICE, OTTAWA, September 26, 1922.
SIR, - The accounts for the expenditure at the Seven Islands agency during the fiscal year 1921-22 on account of Relief, which were loaned to your Department some time ago, have been recently returned with the following memoranda initialled by your accountant attached thereto: -

Wenceslas Levesque. "The attached accounts amount to the total of $\$ 6,510.67$ which the Department paid. The statement which Constable Cox obtained from Wenceslas Levesque as representing what he furnished the Indians and referred to as Exhibit No. 1, amounts to $\$ 1,869.04$. It appears therefore that the Department paid for supplies which were not furnished, amounting to \$4,641.63."
P.H. Abraham. "The attached accounts amount to the total of $\$ 4,329.59$ which the Department paid. The statement which Constable Cox obtained from P.H. Abraham as representing what he furnished the Indians and referred to as Exhibit No. 2 amounts to $\$ 1,791.21$. It appears therefore, that the Department paid for supplies which were not furnished amounting to $\$ 2,538.38$."
S.A. Vigneault. "The attached accounts amount to the total of $\$ 1,774.40$ which the Department paid. The statement which Constable Cox obtained from S.A. Vigneault as representing what he furnished the Indians and referred to as Exhibit No. 3, amounts to $\$ 1,194.05$. It appears therefore, that the Department paid for supplies which were not furnished amounting to \$580.35."
P.J. Romeril. "The attached accounts amount to $\$ 1,386.10$ which the Department paid. The statement which Constable Cox obtained from P.J. Romeril shown as Exhibit No. 4 is O.K."
P.E. Gallienne. "The attached accounts amounting in the total to $\$ 7,308.99$ are those which the Department paid. The accounts which Constable Cox obtained from P.E. Gallienne as representing what he furnished the Indians and referred to as Exhibit No. 5 amount to $\$ 6,628.04$. It appears therefore, that the Department has paid for supplies which were not furnished amounting to the total of $\$ 680.95$. I would point out, however, that an account for December, 1921, amounting to $\$ 687.60$, which the Department paid, is not included in the accounts under Exhibit No. 5."

Arthur Bois. "The attached accounts amounting in the total to $\$ 1,371.25$, are those which the Department paid. In Constable Cox's report he states that be interviewed Arthur Bois, who said that he supplied wood during the winter season, 1921-22, to four families, four cords each a month at \$4 a cord, \$64 per month."
M.E. Plourde. "The attached accounts for milk and eggs total to $\$ 869.90$ which the Department paid. Constable Cox's report shows that Mr. Rousseau (Hudson's Bay Agent), states positively that the Indians never received milk and eggs except at Christmas. M.E. Plourde is the agent's housekeeper."

It seems to me that a copy of the report on which these memoranda is based should be sent to me, as in the absence of further information it would seem that your agent was a party to apparent frauds. I shall be glad to be informed as to
the system followed in furnishing the Indians with relief supplies. Are orders on the merchants issued by the agent, and, if so, are such orders attached to the accounts rendered monthly by the merchants? Were the investigations referred to confined to the accounts of 1921-22? I shall be obliged if you will let me know what action your Department has taken or proposes to take with the view of obtaining refunds of any overpayments which may have been made.

I am, sir, your obedient servant, W.M. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA November 14, 1922.
SIR - In reply to your letter of the 26th September, respecting accounts for relief supplies issued at Seven Islands, I have to say that consequent upon Constable Cox's report, Mr. C.C. Parker, Inspector of Indian Agencies, recently held an investigation at Seven Islands and reports that while he failed to find any evidence of collusion between the Indian Agent and the traders of corrupt practices, there was evidence of mismanagment and in consequence the question of dispensing with the agent's services is now under consideration.

Your obedient servant, DUNCAN C. SCOTT, Deputy Supt. General.

The Auditor General.

## Relief Expenditure for Indians of Ontario and Quebec Charged to General Vote

AUDIT OFFICE, OTTAWA, February 9, 1922.
SIR - I have your application of the 31st ultimo, requesting that a transfer entry be made, debiting your General Vote and crediting your Ontario and Quebec Vote with the amount of $\$ 20000$ on account of relief paid for Seven Islands Agency.

Before authorizing the transfer I should like to have a statement setting out the circumstances that call for the transfer. As a general rule, transfers of expenditure from one vote to another should only be made when the first vote has been erroneously charged with the expenditure. A transfer of expenditure from one vote to another simply to avoid an overdraft should only be permitted under very special circumstances, if at all. In your General Vote, I find a sub-vote of $\$ 65,000$ for Relief of Indians in Remote Districts. No doubt it is against the Sub-vote that you wish the amount in question to be charged. The wording of the sub-vote is so indefinite, that it may be reasonably charged with relief to Indians in almost any part of Canada. In addition to the sub-vote, amounts for relief are voted under the heads of Maritime Provinces, Ontario and Quebec, Manitoba, and North West Provinces, and British Columbia.

I am of the opinion that, for the information of Parliament the whole expenditure for relief in a given group of Provinces should be charged against the same vote. I find that in the past by far the greater part of the expenditure from the General Vote on account of relief has been on account of Indians in the outlying parts of

Ontario and Quebec. I would accordingly suggest that in preparing your estimates for the approaching session the Vote for Relief under the head of General be reduced to such sum as might reasonably be expected sufficient to provide for relief to Indians in the North West Territories, while the Vote for Relief in the different groups of provinces be correspondingly increased, the bulk increase being in the Ontario and Quebec Vote, for the reason given above.

I am, Sir, your obedient servant,
E.D. SUTHERLAND, A.G. The Deputy Superintendent General of Indian Affairs. DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, February 13, 1922.

SIR, - In reply to your letter of the 9th instant, respecting transfer entry from General Vote to Ontario-Quebec Vote; I have to say that this was necessary owing to relief accounts having been erroneously charged to Seven Islands Agency instead of to General Vote, as has been the custom in the past. The estimates for next fiscal year have already been prepared and sent to the Finance Department, so that it is too late to act on your suggestion that expenditure for Relief in Ontario and Quebec be provided for in the estimates for those provinces, but when the next estimates are being prepared, it will be acted upon.

I may say that the Relief appropriation this year of $\$ 65,000$ is far short of requirements, and a supplementary vote of at least $\$ 35,000$ will be required.

I am, sir, your obedient servant, DUNCAN C. SCOTT, Deputy Supt. General.

The Auditor General.

## Payment of Bonus to Employees Paid at Prevailing Rates

AUDIT OFFICE, November 13, 1922.
SIR. - On June 14, 1921, a certificate was issued by the Civil Service Commission for the permanent appointment of Martin J. Kennedy as farm hand at the File Hills Indian Agency, from June 9, 1921, at prevailing rates. Mr. Kennedy had been previously employed in the same position in a temporary capacity. I find from your accounts for the fiscal year 1921-22 that this man was paid full bonus amounting to $\$ 261$. Kindly let me know your authority for paying the bonus in this case, as it appears to me that under section 9 of the bonus regulations for that year he was not eligible to participate in the bonus.

I am, Sir, your obedient servant
WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs, Ottawa.

SIR, - In reply to your letter of the 13th instant, relative to bonus paid to Martin J. Kennedy, farm hand, File Hills Agency, in 1921-22, I beg to say that Mr. Kennedy's name was included in June quarter, 1921, Bonus Pay-list, which was submitted to the Civil Service Commission on the 18th June, 1921, for approval and the same obtained before bonus was paid him. It was unnecessary to submit his name again to the Commission when he was made permanent as there was no change which affected his bonus group.

Your obedient servant, J.D. MCLEAN, for Deputy Supt. Gen.

The Auditor General, Ottawa.

AUDIT OFFICE OTTAWA, November 20, 1922.
SIR, - Martin J. Kennedy, employed as farm hand at the File Hills Indian Agency, was paid bonus amounting to \$261 for the fiscal year 1921-22. On inquiry of the Indian Department as to their authority for paying the bonus in this case I was informed that Mr. Kennedy's name was included in the June quarter, 1921, Bonus pay-list, which was submitted to the Civil Service Commission on the 18th June, 1921, for approval and that the Commission's approval was obtained before the bonus was paid him.

The classification schedule gives the remuneration for the position of farm hand as "Prevailing Rates," no minimum or maximum being stated. Section 9 of the Bonus regulations provides that "Employees whose positions are classified in classes for which prevailing rates are prescribed shall not participate in the bonus." As Mr. Kennedy was classified by the Commission as a Farm Hand I have to ask why, in view of the above facts, the payment of bonus to him was approved by the Civil Service Commission?

I am, sir, your obedient servant, WM. KEARNS, Asst. A.G.
W. FORAN, Civil Service Commission, Ottawa.

## Temporary Reappointment of Official Dismissed on Account of Unsatisfactory Service

AUDIT OFFICE, OTTAWA, July 8, 1922.
SIR - On September 3rd last, an Order in Council, based on the recommendation of the Treasury Board, was passed dispensing with the services of Mr. T.H. Carter, Indian Agent for the Fisher River Agency, on account of his unsatisfactory services.

This Order in Council appears not to have been acted upon by your Department, as I find from the examination of the accounts for the fiscal year 1921-22 that he was continued in office all through the year, and I understand from your Accountant's branch, that his services have been continued in the current fiscal year. Kindly let me have an explanation of the retention of this man's services after he had been formally dismissed by the Governor in Council.

The Deputy Superintendent General of Indian Affairs.

DEAR SIR, - I beg to acknowledge the receipt of your letter of July 8, last, with reference to the case of Mr. T.H. Carter, formerly Indian Agent for the Fisher River Agency, Manitoba.

In reply, I beg to say that, owing to the comparative remoteness of Mr. Carter's location, it was thought advisable to retain him in office after the passage of the Order in Council of September 3, 1921, until the position could be advertised and permanently filled through the Civil Service Commission. Mr. Murdock McCuish was appointed as Agent at Fisher River, and assumed the duties of the position on June 24, 1922.

Yours truly,
DUNCAN C. SCOTT, Depy. Sup. Gen.

The Asst. Auditor General.

AUDIT OFFICE, OTTAWA, October 7, 1922.
SIR, - I beg to acknowledge receipt of your letter of September 5th, last, in reply to mine of July 8, with reference to the retention in office of Mr. T.H. Carter, as Indian Agent at the Fisher River Agency, whose services were dispensed with on account of unsatisfactory service by Order in Council of September 3, 1921.

In your reply you state that "owing to the comparative remoteness of Mr. Carter's location, it was thought advisable to retain him in office until the position could be advertised and permanently filled through the Civil Service Commission."

In reply, I beg to state that I am of opinion that no date being specified in the Order in Council of September 3, Mr. Carter ceased on that date to be legally employed as Indian Agent, and any moneys paid to him after that date by way of salary were paid without proper authority and will require to be refunded or to be specifically voted by Parliament.

I am, Sir, your obedient servant, W.M. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, November 2, 1922.
DEAR SIR, - I beg to acknowledge receipt of your letter of the 7th ultimo, with reference to the retention in office of Mr. T.H. Carter as Indian Agent at Fisher River Agency, after the date of the Order in Council which dispensed with his services.

In reply, I beg to say that I have been in communication with the Civil Service Commission with a view to obtaining from them a certificate of temporary appointment in favour of Mr. Carter for the time he was so employed. I am advised by them that they have approved of his temporary appointment, and will issue a certificate in due course.

Yours truly,
DUNCAN C. SCOTT, Depy. Sup. Gen.

The Asst. Auditor General, Ottawa.

SIR, - On November 2nd, two certificates were issued by you for the temporary appointment of Mr. T.H. Carter, as Indian Agent at the Fisher River Agency from September 3rd, 1921, to April 21st, 1922 (File No. O.S.-IA-IA3-371). Mr. Carter was formerly employed in a permanent capacity as Indian Agent, but his services were dispensed with, by an Order in Council passed on September 3rd, 1921, on, account of his unsatisfactory service.

I shall be obliged if you will refer me to some definite authority under the Civil Service Act, empowering the Civil Service Commission to continue in the public service, even in a temporary capacity, a person who has been specifically dismissed by the Governor in Council, from a permanent position on account of his unsatisfactory service. The power of dismissal is expressly conferred on the Governor in Council by section 28 of the Civil Service Act.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Secretary, Civil Service Commission.

## Erroneous "Blanketing-in" of Agent J.B. Hardinge

AUDIT OFFICE, OTTAWA, July 25, 1922.
SIR, - I have received a copy of an Order in Council, of the 30th ult., granting permanent status, under the authority of Orders in Council of December 16th, 1920, and October 22nd, 1921, to Mr. J.B. Hardinge, Indian Agent.
ln this Order in Council it is stated that the Deputy Superintendent General certifies that this employee was employed prior to November 10th, 1919, and continuously to the present date (i.e., of the Order in Council). The only records, however, that I find of Mr. Hardinge's employment, show that he was employed at the Touchwood agency as farming instructor during the month of September, 1919, and that he was appointed agent from June 6th, 1920. Kindly let me know where and in what capacity Mr. Hardinge was employed between October 1st, 1919, and June 5th, 1920, inclusive.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs, Ottawa.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, October 6, 1922.
SIR, - Referring to your letter of the 25th July relative to the early service rendered by Mr. J.B. Hardinge to this Department, I have to inform you, in reply to inquiry in the closing paragraph thereof, that Mr. W.M. Graham, Indian Commissioner, Regina, has stated that Mr. Hardinge was employed during the month of September, 1919, and until the middle of October in supervising threshing on Poorman's Reserve, but that the latter states he did not receive remuneration for the month of October as he was anxious to get away on private business. Mr. Graham has stated further that between the 1st November, 1919, and 5th June, 1920, Mr. Hardinge was engaged in real estate and insurance business on his own account.

The Auditor General, Ottawa.

SIR, - I beg to acknowledge receipt of your letter of the 6th instant in reply to mine of July 25th with reference to the case of Mr. J.B. Hardinge, who was granted a permanent status from April 1st, 1921, by Order in Council of June 30th, 1922. Your letter states that Mr. Hardinge was employed at Poorman's reserve from September 1st to the middle of October, 1919, and as agent at the Touchwood agency from June 6th, 1920, between these dates he was not employed in the government service but was engaged in real estate and insurance business on his own account.

The Order in Council of June 30th, granting him permanent status was evidently passed on a misapprehension, as it states that he had been employed prior to November 10th, 1919, and, continuously to the passing of that order. As Mr. Hardinge was not in the Government employment on November 10th, 1919, he was not eligible to be given a permanent status under the authority of Orders in Council of December 16th, 1920, and of October 21st, 1921 (blanketing-in-Orders), and must still be considered a temporary official. Steps should be taken by you to have the Order in Council of June 30th cancelled, and any amounts that may have been paid to Mr. Hardinge by way of adjustment of his salary should be refunded by him.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs, Ottawa.

DEPARTMENT OF INDIAN AFFAIRS, Ottawa, October 13, 1922.
DEAR SIR, - I beg to acknowledge receipt of your letter of the 10th instant with reference to the case of Mr. J.B. Hardinge, who was granted permanent status as Indian Agent, at the Touchwood Hills Agency, under the Blanketing-In regulations, by Order in Council of 30th June, last. We are requesting the Civil Service Commission to rescind the above Order in Council as we have ascertained that as Mr. Hardinge was not continuously in our employ from a date prior to the 10th November, 1919, he was not eligible for Blanketing-in. Nothing extra has been paid Mr. Hardinge by way of adjustment of his salary.

Yours truly,
DUNCAN C. SCOTT, Deputy Supt. General.

WM. KEARNS, Asst. Auditor General, Ottawa.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, November 8, 1922.
DEAR Mr. KEARNS, - With further reference to my letter to you of the 13th ultimo, regarding the case of Mr. T.B. Hardinge, I beg to inclose herewith a copy of a letter from the Civil Service Commission, and would draw your attention specially
to that portion of it which deals with the rescinding of the Order in Council which blanketted-in Mr. Hardinge.
I should appreciate your letter letting me know, whether you think there is any necessity for taking further action regarding rescinding the Order in Council.

Yours very truly, DUNCAN C. SCOTT, Dep. Supt. Gen.

Wm. KEARNS, Asst. Auditor General, Ottawa.

CIVIL SERVICE COMMISSION, OTTAWA, November 3, 1922.
DEAR MR. SCOTT, - Re Permanency of T.B. Hardinge. - With further reference to your letter of the 13th ult. in which you requested that the Commission take steps to rescind the Order in Council of the 30th June last, P.C. 1891426 , under which the above named was granted permanency, such action being recommended on account of an error in his statement of continuous service, and to my reply of the 24th ult. in which I advised you that a report had been prepared for Council and would be sent forward to your Minister for signature as soon as approved by the Commissioners, I am now instructed to advise you as follows: -

The Commissioners have given careful consideration to the circumstances of the case and have decided that there is no necessity for them to take any further action with regard to the aforesaid Order in Council. Should it be necessary in your opinion to take steps to have the Order rescinded it would be quite competent for the department itself to take the necessary action without any action on the part of the Commission. If, however, the Order in Council is really invalid, as apparently the Auditor General contends, the Commission suggests that it would seem to be unnecessary to rescind it as it can now have no legal effect.

I am to suggest, however, as an alternative that if the department certifies that Mr. Hardinge's services have been satisfactory the Commissioners would be prepared to recommend that the position in question be excluded from the operations of the Civil Service Act so far as the principle of competition only is concerned, as they have authority to do under section 38B of the Act, and Mr. Hardinge could be appointed in a permanent capacity. In such case, if the rescinding of the Order in Council of the 30th June aforesaid were necessary, the Commission would be willing to be a party thereto.

In this connection I am to further suggest that in future it might be advisable before submissions to Council recommending the granting of permanent status to an employee are approved by the Commission, the reputed service of the employee concerned should be referred to the Auditor General for his check thereon so that any mistake that may have crept into the record may be detected and rectified before any recommendation is submitted to the Governor in Council for his approval.

Yours very truly. W. FORAN, Secretary.

The Deputy Superintendent General of Indian Affairs, Ottawa.

SIR, - I beg to acknowledge receipt of your letter of the 8th instant, having further reference to the case of Mr. J.B. Hardinge and enclosing a copy of a letter from the Civil Service Commission regarding that case.

In reply, I beg to state that I am still of the opinion that the Order in Council of June 30th last (P.C. 189-1426), under which Mr. Hardinge was granted permanency, should be rescinded. If it is desired to grant Mr. Hardinge a permanent status I see no objection to the course suggested in the Commissions letter being followed, viz: - that the proper steps be taken by the Civil Service Commission to exclude the position in question from the operations of the Civil Service Act, so far only as the principle of competition is concerned and that then Mr. Hardinge be appointed to that position in a permanent capacity.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs, Ottawa.

## Advance for Removal Expenses to Officer on Appointment

AUDIT OFFICE, OTTAWA, May 9, 1922.
SIR, - British Columbia cheque No. 1365, issued on Sept. 1st, last, is for the payment of \$250 to the Bank of Montreal, to be placed to the credit of W.E. Ditchburn, inspector of agencies, Victoria.

This money was advanced by Mr. Ditchburn to H.F. Helmsing, to enable him to transport himself and family to Fort Steele, on his appointment as Indian Agent at the Kootenay Agency, and has since been repaid to the department by retaining $\$ 50$ a mouth from his salary for a period of five months. An advance of this nature, which virtually amounts to a loan, is irregular, and might result in loss to the Government; may I ask if there were any special circumstances connected with this case, which would justify your department in making this advance.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, May 12, 1922.
SIR, - In reply to your letter of the 9th instant, respecting an advance of $\$ 250$ to Agent Helmsing to enable him to pay his removal expenses to Fort Steele from Victoria, B.C., upon his appointment to the position of Indian Agent in August last for the Kootenay District; I beg to say that the request came to the Department through Inspector Ditchburn in his telegram of the 31st August last. Being a married man with a family and having been on active service overseas, it was realized that Mr. Helmsing was not in a position to finance the expense of the transportation of his family and effects from Victoria to Fort Steel, and therefore the Department took a sympathetic view of his case, it being an exceptional one, and made him the advance asked for.

SIR, - I beg to acknowledge receipt of your letter of May 12th in reply to mine of May 9th, with regard to an advance of $\$ 250$ made to Agent Helmsing upon his appointment as Indian Agent, to enable him to pay his removal expenses to Fort Steele from Victoria, the same to be deducted in instalments from his salary. In your letter you state that Mr. Helmsing was a married man with a family, and that as he was not in a position to finance the expenses of transportation, the Department took a sympathetic view of his case and made the advance in question.

I am of opinion that advances of this nature, which are virtually loans and might result in logs to the Government, are irregular if not illegal, and should in no instance be made on mere departmental authority. In exceptional cases, such as the present, where it is considered advisable to make such an advance, it should only be done on the direct authority of the Minister.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs.

## Payment of Salary at a Rate Different from that Authorized by the Civil Service Commission

AUDIT OFFICE, OTTAWA, October 7, 1922.
SIR, - On June 25, 1920, two certificates were issued by the Civil Service Commission for the permanent appointment of Herbert Sutherland, of Bella Coola, B.C., (1) as Launchman during the season of navigation at $\$ 80$ a month, and (2) as constable when not employed as launchman, at a salary of $\$ 60$ a month, such permanent appointment dating from June 23, 1920. I find, however, that Mr. Sutherland was paid at the rate of $\$ 85$ a month up to December 31, 1920, when he reverted to the position of constable at $\$ 60$ a month. Kindly let me know why Mr. Sutherland was paid as launchman at a rate higher than that assigned to his position by the Civil Service Commission.

I am, Sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs, Ottawa.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, November 15, 1922.
SIR, - In reply to your letter of the 7th ultimo regarding payment to Mr. H. Sutherland, launchman and constable, Bella Coola Agency, from the 23rd June, 1920, to the 31st December of the same year, at a higher rate than that assigned to his position by the Civil Service Commission, I beg to say that under Section 38a of the Civil Service Act, 1918, as amended, Mr. Sutherland's position is exempt from the operation of the Civil Service Act.

Your obedient servant, DUNCAN C. SCOTT, Deputy Supt. Gen.

The Auditor General, Ottawa.

SIR, - On June 25, 1920, two certificates were issued by the Civil Service Commission for the permanent appointment (seasonal) of Herbert Sutherland, of Bella Coola, B.C. (1) as launchman during the season of navigation at $\$ 80$ a month, and (2) as constable when not employed as launchman, at a salary of $\$ 60$ a month, such permanent appointment dating from June 23, 1920 (position No. IA-IA2-212). I find, however, that the Department of Indian Affairs paid Mr. Sutherland at the rate of $\$ 85$ per month, when employed as launchman. On inquiry of the Indian Department as to their authority for paying Mr. Sutherland at a rate higher than that specified in the Commission's certificate, they replied that under Section 38a of the Civil Service Act, 1918, as amended, Mr. Sutherland's position is exempt from the operation of the Civil Service Act.

The section referred to by the Department of Indian Affairs reads as follows: The provisions of this Act shall not apply to positions in connection with the Government railway or any railway owned or controlled by His Majesty, or to any position on any ship of His Majesty, until Parliament otherwise enacts." Kindly inform me if you consider that a departmental launch may be fairly considered as a ship, and if the Indian Department is justified in paying Mr. Sutherland at the higher rate.

I am, sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Secretary, Civil Service Commission, Ottawa.
Overpayment of Salaries to Graduate Nurses at Kitamaat, B.C.

AUDIT OFFICE. OTTAWA, April 1, 1922.
SIR, - Miss S.E. Alton was employed by your Department at Kitamaat, B.C., and paid from the school appropriation. Her position (No. 1A-IA2-200) was originally classed as Field Matron with a salary range from $\$ 480$ to $\$ 900$; later on, however, this position was classed as Graduate Nurse, effective from April 1, 1921, with a salary range from $\$ 900$ to $\$ 1,200$. Miss Alton's salary prior to April 1, 1919, was $\$ 780$ a year, which would entitle her, in the class of Field Matron, to $\$ 840$ for the year 1919-20, and $\$ 900$ for the year 1920-21. I find, however, that while she was paid at the correct rate for 1919-20, she was paid at the rate of $\$ 960$ during 1920-21, that is $\$ 60$ above the maximum of her class.

Miss Alton was granted 12 months' leave of absence without pay from January 1, 1921, and her place was filled by Mrs. Ida Love, who was paid at the rate of $\$ 960$ per annum from January 1, 1921. I do not find any trace of Mrs. Love's appointment having been approved by the Civil Service Commission. Kindly inform me as to your authority for her employment. I am of the opinion that she should only have been paid at the minimum rate prescribed for Field Matron from January 1 to March 31, 1921, and at the minimum rate for Graduate Nurse, if she was so qualified, after that date, unless higher rates were allowed by the Commission as prevailing rates. I should like to get your explanation of these apparent overpayments to these two ladies.

I am, sir, your obedient servant, E.D. SUTHERLAND, A.G.

The Deputy Superintendent General of Indian Affairs.

SIR, - I beg to acknowledge receipt of your letter of the 1st instant.
With reference to payment of salary to Miss S.E. Alton at the rate of $\$ 960$ for the fiscal year 1920-21, I have to say that on the 16th June, 1920, the Deputy Superintendent General approved of Miss Alton being classified as a Graduate Nurse instead of Field Matron, as she was a graduate of the Fort Simpson Hospital, a member of the Graduate Nurses' Association of British Columbia, holds a certificate as Registered Nurse, British Columbia, and was performing the work that only a Graduate Nurse could do where, besides the Indians, there is also a boarding school and the nearest physician 65 miles distant by water. Miss Alton has spent the best years of her life among the Coast Indians and is very successful in all her dealings with them.

It is regretted that action in regard to her reclassification was not taken through inadvertence until the 31st March, 1921, when the Civil Service Commission was advised that on investigation Miss Alton's classification as Field Matron was an error, that she was a Graduate Nurse, performing the duties of a Graduate Nurse, and requested to have the error rectified and her classification changed to that of Graduate Nurse. It was intended that the same should date back to April 1, 1919, when the error in the classification occurred. On this account, and in view of the excellent service which Miss Alton has rendered as a Graduate Nurse and was only paid the salary of a Field Matron in 1919-20, I would ask that she be not asked to make any refund.

As to the salary paid Mrs. Ida Love who took Miss Alton's place during her year's leave of absence without pay, I beg to say that Miss Alton's services were obtained through the Women's Missionary Society of the Methodist Church and before her leave was granted the Department was advised, that the Society had a Graduate Nurse of the Winnipeg Hospital, resident in Vancouver, willing to take her place for a year, and as Kitamaat is isolated, has an irregular monthly mail service and it is difficult to obtain graduate nurses to stay there, the Department was glad to avail itself of her services at the same salary as paid Miss Alton, in order that no interruption might occur in the work.

The Department communicated with the Secretary of the Women's Missionary Society above referred to on the 26th January, 1921, as to payment of Mrs. Love's salary and was advised in reply that she had already sent a remittance covering one quarter's salary to Mrs. Love, thinking it wiser to continue in the old way as changes make for confusion which she desired to avoid.

Mrs. Love's services as Graduate Nurse, Kitamaat, ceased on the 31st December last. If you consider it necessary, the Civil Service Commission will be requested to issue a temporary certificate covering the time Mrs. Love acted as substitute for Miss Alton.

Your obedient servant,
J.D. MCLEAN, Act. Depy. Supt. Gen.

The Auditor General, Ottawa.

## Employment of Teachers Without Authority from Civil Service Commission

AUDIT OFFICE, OTTAWA, July 7, 1922.
SIR, - In the Classification schedule issued by the Civil Service Commission, I find, on page 748, the class "Teacher (Indian School)" with a salary range from $\$ 65$ to $\$ 90$ a month. I infer from this that it was the intention that positions coming
under this title should be filled by the Commission unless they were exempted under the provisions of Sections 38-B of the amended Civil Service Act of 1918.

I find that the Department of Indian Affairs has been engaging teachers, apparently without reference to the Commission. On inquiry of the accountant of that department as to the authority for these appointments the following reply was received: "In reply to the inquiry respecting the authority under which school teachers are engaged without reference to the Commission, I beg to say that I am unable to inform you." I beg to ask if the position of Indian School Teacher had been exempted under Section 38-B, or if not, if it is with the consent of the Commission that these appointments are made by the Department of Indian Affairs.

I am, sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Secretary, Civil Service Commission, Ottawa.

CIVIL SERVICE, COMMISSION, OTTAWA, July 12, 1922.
DEAR SIR, - In reply to your letter of the 7th instant, with reference to the class "Teacher, Indian School," I beg to advise you that this class is now being considered by the Commissioners in connection with the possibility of its exemption from the Civil Service Act.

Yours truly,
C.H. BLAND, Secretary.

Wm. KEARNS, Asst. Auditor General, Office.

## All Public Moneys, from Whatever Source Derived, to be Paid to the Credit of the Receiver General

AUDIT OFFICE, OTTAWA, December 1, 1922.
SIR, - On inquiry of your Accountant with respect to certain transfers made by Mr. W.M. Graham from Regina "Warehouse Account" to "Greater Production Account," I was informed by him that "when large quantities of clothing, equipment, hospital supplies, etc., were taken over from the Militia and Defence and from the Soldiers' Civil Reestablishment Departments, they were stored in our Regina Warehouse and are being sold to Indians and schools, and all expenses, including wages, etc., are being defrayed from the proceeds of the sales.

I beg to say that this procedure is not in accordance with the Consolidated Revenue and Audit Act. Although these stores may have been transferred by the other departments to your department free of charge they still remain Government stores and the disposal of them must be accounted for in the same way as surplus stores acquired by your department by purchase would be accounted for. The creation of a special fund administered by Mr. Graham or by any other officer of your department is not, in my opinion, authorized by statute nor by any regulations of the Treasury Board made thereunder. The actual proceeds of all sales must be deposited to the credit of the Receiver General and any expenditure incurred in connection with the care or the disposal of the stores must be made in the ordinary way through your appropriation.

Kindly furnish me with a statement showing in detail the supplies taken over by your department with any valuation that may have been put on the same; also the particulars in detail of all sales and all expenditures to date, supported with proper vouchers. All moneys at present in Mr. Graham's hands in connection with the "Warehouse Account" should be deposited at once by him to the credit of the Receiver General.

I am, sir, your obedient servant, WM. KEARNS, Asst. A.G.

The Deputy Superintendent General of Indian Affairs.

## Plus-payé de traitement à l'agent R.G. Garland

BUREAU DE L'AUDITEUR, OTTAWA, le 31 mars 1922.
MONSIEUR, - Vous trouverez ci-inclus copie d'une lettre que j'ai adressée à la Commission du Service civil relativement au traitement de M. Ross G. Garland, agent des sauvages au cap Croker, et la réponse du secrétaire de la commission. La Correspondance révèle que M. Garland a touché un salaire majoré pour l'exercice 1921M. - 22. Votre ministère l'a payé au taux de $\$ 1,080$ par année, alors qu'en vertu des règlements il n'avait droit qu'à $\$ 960$.

Je suis informé que M. Garland n'est plus au service de votre ministère, de sorte qu'il sera difficile, sinon impossible, de recouvrer le plus-payé. J'aimerais savoir cependant comment vous pouvez justifier l'augmentation de $\$ 180$ qui lui fut accordé alors que l'augmentation annuelle de cette classe n'était que de $\$ 120$.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur, E.D. SUTHERLAND, A.G.

Le surintendant général adjoint des Affaires indiennes.

OTTAWA, le 8 mars 1922.
MONSIEUR, - M. Ross G. Garland fut nominé agent des sauvages à l'agence du cap Croker le 30 juillet 1919 au salaire initial de $\$ 900$ par année, avec logement et bureau, en vertu d'un certificat émis par la Commission du Service civil le 6 octobre 1919. L'agent du cap Croker est classifié comme agent des sauvages, classe 3; le salaire minimum est de $\$ 720$ avec augmentations de $\$ 120$ jusqu'au maximum de $\$ 1,260$. Le salaire de M. Garland fut de $\$ 900$ jusqu'au 1er avril 1921 alors qu'il fut porté à $\$ 1,080$ en vertu d'un certificat de la Commission du Service civil qui décrétait une augmentation de $\$ 960$ à $\$ 1,080$. Le salaire de M . Garland à cette époque n'était que de $\$ 900$ toutefois, de sorte que mon opinion est qu'il aurait dû passer de $\$ 900$ à $\$ 960$, l'échelon suivant de sa classe.

Mon interprétation des règlements est que si M . Garland avait touché son augmentation au moment où il y eut droit, il aurait été pays aux taux suivants :

| Du 30 juillet 1919 au 30 septembre au taux de | $\$ 900$ |
| :--- | :--- |
| Du 1er octobre 1920 au 30 septembre au taux de | 960 |
| Du 1er octobre 1921 au 30 septembre au taux de | 1,080 |

J'aimerais savoir comment vous justifiez une augmentation de $\$ 960$ à $\$ 1,080$, alors qu'il ne touchait réellement que \$900.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur, E.D. SUTHERLAND, A.G.

Le secrétaire de la Commission du Service civil, Ottawa.

COMMISSION DU SERVICE CIVIL, OTTAWA, le 17 mars 1922.
MONSIEUR, - J'ai reçu votre lettre du 8 courant au sujet du traitement versé à M. Ross G. Garland en qualité d'agent des sauvages à l'agence du cap Croker, ministère des Affaires des sauvages. M. Garland a été nommé par la

Commission du Service
1-15 1/2 I
civil au traitement initial de $\$ 900$, conformément l'annonce publiée. Une lettre du ministère en date 27 janvier 1920 démontre que le ministère, sans autorisation, porta son traitement de $\$ 900$ è $\$ 960$ pour se conformer à l'échelle de la classification. Quand, le 1er avril 1921, le ministère recommanda que son traitement fut augments de $\$ 960$ à $\$ 1,080$, la Commission insciemment ne tint pas compte de ce que le ministère avait augmenté son traitement et que le chiffre réel n'en était que de \$900 par année, et l'augmentation recommandée fut sanctionnée par la commission.

Je suis porté à confirmer votre interprétation des règlements quant à la rémunération qu'aurait dû recevoir M. Garland. Pour expliquer que l'augmentation ne fut accordée que le 1er avril 1921, je dois dire que ce point fut débattu avec le ministère qui avertit la commission que bien que l'augmentation échût au mois d'octobre 1920, il n'était pas disposé à la recommander à cette date, car la première période des services de M. Garland ne fut pas satisfaisante et le ministère se proposait de le congédier.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur, W. FORAN, secrétaire.

L'Auditeur général.

DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 4 avril 1922.
MONSIEUR, - En réponse à votre lettre du 31 du mois dernier relativement à l'augmentation de traitement de M. Garland, permettez-moi de vous informer qu'à l'époque de notre recommandation à la Commission du Service civil le traitement de M. Garland était de $\$ 900$, le même qu'à sa nomination. Nous désirions lui accorder une augmentation d'au moins $\$ 10$ par mois et nous proposâmes, donc de lui accorder $\$ 1,080$, si la Commission du Service civil y acquiesçait; à $\$ 900$ par année il n'eût touché qu'une augmentation de $\$ 60$. La Commission du Service civil approuva l'augmentation à $\$ 1,080$, ce qui lui fut accordé. Il a été remercié de ses services. Si les règlements ne permettaient pas de porter son traitement à $\$ 1,080$ nous supposions que la commission nous en aurait averti.

Votre obéissant serviteur, J.D. McLEAN, surint. gén. adj. supp.

L'Auditeur général.

BUREAU DE L'AUDITEUR, OTTAWA, le 6 avril 1922.
MONSIEUR, - J'accuse réception de votre lettre du 4 courant répondant à la mienne du 31 du mois dernier, relativement à l'augmentation de traitement de M. R.G. Garland, agent des sauvages à l'agence du cap Croker.

Le certificat émis par la commission autorisait une augmentation de $\$ 960$ à $\$ 1,080$; elle était évidemment sous l'influence d'une méprise quant au traitement de M. Garland. Je suis d'avis que ce certificat n'autorisait pas votre ministère à accorder une augmentation de traitement de $\$ 900$ à $\$ 1,080$, une augmentation dépassant de $\$ 60$ l'augmentation prescrite par la reclassification et que la commission n'avait pas le pouvoir d'accorder. Si vous aviez communiqué avec la commission immédiatement après la réception du certificat en question, l'erreur aurait pu être corrigée et le plus-payé évité.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur, E.D. SUTHERLAND, A.G.

Le surintendant général adjoint suppléant des Affaires indiennes.

## Irrégularités à l'agence des Affaires Indiennes des Sept-Iles

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, 26 septembre 1922.
MONSIEUR, - Les comptes des secours accordés aux Indiens, à l'agence des Sept-Iles, durant l'exercice financier 1921-22, que nous avions prêtés à votre ministère il y a quelque temps, nos ont été retournés récemment, accompagnés du mémoire suivant, initialé par votre comptable :

Wenceslas Lévesque. - Le ministère a payé les factures ci-jointes, dont le montant est de $\$ 6,510.67$. Le constable Cox a obtenu une déclaration de Wenceslas Lévesque à l'effet que le montant total des marchandises qu'il a fourniers aux Indiens s'élève à $\$ 1,791.21$. Cette déclaration est désignée "Document $n^{\circ} 1^{\prime \prime}$. Il semble donc que le ministère a payé \$4,641,63 pour les marchandises qu'on ne lui a pas fournies.
P.H. Abraham. - Le ministère a payé les factures ci-jointes, dont le montant est de \$4,329.59. La déclaration de P.H. Abraham au constable Cox, désignée sous le titre "Document $n^{\circ} 2^{2}$ ", indique qu'il a fourni aux Indiens des marchandises pour une somme de $\$ 1,791.21$. Il semble donc que le ministère a payé $\$ 2,538.38$ pour des marchandises qu'on ne lui a pas livrées.
S.A. Vigneault. - Le ministère a payé les factures ci-jointes, dont le montant est de $\$ 1,774.40$. La déclaration de S.A. Vigneault au constable Cox, designée comme "Document $n^{\circ} 3$ ", indique qu'il a fourni aux Indiens des marchandises pour une somme de $\$ 1,194.05$. Il semble donc que le ministère a payé $\$ 580.35$ pour des marchandises qu'on ne lui a pas fournies.
P.J. Romeril. - Le ministère a payé les factures ci-jointes, dont le montant est de $\$ 1,386.10$. La déclaration de P.J. Romeril au constable Cox est désignée sous le titre "Document $n^{\circ} 4$ ", et indique que tout est correct dans ce cas.
P.E. Gallienne. - Le ministère a payée les factures ci-jointes, dont le montant est de $\$ 7,308.99$. Les comptes que le constable Cox a obtenus de P.E. Gallienne indiquent qu'il a fourni aux Indiens des marchandises pour une somme de $\$ 6,628.04$; ils sont désignés comme "Document $n^{\circ} 5^{5}$. Il semble donc que le ministère a payé $\$ 680.95$ pour des marchandises qu'on ne lui a pas livrées. Je ferai remarquer cependant qu'une facture de $\$ 687.60$ que le ministère a acquittée pour le mois de décembre 1921, ne forme pas partie des pièces du "Document $n^{\circ} 5$ ".

Arthur Bois. - Le ministère a acquitté les factures ci-jointes dont le montant est de $\$ 1,371.25$. Dans son rapport, le constable Cox dit qu'il a une entrevue avec Arthur Bois, qui prétend avoir fourni du bois à quatres familles, pendant l'hiver de 1921-22, à raison de quatre cordes par famille, chaque mois, à $\$ 4$ par corde, soit $\$ 64$ par mois.
M.E. Plourde. - Le ministère a acquitté les factures ci-jointes, pour du lait et des oeufs, au montant de \$869.90. Le rapport du constable Cox mentionne que M. Rousseau (l'agent de la compagnie de la baie d'Hudson) affirme que les Indiens ne reçoivent jamais de lait et d'oeufs, excepté à Noël. M.E. Plourde est la gouvernante de l'agent.

On devrait m'adresser une copie du rapport qui forme la base de ce mémoire, car il semble, en l'absence de preuves additionnelles, que votre agent s'est rendu coupable de fraude. J'aimerais à connaître le système suivi pour la distribution des secours
aux Indiens. Les commandes données aux marchands sont-elles émises par l'agent et joint-on une copie ces commandes aux comptes envoyés mensuellement par les marchands? L'enquête que l'on a faite a-t-elle porté seulement sur l'année 1921-22?

Je serais heureux de connaître ce que votre ministère a fait, ou se propose de faire, pour obtenir le remboursement des plus-payés.

Votre humble serviteur, WM KEARNS, A.G. adj.

Au Surintendant général adjoint des Affaires indiennes.

## DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, 14 novembre 1922.

MONSIEUR, - En réponse à votre lettre du 26 septembre, au sujet des comptes pour les secours distribués aux SeptIles, je dois vous informer qu'à la suite du rapport du constable Cox, M. C.C. Parker, inspecteur des agences indiennes, a fait une enquête sur les lieux. Dans son rapport, il dit qu'il n'a trouvé aucune preuve de complicité entre l'agent des Indiens et les commerçants, ou même de pratiques malhonnêtes, mais il a découvert que les choses sont très mal administrées et le département considère actuellement la question de destituer l'agent.

Votre humble serviteur, DUNCAN C. SCOTT, surintendant général adjoint.

A l'Auditeur général, Ottawa.

## Secours aux Indiens d'Ontario et de Québec portés au débit des crédits généraux

## BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, 9 février 1922.

MONSIEUR, - J'accuse réception de votre lettre du 31 du mois dernier, dans laquelle vous demandez que l'on fasse un virement d'écritures, afin de porter au compte du crédit général de votre département, une somme de $\$ 20,000$ que l'on avait débitée au compte d'Ontario et de Québec, pour des secours accordés aux Indiens des Sept-Iles.

Avant d'autoriser ce transfert, j'aimerais à connaître les circonstances qui le demandent. D'une manière générale, les transferts de dépenses d'un crédit à un autre ne doivent être faits que dans les cas où certains déboursés ont été débités par erreur au mauvais compte. Le transfert de déboursés d'un compte à un autre, fait en vue d'éviter que le compte ne paraisse à découvert, ne devrait être permis que dans des circonstances très spéciales.

Dans les crédits généraux de votre département, je vois qu'il y a un item de $\$ 65,000$, pour des secours aux Indiens des district isolés, et c'est sans doute à ce compte que vous désirez que le transfert soit fait. Cet item est rédigé d'une manière si vague qu'on peut raisonnablement l'appliquer aux secours accordés aux Indiens dans presque toutes les parties eu Canada. En sus de cet item, des crédits ont été votés pour des secours, aux chapitres des provinces maritimes, d'Ontario et de Québec, du Manitoba, des Territoires du Nord-Ouest et de la Colombie-Britannique.

Je suis d'avis, afin de renseigner correctement le Parlement que tous les déboursés pour des secours accordés dans un groupe de provinces devraient être portés au débit du même compte. Dans le passé, la majeure partie des déboursés pour secours, portés au débit du compte général, avaient été faits pour les Indiens d'Ontario et de

Québec. En vue de la préparation du budget pour la prochaine session, je vous suggérerais de réduire l'item de secours en général, de façon à ce qu'il ne s'applique qu'aux secours, accordés aux Indiens des Territoires du Nord-Ouest, et d'augmenter proportionnellement les crédits de secours demandés pour les divers groupes de provinces, surtout pour les provinces d'Ontario et de Québec, pour la raison que j'ai citée plus haut.

Votre humble serviteur,
E.D. SUTHERLAND, A.G.

Au surintendant général adjoint des Affaires indiennes, Ottawa.

DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, 13 février 1922.
MONSIEUR, - En réponse à votre lettre du 9 courant, au sujet d'un transfert d'écritures du compte général au compte d'Ontario et de Québec, je dois vous dire que cette procédure a été rendue nécessaire parce qu'on a débité par erreur l'agence des Sept-Iles, au lieu du compte général, comme c'était l'habitude dans le passé. Les crédits pour l'année prochaine ont été préparés et sont déjà rendus au ministère des Finances, de sorte qu'il est trop tard pour mettre votre suggestion à effet et pour porter au crédit d'Ontario et de Québec les déboursés de secours faits dans ces provinces. Cependant nous suivrons votre avis dans la préparation des prochains crédits.

J'ajouterai que la somme de $\$ 65,000$ accordée cette année pour les secours aux Indiens a été tout à fait insuffisante et qu'il faudra un crédit supplémentaire d'au moins $\$ 35,000$.

Votre humble serviteur, DUNCAN C. SCOTT, surint. gén. adj.

A l'Auditeur général, Ottawa.

## Paiement du boni à un employé recevant les taux courants

## BUREAU DE L'AUDITEUR, 13 novembre 1922.

MONSIEUR, - Le 14 juin, la Commission du Service civil a émis un certificat pour l'appointement permanent de Martin J. Kennedy comme garçon de ferme sur l'agence indienne de File Hills, aux taux courants à compter du 9 juin 1921. M. Kennedy occupait déjà la même position comme employé temporaire. Je trouve dans vos comptes pour l'exercice 1921-22 que cet homme a reçu le plein boni, soit une somme de $\$ 261$. Veuillez me donner l'autorité d'après laquelle le boni a été payé dans ce cas, car je suis d'avis que d'après l'article 9 des règlements concernant le boni de cette année, il n'avait pas droit de le recevoir.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Au surintendant général adjoint des Affaires indiennes, Ottawa.

MONSIEUR, - En réponse à votre lettre du 13 courant relative au boni payé à Martin J. Kennedy, garçon de ferme, agence de File Hills, en 1921-22, je dois dire que le nom de M. Kennedy a été inclus dans la liste de paye du boni pour le trimestre de juin 1921, soumise à la Commission du Service civil le 18 juin 1921, pour approbation; cette liste a été approuvée avant que le boni soit payé lorsqu'il fut nommé permanent, il était inutile de soumettre de nouveau son nom à la commission vu qu'aucun changement n'affectait sa catégorie quant au boni.

Votre obéissant serviteur,
T.D. McLEAN, pour le surint. gén. adj.

A l'Auditeur général, Ottawa.

BUREAU DE L'AUDITEUR, OTTAWA, 20 novembre 1922.
MONSIEUR, - Martin J. Kennedy, employé de ferme à l'agence indienne de File Hills, a reçu la somme de \$261 comme boni pour l'exercice, 1921-22. Nous avons demandé au département des Affaires des sauvages d'après quelle autorité le boni a été payé dans ce cas. On nous répond que le nom de M . Kennedy a été inclus dans la liste de paye du boni pour le trimestre de juin 1921, soumise à la commission le 18 juin 1921, pour approbation; cette liste a été approuvée avant que le boni lui soit payé.

La classification accorde les taux courants comme rémunération pour la position d'employé de ferme, aucun minimum on maximum n'étant fixés. L'article 9 des règlements concernant le boni stipule que "les employés qui occupent des positions pour lesquelles on accorde les taux courants n'auront pas droit au boni". Comme la commission a classifié M. Kennedy comme employé de ferme, je dois demander, à cause des faits cités plus haut, pourquoi la Commission du Service civil a approuvé le paiement du boni dans ce cas.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.
W. FORAN, Commission du Service civil, Ottawa.

## Réintégration temporaire d'un fonctionnaire renvoyé pour service peu satisfaisant

BUREAU DE L'AUDITEUR, OTTAWA, 8 juillet 1922.
MONSIEUR, - Le 3 septembre dernier, un arrêté de l'Exécutif basé sur la recommandation du bureau du Trésor fut adopté renvoyant M. T.H. Carter, agent des sauvages pour le district de Fisher River, pour raison de service peu satisfaisant.

Votre département ne semble pas s'être conformé à cet arrêté car je trouve dans l'examen des comptes pour l'exercice 1921-22 qu'il a retenu sa position pendant toute l'année, et je comprends d'après votre comptabilité que ses services se continuant dans le présent exercice. Veuillez m'expliquer comment les services de cet homme ont été retenus après avoir été formellement démis par le Gouverneur en Conseil.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Au surintendant général adjoint des Affaires indiennes.

CHER MONSIEUR, - J'accuse réception de votre lettre du 8 juillet dernier relative au cas de M. T.H. Carter ancien agent des sauvages pour la division de Fisher River, Man.

En réponse je dois vous dire que vu l'éloignement comparatif de M . Carter, on a cru sage de retenir ses services après l'adoption de l'arrêté de l'Exécutif du 3 septembre 1921 en attendant que la position puisse être annoncée et remplie d'une manière permanente par la Commission du Service civil. M. Murdock McCuish a été nommé agent à Fisher River et a pris charge du bureau le 24 juin 1922.

Bien a vous,
DUNCAN C. SCOTT, S.G. adj.

A l'Auditeur général adjoint.

## BUREAU DE L'AUDITEUR, OTTAWA, 7 octobre 1922.

MONSIEUR, - J'accuse réception de votre lettre du 5 septembre dernier en réponse à la mienne du 8 juillet relativement au maintien en fonctions de M. T.H. Carter, comme agent des Sauvages pour le district de Fisher River, qui avait été congédié pour des raisons d'incompétence par l'arrêté du conseil en date du 3 septembre 1921.

Dans votre réponse vous dites que "vu l'éloignement comparatif de M. Carter, on a cru sage de retenir ses services après, l'adoption de l'arrêté du conseil du 3 septembre 1921 en attendant que la position puisse être annoncée et remplie d'une façon permanente par la Commission du Service civil".

A ce sujet, je dois dire que je sais d'avis que ledit arrêté ne faisant mention d'aucune date, M. Carter a cessé d'être légalement employé à titre d'agent des Sauvages le 3 septembre, et tout argent qu'il a reçu après cette date à titre de salaire a été pays sans l'autorisation nécessaire et devra être remboursé ou être voté spécialement par le Parlement.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Au surintendant général adjoint des Affaires des Sauvages.

DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 2 novembre 1922.
CHER MONSIEUR, - J'accuse réception de votre lettre du 7 du mois dernier concernant le maintien en fonctions de M. T.H. Carter comme agent des Sauvages pour le district de Fisher River, après la date de l'arrêté du conseil qui le remerciait de ses services.

En réponse, je dois dire que je suis en communication avec la Commission du Service civil dans le but d'obtenir un certificat de nomination temporaire en faveur de M. Carter pour le délai de son emploi. La commission me dit qu'elle a approuvé sa nomination temporaire et émettra le certificat convenu en temps et lieu.

Bien à vous,
DUNCAN C. SCOTT, sur. gén. adj.

L'Auditeur général adjoint, Ottawa.

MONSIEUR, - Le 2 novembre, vous avez émis deux certificats nommant temporairement M. T.H. Carter agent des Sauvages pour le district de Fisher River du 3 septembre 1921 au 21 avril 1922. (Dossier O.S.-1A-1A3-371). M. Carter était autrefois employé d'une façon permanente comme agent des Sauvages, mais il fut remercié de ses services par un arrêté du conseil adopté le 3 septembre 1921 pour des raisons d'incompétence.

Je vous serais très obligé si vous vouliez bien me citer une autorité spéciale sous l'empire de la Loi du Service civil donnant à la Commission du Service civil le pouvoir de maintenir en fonctions, même temporairement, une personne qui a été congédiée d'une façon spéciale par un arrêté du conseil d'une position permanente pour des raisons d'incompétence. L'article 28 de la Loi du Service civil donne expressément le pouvoir de destitution au Gouverneur en conseil.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Au secrétaire de la Commission du Service civil.

## Inclusion par erreur de l'argent J.B. Hardinge dans l'arrêté "à effet général"

BUREAU DE L'AUDITEUR, OTTAWA, le 25 juillet 1922.
MONSIEUR, - Il m'est parvenu copie d'un arrêté ministériel du 30 du mois dernier, accordant un status de permanence à M. J.B. Hardinge sous l'empire des arrêtés ministériels du 16 décembre 1920 et du 22 octobre 1921.

Cet arrêté comporte que le sous-surintendant général affirme que cet employé faisait partie du personnel gouvernemental avant le 10 Novembre 1919 et sans interruption jusqu'à date (i.e. à la date de l'arrêté). Les seuls dossiers que je puisse toutefois atteindre sur le cas de M. Hardinge indiquent qu'il a servi à l'agence Touchwood à titre de fermier instructeur en septembre 1919 et que sa nomination d'agent date du 6 juin 1920. Veuillez me dire où et à quel titre M. Hardinge a été employé du 1er octobre 1919 au 5 juin 1920 inclusivement.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires indiennes à Ottawa.

DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 6 octobre 1922.
MONSIEUR, - Me référant à votre lettre du 25 juillet relative aux services de la première heure rendus par M. J.B. Hardinge a ce département, je dois vous dire, répondant à la demande du dernier alinéa de votre lettre, que M. W.M. Graham, commissaire des Indiens à Regina a déclaré que M. Hardinge a été employé en septembre 1919 et jusqu'à mi-octobre à la surveillance du battage sur la réserve du Pauvre Homme, mais que ce dernier prétend, n'avoir reçu aucune rémunération pour octobre vu sa grande hâte de se donner à une entreprise privée. M. Graham ajoute qu'entre le 1er novembre 1919 et le 5 juin 1920, M. Hardinge a fait de l'immeuble et de l'assurance pour son propre compte.
T.D. McLEAN, secrétaire et sous-surint. gén. supp.

L'Auditeur général à Ottawa.

MONSIEUR, - J'accuse réception de votre lettre du 6 de ce mois qui répond à la mienne du 25 juillet relativement à M. J.B. Hardinge qui a obtenu un status de permanence à dater du 1er avril 1921, en vertu, d'un arrêté ministériel du 30 juin 1922. Vous dites dans votre lettre que M. Hardinge a eu un emploi à la réserve du Pauvre Homme du 1er septembre à la mi-octobre 1919, qu'il a occupé l'agence Touchwood à partir du 6 juin 1920 et qu'entre ces deux dates il n'a pas fait partie du personnel du gouvernement mais a fait le commerce de l'immeuble et des assurances pour son propre compte.

L'arrêté ministériel du 30 juin qui lui accorde un status de permanence est évidemment dû à une erreur en ce qu'il établit que le sujet a été a l'emploi du gouvernement avant le 10 novembre 1919 et de façon ininterrompue jusqu'à la date de l'arrêté. M. Hardinge n'étant pas au service du gouvernement le 10 novembre 1919, il ne se trouvait pas avoir droit à un status de permanence délivré sous l'empire des arrêtés ministériels du 16 décembre 1920 et du 21 octobre 1921 (arrêtés, "à effet général") et doit être encore actuellement être tenu pour fonctionnaire temporaire. Vous devriez voir à faire annuler l'arrêté ministériel du 30 juin et faire rembourser par M. Hardinge tout argent qu'on a pu lui verser au titre de réajustement de son salaire.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Sous-surintendant général des Affaires indiennes à Ottawa.

## DÉPARTEMENT DES AFFAIRES INDIENNES À OTTAWA, le 13 Octobre 1922.

CHER MONSIEUR, - J'accuse réception de votre lettre du 10 de ce mois relative à M. J.D. Hardinge qui a obtenu un status de permanence comme agent des Sauvages à l'agence de Touchwood Hills, sous l'empire des règlements à effet universel et grâce à l'arrêté ministériel du 30 juin dernier. Nous prions la Commission du Service civil de rescinder l'arrêté, ayant obtenu la certitude que M. Hardinge n'ayant pas été continuellement à notre emploi à une date antérieure au 10 novembre 1919, il n'a aucun droit à bénéficier de l'arrêté. Il n'a rien été versé à M. Hardinge en supplément au titre de réajustement de son salaire.

Bien à vous,
DUNCAN C. SCOTT, sous-surint. gén.
WM. KEARNS, sous-auditeur général à Ottawa.
DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 8 novembre 1922.
CHER M. KEARNS, - Référant de nouveau au sujet de la lettre que j'ai eu l'honneur de vous adresser le 13 du mois dernier concernant le cas de M. J.B. Hardinge, je prends la liberté, de vous soumettre ci-jointe la copie d'une lettre de la Commission du

Service civil, et d'attirer votre attention surtout sur cette partie de la lettre qui a trait à la révocation de l'arrêté en conseil nommant "en bloc" M. Hardinge.

Je vous serais reconnaissant de me dire s'il y a lieu de faire davantage en vue de la révocation de l'arrêté en conseil.

Bien à vous,
DUNCAN C. SCOTT, Sous-surint. gén.
M. WM. KEARNS, auditeur général adjoint, Ottawa.

COMMISSION DU SERVICE CIVIL, OTTAWA, le 3 novembre 1922.
CHER Dr SCOTT, - Re permanence de J.B. Hardinge. - Référant de nouveau à votre lettre du 13 du mois dernier en laquelle vous demandiez à la commission de prendre des mesures afin de faire révoquer l'arrêté en conseil du 30 juin dernier, C.P. 189-1426, sous l'autorité duquel la personne susdite obtenait sa permanence, le motif d'une telle recommandation reposant sur le fait qu'il y avait en erreur de sa part dans sa déclaration au sujet de son service suivi, et référant aussi à ma réponse du 24 du même mois, en laquelle je vous informais qu'un rapport avait été préparé pour être soumis au conseil et devait être envoyé au ministre pour sa signature dès qu'il serait approuvé par les commissaires, j'ai maintenant reçu l'ordre de vous donner les renseignements suivants : -

Les commissaires ont examiné avec soin les circonstances du cas en question et ils ont décidé qu'il n'y a aucune nécessité pour eux de faire d'autres démarches relativement à l'arrêté en conseil sus mentionné. Si, dans votre opinion, il était nécessaire de faire révoquer l'arrêté en conseil, votre ministère peut fort bien prendre l'initiative nécessaire sans que la commission s'en mêle du tout. Cependant, si l'arrêté en conseil est réellement nul, comme l'Auditeur général semble le prétendre, la commission suggère qu'il n'est pas nécessaire de le révoquer puisqu'il ne peut pas maintenant avoir d'effet légal.

Cependant, je vous suggèrerais comme alternative, si les états de service de M. Hardinge sont satisfaisants, que les commissaires seraient prêts à recommander que la position en question soit soustraite à l'application de la Loi du Service civil en tant que le principe de concurrence seulement concerné, ainsi qu'il ont l'autorité de le faire sous l'empire de l'article 38B de la loi, et M. Hardinge pourrait être nommé permanent. Dans ce dernier cas si la révocation de l'arrêté en conseil du 30 juin était nécessaire la commission consentirait à insister de son côté pour l'obtenir.

Sous ce rapport je vous conseillerais de plus qu'à l'avenir il serait à propos avant que les recommandations accordant un status permanent à un employé pour être soumises au conseil ne soient approuvées par la commission, le temps de service de l'employé concerné devrait être référé à l'Auditeur général pour être vérifié afin que toute erreur qui aurait pu se glisser dans le dossier soit découverte et corrigée avant qu'une recommandation soit soumise au Gouverneur en conseil pour son approbation.

Bien à vous, W. FORAN, secrétaire.

Leù sous-surintendant général des Affaires indiennes, Ottawa.

MONSIEUR, - J'ai l'honneur d'accuser réception de votre lettre du 8 courant au sujet du cas de M. T.B. Hardinge et je vous inclus la copie d'une lettre de la Commission du Service civil concernant le cas en question.

En réponse, permettez-moi de vous dire que je suis encore d'opinion que l'arrêté en conseil du 30 juin dernier (C.P. 189-1426), sous l'autorité duquel M. Hardinge obtenait un status permanent, devrait être révoqué. Si l'on désire accorder une permanence à M. Hardinge, je ne vois aucune objection à suivre la ligne de conduite suggérée dans la lettre de la commission, savoir : - que des mesures appropriées soient prises par la Commission du Service civil afin de soustraire la position en question de l'application de la Loi du Service civil, en tant que le principe de concurrence seulement est concerné, et que M . Hardinge soit nommé à cette position d'une manière permanente.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires indiennes, Ottawa.

## Avance pour frais de transportation à un fonctionnaire lors de sa nomination

 BUREAU DE L'AUDITEUR, OTTAWA, le 9 mai 1922.MONSIEUR, - Il s'agit du chèque, Colombie-Britannique, $\mathrm{N}^{\circ} 1365$, émis le 1er septembre dernier, sans doute destiné à payer \$250 à la Banque de Montréal, pour être déposé au crédit de W.E. Ditchburn, inspecteur des agences, Victoria.

Cet argent a été avancé par M. Ditchburn à H.F. Helmsing dans le but de lui permettre de payer ses frais de transport de même que ceux de sa famille à Fort Steele, lors de sa nomination comme agent des Sauvages à l'agence de Kootenay. Ce montant a été remboursé, depuis, au ministère sous forme d'un retrait de $\$ 50$ par mois sur le salaire de ce fonctionnaire pendant une période de cinq mois. Une avance de cette nature, laquelle après tout n'est qu'un simple prêt, est irrégulière et peut avoir pour résultat une perte pour l'État. Permettez-moi de vous demander si quelques circonstances particulières à ce cas pouvaient justifier le ministère de faire cette avance.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires indiennes.

## DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 12 mai 1922.

MONSIEUR, - En réponse à votre lettre du 9 courant au sujet d'une avance de $\$ 250.00$ à l'agent Helmsing afin de lui permettre de payer ses frais de transport de Victoria, C.-B. à Fort-Steele lors de sa nomination à la position d'agent des Sauvages au mois d'août dernier pour le district de Kootenay, j'ai l'honneur de vous dire que la demande nous est venue du département par l'entremise de l'inspecteur Ditchburn dans une dépêche en date du 31 août dernier. On a cru que, parce qu'il était marié et père de famille, et parce qu'il avait fait du service actif outre-mer, M. Helmsing ne se trouvait pas en état de payer ses dépenses de transport de même que celles de sa famille et le transport de ses effets de Victoria à Fort-Steele, et c'est pourquoi le département s'est montré sympathique en sa faveur, ce cas étant un cas exceptionnel, et a fait l'avance demandée.

Votre obéissant serviteur, J.D. McLEAN, sous-surint. gén. supp.

A l'Auditeur général adjoint.

MONSIEUR, - J'ai l'honneur d'accuser réception de votre lettre du 12 mai en réponse à ma lettre du 9 mai au sujet d'une avance de $\$ 250$ faits à l'agent Helmsing lors de sa nomination à la position d'agent des Sauvages dans le but de lui permettre de payer ses frais de transport de Victoria à Fort-Steele, ce montant devant être déduit de son salaire par versements. Dans votre lettre vous déclarez que ce M. Helmsing était un homme marié et père de famille et que, comme il ne se trouvait pas en état de payer ses dépenses de transport le département a envisagé son cas d'une manière sympathique et a accordé l'avance en question.

Je suis d'avis que des avances de cette nature, lesquelles pratiquement sont des prêts et peuvent avoir pour résultat une perte pour l'État, sont irrégulières si non contraires à la loi, et ne doivent, en aucun cas, être accordées sur la seule autorisation du département. Dans des cas exceptionnels, tels que le présent cas, lorsque l'on juge à propos de faire une telle avance, la chose ne devrait se faire qu'avec l'autorisation directe au ministre.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires indiennes.

## Paiement de traitement d'après une échelle de traitement différente de l'échelle de traitement autorisée par la Commission du Service civil

## BUREAU DE L'AUDITEUR, OTTAWA, le 7 octobre 1922.

MONSIEUR, - Le 25 juin 1920 la Commission du Service civil a émis deux certificats comportant la nomination permanente de Herbert Sutherland, de Bella-Colla, C.-B. aux positions (1) de chaloupier pendant la saison de navigation au traitement de $\$ 80$ par mois et (2) de constable lorsqu'il n'est pas en service en qualité de chaloupier à un traitement de $\$ 60$ par mois, cette nomination permanente datant du 23 juin 1920. Je constate, cependant, que ce M. Sutherland, a touché un traitement basé sur une échelle de $\$ 85$ par mois jusqu'au 31 décembre 1920, alors qu'il a repris sa position de constable à $\$ 60$ par mois. Veuillez me dire pourquoi, en sa qualité de chaloupier, M. Sutherland, a touché un traitement basé sur une échelle plus élevée que l'échelle appliquée à cette position par la Commission du Service civil.

Je suis, monsieur, votre obéissant serviteur,
WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires indiennes, Ottawa.

## DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 15 novembre 1922.

MONSIEUR, - En réponse à votre lettre du 7 du mois dernier à propos du paiement à M.H. Sutherland, chaloupier et constable, de l'agence de Bella-Colla, du 23 juin 1920 au 31 décembre de la même année, d'un traitement plus élevé que le traitement appliqué à cette position par la Commission du Service civil, j'ai l'honneur de vous dire qu'aux termes de l'article 38a de la Loi du Service civil 1918, modifiée, la position de M. Sutherland ne tombe pas sous le coup de la Loi du Service civil.

Votre obéissant serviteur,
A. l'Auditeur général, Ottawa.

MONSIEUR, - Le 25 juin 1920, la Commission du Service civil a émis deux certificats comportant la nomination permanents (saisonnière) de Herbert Sutherland de Bella-Colla, C.-B. aux positions (1) de chaloupier pendant la saison de la navigation au traitement de $\$ 80$ par mois et (2) de constable lorsqu'il n'est pas en service en qualité de chaloupier au traitement de $\$ 60$ par mois, cette nomination permanents datant du 23 juin 1920 position $\mathrm{N}^{\circ}$ IA-IA2-212). Je constate, cependant, que le département des Affaires indiennes a payé M. Sutherland sur une échelle de traitement de $\$ 85$ par mois pendant qu'il était employé comme chaloupier.

A la suite d'une demande de renseignements au département des Affaires indiennes touchant l'autorisation permettant de payer à M. Sutherland un traitement basé sur une échelle de traitements plus élevée que l'échelle de traitements indiquée dans le certificat de la commission, on m'a répondu qu'aux termes de l'article 38-A de la Loi du Service civil, 1918, modifiée, la position de M. Sutherland ne tombe pas sous le coup de la Loi du Service civil.

L'article auquel le département des Affaires indiennes fait allusion se lit comme suit: "Les disposition de la présente loi ne s'appliquent pas aux emplois dépendants des chemins de fer de l'État ou de l'un quelconque des chemins de fer possédés ou contrôlés par Sa Majesté, ni à aucun emploi sur aucun navire de Sa Majesté avant que le Gouverneur en conseil en ordonne autrement." Veuillez me dire si vous considérez qu'une chaloupe d'un département peut à bon doit être considérée comme un navire, et Si le département des Affaires indiennes est justifié de payer à M. Sutherland un traitement basé sur une échelle de traitements plus élevée.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le secrétaire de la Commission du Service civil, Ottawa.

## Excédent de paiement de traitements à des infirmières diplômées à Kitamaat, C.-B.

BUREAU DE L'AUDITEUR, OTTAWA, le 1er avril 1922.
MONSIEUR, - Mlle S.E. Alton a été employée par votre ministère a Kitamaat, C.-B., et elle a été payée à même le crédit pour l'école. Sa position ( $\mathrm{N}^{\circ} 1 \mathrm{~A}-1 \mathrm{~A} 2-200$ ) a été originairement classifié comme gouvernante, réserve des sauvages avec un traitement allant de $\$ 480$ à $\$ 900$. Plus tard toutefois, cette position a été classifiée comme infirmière diplômé, à partir du 1er avril 1921, avec un traitement allant de $\$ 900$ à $\$ 1,200$. Le traitement que recevait Mlle Alton avant le 1er avril 1919 était de $\$ 780$ par année ce qui lui donnerait droit dans la classe de gouvernante, réserve des sauvages, à $\$ 840$ pour l'exercice 1919-20, et à $\$ 900$ pour l'exercice 1920-1. Cependant, je constate que bien qu'elle ait reçu le traitement exact pendant 1919-20, elle a été payée a l'échelle de $\$ 960$ pendant 1920 - 21, ce qui est $\$ 60$ de plus que le maximum de sa classe.

Mlle Alton a obtenu un congé de 12 mois sans salaire du 1er janvier 1921, et sa place a été prise par Mme Ida Love, qui a été payée au taux de $\$ 960$ par année à partir du 1er janvier 1921. Je ne peux rien trouver pour approuver la nomination de Mme Love par la Commission du Service civil. Veuillez m'informer sur quelle autorisation vous vous êtes basé pour l'employer. Je suis d'avis qu'elle aurait dû recevoir le traitement minimum prescrit pour gouvernante, réserve des sauvages, du 1er janvier au 31 mars 1921 et selon l'échelle minimum pour une infirmière diplômée, si telle était sa qualification, après cette date, à moins que la commission n'autorisât des échelles
plus élevées comme étant les échelles prévalentes. J'aimerais à ce que vous m'expliquiez ce qui semble être des excédents de paiement à ces deux dames.

Je suis, monsieur, votre obéissant serviteur, E.D. SUTHERLAND, A.G.

Au sous-surintendant général des Affaires indiennes.

## DÉPARTEMENT DES AFFAIRES INDIENNES, OTTAWA, le 11 avril 1922.

MONSIEUR, - J'ai l'honneur d'accuser réception de votre lettre du 1er courant.
En ce qui concerne le paiement d'un traitement salon l'échelle de $\$ 960$ par année à Mlle S.E. Alton pour l'exercice 1920-21, je dois dire que le 16 juin 1920, le sous-surintendant général approuva que Mlle Alton fût classifiée comme infirmière diplômée, au lieu de gouvernante, réserve des sauvages, vu qu'elle était diplômée du Fort Simpson Hospital, membre de la Graduate Nurses Association of British Columbia, et qu'elle accomplissait la besogne que seule, une infirmière diplômée pouvait faire, où, à part les sauvages, il y a aussi un pensionnat, et que le médecin le plus rapproché se trouve à une distance de 60 milles par eau. Mlle Alton a passé les meilleures années de sa vie parmi les sauvages de la côte et elle est très heureuse dans toutes les relations qu'elle a avec eux.

On regrette que rien n'a été fait au sujet de sa nouvelle classification, par suite d'une inadvertance jusqu'au 31 mars 1921, alors que la Commission du Service civil a été avertie, qu'après investigation, la classification de Mlle Alton comme gouvernante, réserve des sauvages, était une erreur, qu'elle était une infirmière diplômée, remplissant les fonctions d'une infirmière diplômée, et on demandait que l'erreur fût rectifiée et que sa classification fût changée en celle d'infirmière diplômée. On avait l'intention que cette classification remontât au 1er avril 1919, alors qu'est survenue l'erreur dans la classification.cause de cela, et par suite des services excellents que Mlle Alton a rendus en tant qu'infirmière diplômée, et qu'elle ne retirait que le traitement d'une gouvernante, réserve des sauvages, je demanderais qu'on ne lui demande pas d'effectuer un remboursement.

En ce qui se rapporte au traitement payé à Mme Ida Love, qui a remplacé Mlle Alton pendant son congé d'un an sans traitement, je dois vous dire que les services de Mlle Alton ont été obtenus par l'entremise de la Women's Missionary Society de l'église méthodiste, et avant que son congé lui eût été accordé, le département a été averti que cette société avait une infirmière diplômée de l'hôpital de Winnipeg, demeurant à Vancouver, qui était désireuse de la remplacer pendant un an. Comme Kitamaat est isolé, que le service du courrier postal mensuel est irrégulier, et qu'il est difficile d'obtenir des infirmières diplômées pour y demeurer, le département s'est trouvé heureux de profiter de ses services, au même traitement que celui payé à Mlle Alton, afin qu'il ne survînt pas d'interruption dans la besogne.

Le département entra en communication avec la secrétaire de la Women's Missionary Society précitée, le 26 janvier 1921, au sujet du paiement du traitement de Mme Love, et on l'avertit en réponse qu'elle avait déjà fait parvenir une remise couvrant le traitement d'un trimestre à Mme Love, croyant qu'il était plus sage de continuer comme anciennement, vu que les changements sont une source de confusion, ce qu'elle désirait éviter.

Les services de Mme Love comme infirmière diplômée, à Kitamaat, cessèrent le 31 décembre dernier. Si vous estimez la chose nécessaire, on priera la Commission du Service civil d'émettre un certificat temporaire couvrant la période pendant laquelle Mme Love a remplacé Mlle Alton.

Votre obéissant serviteur, J.D. McLEAN, sous-surint. gén. supp.

A l'auditeur général, Ottawa.

## Emploi d'instituteurs sans l'autorisation de la Commission du Service civil

BUREAU DE L'AUDITEUR, OTTAWA, 7 juillet 1922.
MONSIEUR, - Dans le volume de la classification préparé par la Commission du Service civil, je trouve, à la page 748, la position "Instituteur (École des Sauvages)" avec des appointements variant de $\$ 55$ a $\$ 90$ par mois. Je conclus de ceci que c'était l'intention de faire remplir les positions comprises sous ce titre par la commission à moins qu'elles ne soient exemptées en vertu des dispositions de l'article 38-B de la loi portant modification à la Loi du Service civil de 1918.

Je constate que le département des Affaires des Sauvages emploie des instituteurs, apparemment sans consulter la commission à ce sujet. Sur demande adressée au comptable de ce département relativement à ces nominations j'ai reçu la réponse suivante. "En réponse à votre demande de renseignements relativement à l'autorisation en vertu de laquelle ces instituteurs ont été nommés sans consulter la commission, je dois vous dire que je ne suis pas en mesure de vous renseigner à ce sujet."

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le secrétaire de la Commission du Service civil, Ottawa.

## COMMISSION DU SERVICE CIVIL, OTTAWA, 12 juillet 1922.

CHER MONSIEUR, - En réponse à votre lettre du 7 courant, relativement à la position "Instituteur, École des Sauvages", je vous ferai remarquer que la commission considère actuellement la possibilité d'exempter cette position de la Loi du Service civil.

Bien a vous,
C.H. BLAND, secrétaire.

WM. KEARNS, Auditeur général adjoint.

## Toutes les recettes publiques, quelque soit leur provenance, doivent être versées au crédit du Receveur général

BUREAU DE L'AUDITEUR, OTTAWA, 1er décembre 1922.
MONSIEUR, - Ma demande de renseignements adressée à votre comptable, relativement à certaines transpositions faites par M. W.M. Graham de Regina du "Compte d'Entrepôt" au "Compte de l'Augmentation de Production", il a répondu que "lorsque de grandes quantités de vêtements, d'équipement, de fournitures d'hôpitaux, etc., ont été prises des ministères de la Milice et de la Défense et du Rétablissement des Soldats dans la vie civile, ces effets ont été emmagasinés dans notre Entrepôt de Regina et soit vendus aux sauvages et aux écoles, et tous les frais, y compris les salaires, etc., sont couverts à même le produit de ces ventes."

Je vous ferai remarquer que cette procédure n'est pas conforme à la Loi du Revenu Consolidé et de l'Audition. Bien que ces effets aient été transférés par d'autres départements au vôtre gratuitement, ils n'en sont pas moins des effets du gouvernement et vous êtes tenu de rendre compte de leur disposition de la même manière que vous le feriez pour les achats de surplus de matériel acquis par votre département. La création d'un fonds spécial administré par Graham ou tout autre fonctionnaire de
votre département n'est pas, à mon avis, autorisée par la loi, ni par aucun règlement adopté par le conseil de la Trésorerie à cet effet. Le produit réel de toutes ces ventes doit être déposé au Crédit du Receveur Général et tout déboursé encouru pour la garde on la vente de ces effets doit être soldé de la manière ordinaire, à même vos crédits.

Veuillez avoir la bonté de me faire parvenir un état détaillé des effets reçus par votre département avec toute estimation qui peut en avoir été faite; aussi le détail de toutes les ventes et les dépenses faites à date, avec pièces justificatives à l'appui. Tout argent actuellement entre les mains de M. Graham au sujet du "Compté d'Entrepôt devra être déposé immédiatement au crédit du Receveur Général.

Je suis, monsieur, votre obéissant serviteur, WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires, indiennes.

To General His Excellency the Right Honourable Lord Byng of Vimy, G.C.B., G.C.M.G., M.V.O., Governor General and Commander-in-Chief of the Dominion of Canada.

OF THE

DEPUTY SUPERINTENDENT GENERAL OF
INDIAN AFFAIRS

FOR THE YEAR ENDED MARCH 31, 1922

## REPORT OF THE DEPUTY SUPERINTENDENT GENERAL

OTTAWA, August 15, 1922.
Hon. CHARLES STEWART,
Superintendent General of Indian Affairs,
Ottawa.
SIR, - I have the honour to submit the report of the Department of Indian Affairs for the year ended March 31, 1922.
Last year we published in the report a short history of the department. This year, as an appropriate sequence, we submit the following brief historical account of the treaty relations of the British and Canadian Governments with the Indians, from the earliest times down to the present date. This subject is considered timely as the past year has seen the completion of probably the last treaty that will be entered into with Canadian Indians, Treaty No. 11 covering the MacKenzie River District and surrounding parts.

## OUR INDIAN TREATIES

From the time of the first British settlement in New England, the title of the Indians to lands occupied by them was conceded and compensation was made to them for the surrender of their hunting grounds. The Crown has always reserved to itself the exclusive right to treat with the Indians for the surrender of their lands, and this rule, which was confirmed by the Royal Proclamation of October 7, 1763, is still adhered to.

In 1670, during the reign of Charles II, instructions were given to the governors of the colonies, which, among other matters, directed that Indians who desired to place themselves under the British should be well received and protected.

For nearly a century the Indians most intimately associated with the English were the Five Nations, living in what is now the state of New York. These were known as the "Iroquois League" and at first comprised the Mohawks, Oneidas, Cayugas, Onondagas and Senacas. In 1715 the Tuscaroras from North Carolina were admitted to this league, which from that time has been known as the "Six Nations".

There are still of record numerous agreements and treaties, dating back as far as the year 1664 and made by the British with the Indians of New England, while Canada was still under French Government.

## QUEBEC

Unlike the British, the French did not admit that the Indians had any title to lands but claimed them for the Crown by right of discovery and conquest. Reserves were, however, set apart from time to time for the use of the Indians and these were confirmed by the British in Article XL of the Articles of Capitulation signed at Montreal on September 8, 1760, which reads, in part, as follows: -
"The Savages or Indian Allies of his most Christian Majesty, shall be maintained in the lands they inhabit, if they choose to remain there; they shall not be molested on any pretence whatsoever, for having carried arms and served his most Christian Majesty."

In later years other reserves were set apart for Indians in the province of Quebec under authority of an Act of the province of Canada dated August 30, 1851 (14 \& 15 Victoria, Cap. 106).

## MARITIME PROVINCES

Two of the reserves in Prince Edward Island were grants from private owners and the third was purchased by the Dominion Government for the Indians. In New Brunswick and Nova Scotia some reserves were set apart by the Provincial Governments before Confederation and others have been purchased for the use of the Indians by the Dominion Government since that date.

## ONTARIO

Practically the whole of Upper Canada was surrendered to the Crown by treaties made by the Government with the Indians, reserves of sufficient extent being set apart for their use at points chosen by the Indians. In addition, to the indigenous tribes, it was necessary to provide lands for the Six Nations Indians who came to Canada after the American revolution to compensate them for the loss of their lands in the Mohawk Valley. Reserves were set aside for them on the Bay of Quinte and on the Grand river.

Up to the year 1818 the compensation for the lands, whether in goods or money, was said to the Indians at the time of treaty but since that date it has taken the form of an annuity.

Previous to the year 1829, the custom was to pay these annuities in goods of the same description as the annual presents, by which practice the Indians, having already received an adequate supply of clothing, had a strong inducement to dispose of the remainder for any object of more immediate want or attraction, among which liquor ranked foremost.

In 1829, Sir John Colborne, being desirous of checking the evils of this system and to promote the settlement and civilization of the Indians, obtained permission from the Secretary of State to apply the annuities towards building houses and purchasing agricultural implements and stock for such members of the several tribes, interested in the payments, as were disposed to settle in the province; and from that time the issue of goods in payment of annuities ceased. The change seems at first to have been unwillingly adopted by the Indians but was later generally approved of. Within two or three years the settlements at Coldwater, the Narrows, St. Clair and Munceytown were established by means of these funds and later several other settlements were formed or enlarged.

In consequence of this change it became necessary to credit each band, yearly, with the amount of its annuity and, to direct the expenditure of the money for its benefit. This has led to the admission of the Indians to a voice in the disbursement of their funds. The Government has not abandoned control but still exercises a restraint on improvident or improper expenditure and directs undertakings for their advantage, but the general practice is for the Indians to determine among themselves how the money is to be spent, sending a resolution of their council to the department covering each item.

There have been many surrenders of lands for the purpose of sale or lease, the proceeds of which are placed to the credit of the Indians, and there have been others for railway purposes, roads, churches, schools, etc., but the principal surrenders were made under Treaty and cover practically the whole province.

## OLD UPPER CANADA TREATIES

By treaty of May 15, 1786, the Ottawa and Chippewa Indians surrendered Anderdon township and part of West Sandwich, Lambton county; also Bois Blanc island in the Detroit river.

By treaty of May 19, 1790, the Ottawa, Chippewa, Pottawatomie and Huron Indians surrendered parts of Kent, Elgin and Middlesex counties, containing about 2,000,000 acres of land, in consideration of goods to the value of $£ 1,200$, currency delivered at the time of treaty.

By treaty of December 7, 1792, signed at Navy Hall, the Mississagua Indians surrendered Norfolk and Haldimand counties and parts of Lincoln, Wentworth, Brant, Oxford, Middlesex, Elgin and Welland counties, containing about 3,000,000 acres of land.

This surrender was taken to correct a defect in one taken on May 22, 1784.
The consideration in this case was $£ 1,180,7 \mathrm{~s}, 4 \mathrm{~d}$. sterling.
By treaty of September 7, 1796, the Chippewa Indians surrendered part of Middlesex and Oxford counties, on the north side of the River Thames, in consideration for which they were paid $£ 1,200$, Quebec currency, in goods, at the time of treaty.

By treaty of September 7, 1796, the Chippewa Indians surrendered part of Lambton and Kent counties, in consideration for which they were paid $£ 800$ currency, in goods at the time of treaty.

By treaty of August 21, 1797, the Mississagua Indians surrendered part of Nelson township, in Halton county, containing about 3,450 acres in consideration of goods to the value of $£ 752 \mathrm{~s}$. 6 d . delivered at the time of treaty.

By treaty of May 22, 1798, the Chippewa Indians surrendered part of Simcoe county, including Penetanguishene harbour and islands therein, for the sum of $£ 101$ paid to them in goods at the time of treaty.

By treaty of June 30, 1798, the Chippewa Indians surrendered St. Joseph, Cariboux or Payentanassin island, between Lakes Huron and Superior - one hundred and twenty miles in circumference - in consideration of goods, to the value of $£ 1,200$, Quebec currency, delivered to them at the time of treaty.

By treaty of September 11, 1800, the Ottawa, Chippewa, Pottawattamie and Wyandott Indians surrendered part of Essex county, containing 2,412 acres and a roadway, in consideration of the payment of $£ 300$ in goods delivered at the time of treaty.

By treaty of August 1, 1805, the Mississagua Indians surrendered Etobicoke, York and Vaughan townships and parts of King, Whitechurch and Markam townships, York county.

This was in confirmation of a surrender signed on September 23, 1787, when "divers goods and valuable consideration was given." Ten shillings was paid at the time of this confirmation.

By treaty of September 6, 1806, the Mississagua Indians surrendered part of Peel and Halton counties, to the extent of about 85,000 acres, in consideration of goods to the value of $£ 1,0009 \mathrm{~s} .13 / 4 \mathrm{~d}$. delivered at the time of treaty,

By treaty of the 17th and 18th of November, 1815, the Chippewa Indians surrendered part of Simcoe county containing about 250,000 acres, in consideration of $£ 4,000$ paid to the Indians at the time of treaty.

By treaty of August 6, 1816, the Mississagua Indians surrendered part of Thurlow township, Hastings county, at the mouth of Moira river, Bay of Quinte, containing about 428 acres, in consideration of $£ 107$ paid to the Indians at the time of treaty.

By treaty of October 17, 1818, the Chippewas of lakes Huron and Simcoe surrendered part of Gray, Wellington, Dufferin and Simcoe counties, containing about $1,592,000$ acres, in consideration of an annuity of $£ 1,200$ payable in goods.

By treaty of October 28, 1818, the Mississagua Indians surrendered parts of Wellington, Dufferin, Peel, and Halton counties to the extent of about 648,000 acres, known as the Mississagua Tract, in the Home District. The consideration
in this case was an annuity of $£ 522$ 10s. to be paid in goods.
By treaty of November 5, 1818, the Chippewa Indians surrendered Ryde township and parts of Muskoka, Morrison, Draper and Oakley, Muskoka district; part of

Ontario county; Victoria and Peterborough counties; and parts of Durham. Haliburton, Hastings and Northumberland counties, containing about $1,951,000$ acres, in consideration of an annuity of $£ 740$, province currency, payable in goods.

By treaty of February 28, 1820, the Mississagua Indians surrendered part of Toronto township, Peel county, containing about 2,000 acres in consideration of $£ 50$ currency paid at the time of treaty.

By treaty of July 8, 1822, the Chippewa Indians surrendered part of Middlesex, Lambton and Kent counties, containing about 580,000 acres, in consideration of an annuity of $£ 210$ s. in goods to each man, woman and child of the Chippewas then inhabiting and claiming the said tract of land, and who shall be living at the respective times appointed for the delivery of the said merchandise, during their respective lives and to their posterity for ever, provided that the number of annuitants should not at any time exceed 240, being the number of persons then composing the said nation claiming and inhabiting the said tract.

By treaty of July 8, 1820, the Mohawks of the Bay of Quinte surrendered about 52 square miles, in consideration of an annuity of $£ 210$ s. for each man, woman and child but not to exceed the sum of $£ 450$ a year.

By treaty of November 28, 1822, the Mississagua Indians surrendered parts of Carleton, Lanark, Renfrew, Frontenac, Addington and Hastings counties, containing about $2,748,000$ acres, in consideration of an annuity of $£ 210$ s. in goods, to each man, woman and child, provided the number of annuitants shall not at any time exceed 257, being the present number of persons entitled to the same.

By treaty of July 10, 1827, the Chippewa Indians surrendered parts of Waterloo, Wellington, Huron, Lambton, Middlesex and Oxford counties and all of Perth county, containing about 2,182,049 acres, in consideration of an annuity of $£ 1,100$ payable in goods.

This was in confirmation of a treaty signed by them on April 26, 1825, but giving the area surrendered more exactly.
By treaty of August 9, 1836, the Ottawa and Chippewa Indians surrendered their claim to Manitoulin island to be used as a reserve for all Indians.

By treaty of October 25, 1836, the Moravian Indians surrendered their lands on the north side of the River Thames, containing about 2500 acres, in consideration of an annuity of $\$ 600$.

The annuities granted to the Indians under the Old Upper Canada treaties were capitalized some time previous to confederation and the interest placed each year to the credit of their respective amounts and distributed to the Indians entitled to them semi-annually with the interest derived from sale of their lands, timber, etc.

By treaty of September 7, 1850, at Sault Ste. Marie, the Ojibway (or Chippewa) Indians surrendered the land on the north shore of lake Superior, including the islands, from Batchawana bay to Pigeon river, and inland to the height of land, except reserves mentioned, in Algoma and Thunder Bay districts, in consideration of an immediate payment of $£ 2,000$ and an annuity of $£ 500$. If the territory ceded should produce a sufficient amount the annuity to be increased to $£ 1$ currency for each individual, provided the number of annuitants shall be two-thirds of their present number (which is 1,240 ). This increase of annuity was authorized by Order in Council of July 22, 1875, and arrears of increase paid for the years 1853, 1854 1856, 1872, 1813 and 1874.

By treaty of September 9, 1850, the Ojibwa (or Chippewa) Indians surrendered the eastern and northern shores of lake Huron, including the islands, from Penetanguishene to Batchawana bay, and inland to the height of land, except reserves mentioned, in Muskoka, Parry Sound, Nipissing and Algoma districts, in consideration of an immediate payment of $£ 2,000$ and an annuity of $£ 600$. If the territory ceded should produce a sufficient amount the annuity to be increased to $£ 1$ currency for each individual provided the number of annuitants shall be two-thirds of their
present number (which is 1,422 ). This increase of annuity was authorized by Order in Council of July 22, 1876, and arrears of increase paid for 1873 and 1874.

Treaty 9
In the years 1905 and 1906 Treaty Commissioners Duncan C. Scott and Samuel Stewart (for the Dominion) and Daniel George MacMartin (for the Province of Ontario) negotiated a treaty with the Ojibwa and Cree Indians north of the height of land and a surrender was obtained of a tract of land described in the treaty, containing about 90,000 square miles, under the following conditions: Lands to be reserved for the use of the Indians to the extent of one square mile for each family of five. A present of $\$ 8$ to be made to each Indian at the time of treaty. An annuity of $\$ 4$ for each Indian and schools to be established for the Indians where necessary.

This treaty was signed at: -

The annuities granted to the Indians under the Robinson Treaties and Treaty No. 9 are distributed yearly to the Indians entitled to them.

## MANITOBA AND THE NORTHWEST TERRITORIES

By treaty of July 18, 1817, the Chippewa or Saulteaux and the Killistine or Cree Indians surrendered a large tract of land in the Red River district, now in Manitoba, for the Selkirk Settlement, in consideration of an annuity of 100 pounds of tobacco to be delivered to each of the two nations. The Earl of Selkirk had purchased the rights of the Hudson Bay Company to this land on June 21, 1811, for the consideration of ten shillings and certain agreements and understandings contained in an indenture. In 1836 the Hudson Bay Company bought back the whole tract from the heirs of the Earl of Selkirk for the sum of $£ 84,000$, the rights of colonists, who had purchased land between 1811 and 1836 being respected.

This tract of land was afterwards included in Treaty No. 1, 1871.
By Treaty No. 1, dated August 3, 1871, Treaty Commissioner Wemyss M. Simpson obtained a surrender from the Chippewas and Swampy Creek, of a tract of land (described in the treaty) reserving 160 acres, for each family of five

Indians, in several localities in consideration of an annuity of $\$ 3$ for each man, woman and child, Her Majesty agreeing to maintain a school on each reserve for the use of the Indians.

By Treaty No. 2, dated August 21, 1871, Treaty Commissioner Wemyss M. Simpson obtained a surrender from the Chippewa Indians of a tract of land (described in the treaty) reserving certain lands for the use of the Indians to the extent of 160 acres for each family of five persons, in consideration of an annuity of $\$ 3$ for each man, woman and child, Her Majesty agreeing to maintain a school on each reserve for the use of the Indians.

By Order in Council of April 30, 1875, Treaties Nos. 1 and 2 were amended raising the amount of annuity from $\$ 3$ to $\$ 5$ with an additional \$20 per annum to each chief and giving a suit of clothes every third year to each chief and headman.

An acceptance of this amendment was signed by the Indians on August 23, 1875.
By Treaty No. 3 (Northwest Angle), dated October 3, 1873, the Treaty Commissioners, Hon. Alexander Morris, Lt.Governor of Manitoba and the Northwest Territories, T.A.N. Provencher and S.J. Dawson, obtained a surrender from the Saulteaux and Ojibway Indians, of a tract of land (described in the treaty) comprising an area of about 55,000 square miles, reserving certain lands for the use of the Indians, to the extent of one square mile for each family of five, in consideration of a present of $\$ 12$ for each man, woman and child and an annuity of $\$ 5$ for each Indian. Her Majesty further agreed to maintain a school for the Indians on each reserve and to supply the Indians with $\$ 1,500$ worth of ammunition and twine (annually), also implements and cattle and that the Chiefs be paid a salary of $\$ 25$ a year and the sub-chiefs (three to each band) $\$ 15$ a year. The chiefs and sub-chiefs were to receive a suit of clothes once every three years and a medal and flag to be given to each chief.

On June 9, 1914, the Indians of Lac Seul, Trout and Sturgeon Lakes signed an adhesion to Treaty No. 3 (Northwest Angle).

By Treaty No. 4 (the Qu'Appelle Treaty), dated September 15, 1874, the Treaty Commissioners, Hon. Alexander Morris, Lt.-Governor of Manitoba and the Northwest Territories, Hon. David Laird, Minister of the Interior, and W.T. Christie, obtained a surrender from the Cree and Saulteaux Indians of a tract of land (described in the treaty) upon the same terms as Treaty No. 3, with the exception that four subchiefs were allowed to each band and the annual grant for ammunition and twine was $\$ 750$.

The following adhesions were signed to Treaty No. 4, at: -
Fort Ellice, on September 21, 1874.
Swan Lake, on September 24, 1874.
Qu'Appelle Lakes, on September 8 and 9, 1875.
Fort Pelly, on August 24, 1876.
Fort Walsh, September 25, 1877.
By Treaty No. 5 (Lake Winnipeg Treaty), dated September 20 and 24, 1875, at Berens River and Norway House, the Treaty Commissioners, Hon. Alexander Morris and Hon. James McKay, obtained a surrender from the Saulteaux and Swampy Cree Indians of a tract of land (described in the treaty) containing about 100,000 square miles.

The terms of this treaty are similar to those of Treaty No. 3.
The following adhesions to Treaty No. 5 were signed by: Chief Thick Foot's Band on September 28, 1875.
Bloodvein, Big Island, Dog Head and Jack Head bands on July 26, 1876.
Grand Rapids, on August 4, 1876.
Black River Band, on September 27, 1876.
Pas, Cumberland, and, Moose Lake bands on September 7, 1876.
Split Lake, on June 26, 1908.

Nelson House, on July 13, 1908.
Norway House, on July 8, 1908.
Cross Lake, on July 15, 1908.
Fisher River, on August 24, 1908.
Oxford House, on July 29, 1909.
Gods Lake, on August 6, 1909.
Island Lake, on August 13, 1909.
Deer Lake, on June 9, 1910.
Fort Churchill, on August 1, 1910.
York Factory, on August 10, 1910.

By Treaty No. 6, dated August 23 and 28 and September 9, 1876, at Fort Carlton, Fort Pitt and Battle River, the Treaty Commissioners, Hon. Alexander Morris, Hon. James McKay and Hon. W.J. Christie, obtained a surrender from the Plain and Wood Cree Indians of a tract of land (described in the treaty) containing about 121,000 square miles.

The terms of this treaty are similar to those of Treaty No. 3.
Adhesions to Treaty No. 6 were signed by the Cree Indians at Fort Pitt on August 9, 1877, and August 19, 1878.
By the Crees, at Blackfoot Crossing and Bow River on September 25, 1877.
By the Stony Plain Indians on August 29, 1878.
By the Wood Crees at Carlton on September 3, 1878.
By Crees (Michel Calistrois) on September 18, 1878.
By Little Pines band on July 2, 1879.
By Big Bears band on December 8, 1882.
Robert and William Charles bands, signed an adhesion to Treaty No. 6 on February 11, 1889, at Montreal Lake and surrendered lands (described in the adhesion to treaty) containing about 11,066 square miles.

The Waterhen River band signed an adhesion to Treaty No. 6 on the 8th of November, 1921.
By Treaty No. 7 (Blackfoot) dated September 22, 1877, at Blackfoot Crossing, the Treaty Commissioners, Hon. David Laird and James F. McLeod, obtained a surrender from the Blackfoot, Blood, Peigan, Sarcee and Stony Indians of a tract of land (described in the treaty).

The terms of this treaty are similar to those of Treaty No. 3.
An Adhesion to Treaty No. 7 was signed by Chief Three Bulls on behalf of his band on December 4, 1877.

## Treaty 8

A Treaty was made on June 21, 1899, by the Treaty Commissioners, Hon. David Laird, J.A.J. McKenna, and J.H. Ross, with the Cree, Beaver and Chipewayan Indians by which the Indians surrendered a tract of land (described in the treaty) on the following conditions. -

Lands were to be reserved for the use of the Indians to the extent of 160 acres for each Indian.
Each Chief was to receive a present of $\$ 32$, each Head-man $\$ 15$ and each Indian $\$ 12$ at the time of Treaty.
Each Chief was to receive an annuity of \$25, each Head-man \$15 and each Indian \$5.
Each Chief was to receive a medal and a flag, and each Chief and head-man a suit of clothes every third year.
School teachers were to be provided for the Indians and implements, cattle, ammunition and twine were to be supplied.

This treaty was signed at: -
Lesser Slave Lake, on June 21, 1899.

Peace River, on July 1, 1899.
Vermilion, on July 8, 1899.
Fond du Lac, on July 25 and 27, 1899.
Dunvegan, on July 6, 1899.
Fort Chipewayan, on July 13, 1899. Fort McMurray, on August 4, 1899. Wapiscow Lake, on August 14, 1899.
Adhesions to Treaty No. 8 were signed before Treaty Commissioner J.A. Macrae by the Beaver Indians of Upper Peace River on May 30; the Sturgeon Lake band
on June 8; the Slave Indians of Upper Ray River on June 23; and by the Great Slave lake Indians (south shore) on July 25, 1900.

The Slaves and Sicanees Indians of Fort Nelson, B.C., signed an adhesion to Treaty No. 8 before Commissioner H.A. Conroy on August 15, 1910.

## Treaty 10

In the year 1906 Treaty Commissioner J.A.J. McKenna negotiated a treaty with the Chipewayan and Cree Indians by which they surrendered a tract of land (described in the treaty) containing about 85,800 square miles, upon terms similar to those of Treaty No. 8.

This treaty was signed at: -
Isle-à-la-Crosse, on August 28, 1906.
Lac du Brochet, on August 19 and 22, 1906, and
Canoe Lake, on September 19, 1906.

## Treaty 11

By Treaty No. 11, dated June 27, 1921, Commissioner H.A. Conroy obtained the surrender from the Indians of a tract of land in the Mackenzie River District (described in the treaty) containing about 372,000 square miles. The terms of this treaty are similar to those of Treaty No. 8, and it was signed by the Indians at: -

Simpson, on July 11, 1921.
Wrigley, on July 13, 1921.
Norman, on July 15, 1921.
Good Hope, on July 21, 1921.
Arctic Red River, on July 26, 1921.
McPherson, on July 28, 1921.
Rae, on August 22, 1921.
The annuities granted by treaty to the Indians of Manitoba and the Northwest Territories (now Alberta and Saskatchewan and the North-west Territories) are distributed yearly to those entitled to them.

## HEALTH SUPERVISION.

The health of the Indians has been normal during the past year. The department provides medical attention for the Indian bands in all parts of the Dominion, and all possible effort is being made to preserve and improve the physical wellbeing of the native races.

Recently there has been inaugurated a policy with a view to better medical and prophylactic supervision for the western Indians. Within the last few months there have been appointed a number of travelling nurses whose duty it is to inspect the Indian schools and to go about among the homes on the reserves giving assistance and advice. These
nurses work in co-operation with the Indian agents and departmental medical attendants, and much is being accomplished in the way of improving the health conditions of the Indians. Simple talks on sanitation, diet, and homemaking are given, and many of the Indian women gratefully accept the advice of the nurses regarding the care of their children. Thorough examinations are made and treatments given when required. One great drawback is the fact that the older Indians are inclined to place their faith in the Indian medicine men, and refuse treatment by white doctors. This difficulty, however, is being gradually overcome, and it is found that the hospitals which are maintained on various Reserves are becoming more freely used by the Indian people.

Tuberculosis has always been one of the greatest enemies of the Indians. The educational work now being carried on should have great effect in lessening the ravages of this disease. Not only are the Indians being instructed on questions of health by the nurses who periodically visit the reserves, but they are given continuous advice, assistance and treatment by field matrons employed by the department for their benefit. In addition to their duties as nurses, these field matrons are endeavouring to encourage the Indian women and girls to make their homes more like those of white people. Instead of thinking only of daily needs, they are being taught to provide for the future: for instance, they are instructed in methods of canning fruit and vegetables for the winter months, and they are encouraged to cultivate gardens, the department supplying the necessary seed. It is felt that by such simple instruction in the art of living, coupled with the care given by the Indian agents and medical attendants, the health of the Indian people is being materially improved.

## AMENDMENTS TO THE INDIAN ACT

The provisions respecting the enfranchisement of Indians were modified so as to place the initiative with the Indian concerned by the following amendment: -

The Indian Act following Amendment. -
"107 (1) Upon the application of an Indian of any band or upon the application of a band on a vote of a majority of the male members of such band of the full age of twenty-one years at a meeting or council thereof summoned for that purpose according to the rules of the band and held in the presence of the Superintendent General for of an officer duly authorized to attend such council, by the Governor in Council or by the Superintendent General, a Board may be appointed by the Superintendent General to consist of two officers of the Department of Indian Affairs and a member of the band to which the Indian or Indians under investigation belongs, to make inquiry and report as to the fitness of any Indian or Indians to be enfranchised. The Indian member of the Board shall be nominated by the council of the band, within thirty days after the date of notice having been given to the council, and in default of such nomination the appointment shall be made by the Superintendent General. In the course of such inquiry it shall be the duty of the Board to take into consideration and report upon the attitude of any such Indian towards his enfranchisement, which attitude shall be a factor in determining the question of fitness. Such report shall contain a description of the land, occupied by each Indian, the amount thereof and the improvements thereon, the names, ages and sex of every Indian whose interests it is anticipated will be affected, and such other information as the Superintendent General may direct such Board to obtain."

## INDIAN SOLDIER SETTLEMENT

Part III of the Indian Act passed at the Session of 1919 confers upon the Deputy Superintendent General all the powers of the Soldiers' Settlement Board in dealing with Indian returned soldier settlers.

In purchasing a location on a reserve for an Indian returned, soldier settler, the Deputy Superintendent General acquires for such settler merely the improvements and usufructuary interest, the land itself remaining part of the common property of the band, from which it cannot be alienated, except as provided by the Indian Act. In other words, the department, as a matter of law and quite apart from any considerations of policy, cannot acquire or convey the fee to lands on a reserve.

The verbiage of the statute, however, was not sufficiently full on these points, and in consequence considerable alarm was occasioned among the Indians, who feared that the band title to the lands might be prejudicially affected. In order to allay these misgivings, the verbiage has been amplified and clarified by the following amendment of 1922: -

The Indian Act as amended, 1922: -
"197. The Deputy Superintendent General may acquire, for a settler who is an Indian, land as well without as within an Indian reserve, and shall have authority to set apart for such settler a portion of the common lands of the band without the consent of the Council of the band. In the event of land being so acquired or set apart on an Indian reserve, the Deputy Superintendent General shall have power to take the said land as security for any advances made to such settler, and the provisions of the Soldier Settlement Act, 1919, shall, as far as applicable, apply to such transactions. It shall, however, be only the individual Indian interest in such lands that is being acquired or given as security, and the interest of the band in such lands shall not be in any way affected by such transactions."

The Section repealed. -
"197. The Deputy Superintendent General may acquire for a settler who is an Indian, land as well without as within an Indian reserve, and shall have authority to grant to such settler a location ticket for common lands of the band without the consent of the council of the band, and, in the event of land being acquired or provided for such settler in an Indian reserve, the Deputy Superintendent General shall have power to take security as provided by the Soldier Settlement Act, 1919, and to exercise all otherwise lawful rights and powers with respect to such lands notwithstanding any provisions of the Indian Act to the contrary."

## INDIAN SOLDIER SETTLEMENT

The work in connection with the Indian Soldier Settlement during the past year has been more to consolidate and establish on a firm basis those loans already made, rather than making new loans. Great care has been exercised in granting loans as is evidenced by the fact that while 361 applications for loans have been received only 190 loans have been approved, and the settlers are meeting their obligations quite satisfactorily.

The total amount expended to March 31, 1922, amounts to $\$ 368,117.54$, made up as follows: -

| Permanent Improvements - | $\ldots$. |
| :--- | :--- |
| Acquiring land, fencing, erecting buildings, etc. | $\$ 210,198.47$ |
| Stock and Equipment - | $\ldots$ |
| Purchase of horses, cattle, implements, seeds, etc. | 126,87069 |
| Repayments to Soldier Settlement Board and refunds | 24,96768 |
| Expenses of administration in the field | 6,08070 |
| Total | $\$ 368,11754$ |
| Repayments made by Indian settlers amounted to | $\$ 22,10624$ |
| Made up as follows - | $\ldots$. |
| On permanent improvements | 5,67320 |
| On stock and equipment | 11,67773 |
| Interest changes | 4,75531 |

The season of 1921 was a particularly poor year for farmers, and the Indian settlers found it discouraging work, but have persevered and this year promises to repay them for their efforts during the trying circumstances of the past.

The failure of last year's crops necessitated the furnishing of a large quantity of seed and feed this spring, but the encouraging outlook and the confidence displayed by the Indians augurs well for the success of the Indian farmers.

A new and more efficient system of accounting in connection with the Soldier Settlement work was inaugurated with the transfer of the work to the Accountants' Branch in February last.

## RECORDS BRANCH

The keeping of the records in this department is a work of special importance, particularly in view of the mass of interesting and valuable historical documents and papers that have accumulated on the files since the first Indian office was established more than one hundred and fifty years ago.

In the very early days there was no registration system of any kind. Letters were received and answered, folded and put away in bundles in order of date. Sometimes there was a draft of a reply and sometimes a note on the letter that a reply had been sent on such a date but that was all.

At the end of the eighteenth and the beginning of the nineteenth century the department was divided, the office of the Superintendent General and the secretary being at Montreal and that of the Deputy Superintendent General and the assistant secretary at Fort George (Niagara).

Here at Niagara is the first mention of a records room, in a complaint made in the year 1800 that it had no desk, no shelf and no fuel.

During the war of 1812-14 the Indian records were, for safekeeping, transferred from Niagara, on the frontier, to York, but on the 27th of April, 1813, the Americans raided York; all the papers were taken and no account has since been had of them.

Following the abolition of the office of Superintendent General in 1828 the secretary of the department was moved from Montreal to Quebec in 1830 and back to Montreal in 1840.

This division of the department, the moving of its offices and the changes of administration - sometimes under civil government and sometimes under military control, now under the Governor General's secretary, now under the Crown Lands Department and now under the Secretary of State, has left confusion in the mass of records.

Sir John Johnson was appointed Superintendent General of Indian Affairs in 1782, but up to the year 1821 there had been no letter book or letter register kept in his office at Montreal.

The present series of letter books commenced in 1829 and a few of the earlier volumes are not indexed.
A commission was appointed to "investigate into the business, conduct and organization of the various public departments of the province of Upper Canada" and among other recommendations in their report, dated the 1st of February, 1840, we read: -
"Your Committee suggests that in the conduct of his office, the Chief Superintendent should be obliged to keep "1st. A Book in which shall be entered all the correspondence of the department, with an alphabetical index."

This was the origin of our letter registers.
14-2

At first each letter was registered and filed separately. Then, for convenience, letters on the same subject were tied together and a note made in the register to that effect.

The present system of having all letters on each subject with the draft replies placed in order of date on one file with an endorsed back, first came into use about 1870.

During the past year there were received and registered about 71,668 letters, vouchers and returns and there were about, 23,600 letters and telegrams sent out. These figures, of course, do not include circular letters, acknowledgements, cheque letters or receipts. There were 1,212 registered letters and 1.460 unregistered money letters received.

In addition to this there have been numerous searches made during the year, among the old records both in the department and in the Public Archives, necessitated by request for historical data and for the settlement of claims and disputes.

## EDUCATION

A total of 321 Indian schools, of all classes, were in operation during the year, namely, 250 day, 55 boarding and 16 industrial. In the tabular statements, in part II of this report, will be found a list of these schools, giving the reserve, agency and province and the enrolment in each case.

As compared with the previous year, there is a decrease of three day schools and three boarding schools, and an increase of one industrial school. In the boarding school class, the Port Simpson Girls' Home and the Sarcee Boarding School were closed, the former having been burnt and not yet rebuilt, and the latter is now being used for hospital purposes. A new industrial school was erected at Fraser Lake, which replaces the boarding school formerly conducted at Stuart Lake, which latter has been closed. Several day schools were closed owing to lack of attendance or inability to secure teachers, while several schools in this class, which had been closed for some time, were reopened, and new schools started at several points.

The total enrolment for the year was 13,021 pupils; 6,605 boys and 6,416 girls. This, as compared with the preceding year, shows an increased enrolment of 463 pupils. There was an enrolment of 7,990 in the day schools, 3,234 in the boarding schools and 1,798 in the industrial schools.

The average attendance during the year at these three classes of schools was 8,664, which is slightly less than that for the preceding year, when it was 8,723 .

The percentage of attendance of the number enrolled during the year was 66.46, a decrease of 3 per cent.
In addition to the above there are about 130 Indian children, the greater number of whom are orphans, being provided for and educated in public and private residential schools throughout the Dominion, besides a number who are attending high schools.

The 321 schools, comprising day, boarding and industrial, in operation during the year, were conducted under the following auspices: Undenominational, 50 day and 1 industrial; Roman Catholic, 85 day, 32 boarding and 9 industrial; Church of England, 70 day, 15 boarding and 3 industrial; Methodist, 40 day, 1 boarding and 3 industrial; Presbyterian, 4 day, and 7 boarding, and the Salvation Army, 1 day school.

Qualified teachers with professional training are engaged whenever it is possible to obtain them. In the older settled portions of the different provinces, the greater number of the teachers are so qualified. In the schools situated on the more remote reserves, it is difficult to secure teachers with certificates. Many of our teachers who have not professional qualifications have, however, long experience and are meeting with a great measure of success in Indian school work.

The Indian schools in Ontario, Quebec, Nova Scotia and Prince Edward Island are inspected semi-annually by the provincial, separate and public school inspectors under
arrangements with the Department of Education of each province. In New Brunswick and British Columbia, Indian schools are inspected by officials appointed by the department. Arrangements have recently been completed with the Provincial Departments of Education for the provinces of Manitoba, Saskatchewan and Alberta to utilize the services of their school inspectors in inspecting Indian schools. In addition to this inspection, the schools are under the supervision of the different Indian agents, who are required to make regular inspections and reports.

The course of study is that prescribed for the provincial public and separate schools of the province in which the Indian schools are located, and is strictly followed.

Our school buildings, in most cases, compare favourably with white schools similarly situated, also in the work performed in the classroom and in the equipment provided.

New modern, up-to-date and thoroughly equipped buildings were completed during the year, as follows: An industrial school with accommodation for 150 children at Fraser Lake, B.C., boarding schools with accommodation for 80 children each at Sechelt, B.C., and Gordon's Reserve, Saskatchewan. The erection of a new building was commenced at the Coqualeetza Institute, Sardis, B.C.

There is land for farming and gardening purposes provided at practically all the residential schools. The pupils are thus enabled to receive a general knowledge of agriculture which should be of great benefit to them after leaving school.

The granting of assistance to graduates to encourage farming has been maintained. Upon leaving school a male expupil may be given a grant of cattle, horses implements or building material. A female ex-pupil may be given a sewing machine or household equipment. During the past year a number of girls and boys, ex-pupils, have been assisted to the extent of $\$ 3,288.69$.

The expenditure for Indian education from parliamentary appropriation during the year amounted to $\$ 1,363,419.71$. The following statement will show the expenditure for the fiscal year ended March 31, 1922, for Indian education from parliamentary appropriation: -

In addition to the above the various bands of Indians whose funds are sufficient to meet the outlay, contributed the sum of $\$ 56,456.99$ towards the payment of teachers' salaries, general expenses and the maintenance of school buildings on their reserves. For the fiscal year ended March 31, 1922, the amounts so contributed have been as follows: -

| Account No. | Band | Interest | Capital |

The amount expended from interest represents current expenses, salaries of teachers and minor repairs, while the expenditure from capital was an outlay for a new two-roomed day school building and teacher's living quarters combined.

## BUILDINGS, BRIDGES, DRAINAGE, ETC.

Buildings. - The Indian boarding schools at Alberni and Fraser Lake were completed, and water supply and sewerage systems were installed for these buildings.

A new boarding school was erected on the Gordons Reserve, Sask. A portion of the new Indian boarding school at Coqualeetza has been built. Forty houses and forty stables were erected on the Blackfoot Reserve for the Indians. Minor repairs have been carried out in many of the schools and in cases the sanitary conditions have been improved.

## BRIDGES, DRAINAGE, IRRIGATION SYSTEMS AND ROADS

The following works have been carried out during the current fiscal year on the following Indian reserves in the Dominion of Canada: -

Bridges and Culverts. - Repairs to bridges and culverts have been performed on the following reserves: Timiskaming, Que.; Oka, Que.; Stella, B.C.; Thunderchild, Sask.; and New Credit, Afton, Walpole Island, Ont.

Drainage System. - Drainage systems of various types have been constructed on the following reserves: New Credit, Cape Croker, Fort William, Six Nations, and Moravian in Ontario, and Caughnawaga in Quebec.

Irrigation Systems. - Irrigation systems have been constructed or are being gradually extended on the following reserves: Lytton, B.C.; Blackfoot, Alta.; Cayoosh, B.C.; and Thunderchild, Sask.

Road Work. - Building of roads, improvements, and maintenance of main roads, have been performed on the following reserves: Moravian, Parry Island, Rama, Sarnia, Whitefish, Stony Point, Sheshegwaning, Garden River, Cape Croker, Alnwick, West Bay, Christmas Island, Fort Frances, Middle River, Whycocomagh, Eskasoni, in Ontario; Norway House, Man.; Sucker Creek, B.C.; Doncaster and Caughnawaga, Que.

Wharves. - Important repairs have been made to the wharf at Bella Bella, B.C., and a water supply has been provided for the Lytton Indian Village, B.C.

## SURVEYS

The following is a statement of principal surveys performed in connection with the work of the Surveys Branch during the fiscal year which ended March 31, 1922: -

## NOVA SCOTIA

On account of alleged trespass the north and east boundaries of the Millbrook Indian reserve were retraced.
A portion of this reserve, known as the Creelman property, was subdivided.
The Lingan Road property in the Sydney Indian reserve was subdivided for Indian purposes.

## NEW BRUNSWICK

A retracement survey was made of a portion of the Tabusintac Indian reserve.

## QUEBEC

A small portion of the Lorette Indian reserve was subdivided for Indian purposes.
A preliminary examination, without survey, was made in connection with the proposed reserve at Barriere Lake for the Indians of that vicinity.

## ONTARIO

A portion of the Rainy Lake Indian reserve No. 18-B was subdivided into lots for Indian occupation.
An additional plot of ground was surveyed for cemetery purposes in the Mattagami Indian reserve.
A survey was made of Snake island, in lake Simcoe.
A portion of lot 21, block B, Walpole island, was subdivided into lots for summer resort purposes.
The Mohawk church lot at Brantford was surveyed.

## SASKATCHEWAN

The unsurrendered portion of the Mistawasis Indian reserve was subdivided for Indian purposes.
The unsurrendered portion of the Muskeg Lake Indian reserve was subdivided for Indian purposes.
A portion of the Muscowekuan Indian reserve was subdivided for sale and valuations made.
A reserve was selected by sections and fractional sections at Chitek lake for that portion of the Witchekan lake band which resides at Chitek lake.

A survey was made of a small parcel in the surrendered portion of the Fishing Lake Indian reserve and also a small portion of the Fishing lake reserve was surrendered and surveyed.

## BRITISH COLUMBIA

The north and east boundaries of the Long Lake Indian reserve No. 5 were retraced.
The surrendered portion of the Scowlitz Indian reserve No. 1 was subdivided into farm lots.
A small portion of the Slosh Indian reserve No. 1 was surrendered and surveyed.
The north boundary of Ruby Creek, Indian reserve No. 2 was retraced.
A portion of the Campbell River Indian reserve No. 11 was surrendered and surveyed.

## LANDS AND TIMBER

## LANDS

Sales of surrendered, surveyed lands are shown in the tabular statement appearing in Part II of this report. During the past year $5,804.43$ acres were sold, realizing $\$ 58,207.46$. The number of land patents issued during the year ending March 31 last was 300, and returns of Crown grants to the number of 33 were prepared and forwarded to the registrars of the counties and districts in which the lands patented were situate, and four returns were made to the Provincial Secretary of Ontario covering lands patented within that province.

## LOCATION TICKETS

Location tickets granting title under the provisions of the Indian Act, to individual owners, for lands on the reserves, were issued during the past year to the number of sixty-five, and on March 31 last, there were current 2,454 location tickets.

## LEASES

Under the provisions of section 11 of the regulations for the disposal of Indian lands, leases were issued to white men at the request of the Indian locatees to the number of 98, and on March 31 last, there were 1,322 leases current.

## ENFRANCHISEMENT

Under the provisions of section 122A of the Indian Act there have been enfranchised during the past fiscal year 98 Indians, heads of families, comprising a total number of men, women and children of 307 . The total number of Indians enfranchised to March 31, 1922, under this section, is 813.

## TIMBER

Lumbering operations on Indian Reserves in the Dominion during the license year 1921-22 were not carried on to so large an extent as during the previous year with the exception of certain reserves in the province of British Columbia.

In Eastern Canada the cut was approximately 40 per cent lower than during thick year 1920-21, but the total cut throughout the Dominion was somewhat larger owing to the fact that return of the cut of yellow pine, and British Columbia spruce and cedar was 400 per cent greater than the previous year.

The general conditions in the lumber trade were so discouraging last year in Eastern Canada, that very little activity was evident, and consequently it was found necessary to renew several licenses under the non-working clause.

The quantity of timber cut on Indian Reserves during the year, both under license and under permit was as follows: -

| Fir (Douglas) | 9,104,970 f.b.m. |
| :---: | :---: |
| Pine (yellow) | 15,653,325 f.b.m. |
| Pine (white) | 1,977,516 f.b.m. |
| Pine (red or Norway) | 504,711 f.b.m. |
| Pine (jack) | 572,787 f.b.m. |
| Spruce (various species) | 8,053,135 f.b.m. |
| Hemlock (eastern) | 2,347,096 f.b.m. |
| Hemlock (western) | 3,496,629 f.b.m. |
| Cedar (white and red) | 2,820,963 f.b.m. |
| Tamarack | 66,950 f.b.m. |
| Balsam fir | 122,203 f.b.m. |
| Maple | 876,737 f.b.m. |
| Beech | 861,479 f.b.m. |
| Ash | 3,330 f.b.m. |
| Elm | 167,865 f.b.m. |
| Birch | 387,947 f.b.m. |
| Oak | 4,224 f.b.m. |
| Basswood | 54,076 f.b.m. |
| Poplar | 393,510 f.b.m. |
| Cotton-wood | 115,122 f.b.m. |
| Cordwood | 11,852 cords |
| Pulp-wood | 18,231 cords |
| Shingle bolts | 5,927 cords |
| Boom timber | 32,830 cu. ft. |
| Ties | 31,861 cu. ft. |
| Posts | 5,569 cu. ft. |
| Poles | 2,603 cu. ft. |

The total quantity of timber cut for sale in terms of board measure feet was approximately sixty-five million and in addition to this quantity, the Indians themselves cut approximately nine million f.b.m. of timber for building and fencing purposes and 18,000 cords of fuel for domestic use, besides an unreported quantity of material for the native
manufacture of snowshoes, axe-handles, hockey sticks and baskets.
The sale of standing timber on Reserves was discouraged as prices were very low and it was considered advisable in the Indian interest to withhold the disposal of timber until such time as prices have attained a more normal level. However, in certain instances where the Indians petitioned the Department to be allowed to sell their timber so as to relieve their immediate necessities, sales were made in conformity with the regulations. These were as follows:

| Part Rama Reserve | $\$ 600$ plus dues. |
| :--- | :--- |
| Kwatlena Reserve | 400 deposit plus royalty. |
| Shoal Lake Reserve No. 28A | 8,000 bonus plus dues. |
| Point Maniwaki Reserve | 800 bonus plus dues. |
| Point Parry Island Reserve | 1,000 deposit plus royalty. |
| Total | $\$ 10,800$ |

Cash receipts during the year were: -

| Bonuses and deposits | 52,70000 |
| :--- | :--- |
| Timber dues (license) | 65,39362 |
| Timber dues (permit) | 9,47488 |
| Ground rents and fees | 2,99845 |
| Interest charges | 9,43325 |
| Trespass dues | 94638 |
| Total | $\$ 140,94658$ |

There were forty-five timber licenses current on April 30, 1922, being five more than the previous year, eleven new licenses having been issued and six old licenses cancelled or relinquished.

Estimates of timber on seven reserves were compiled in the course of the usual administrative work and this data has been added to the record of the natural resources of the Indians which is in course of preparation.

Forest conservation, comprising the disposal of slash, the elimination of fire-hazards, the closer utilization of timber, the salvage of diseased, infested or fire-killed timber and adequate forest, protection was carried out on many Reserves and the Indians encouraged in every possible way to make their lumbering operations constitute the initial step toward the clearing of the land for cultivation.

Compensation to the extent of $\$ 12,500$ was collected from the Granby Company, B.C., for the destruction of timber on certain reserves of the Kincolith band, due to the action of sulphur fumes emanating from the smelter at Anyox, and measures were taken to ensure that the Indians of the Mattagami reserve, Ont., did not suffer any loss owing to the flooding of the shore line of their reserve by the raising of the water level due to the construction of the Kenogamisee dam by the Northern Canada Power Company.

As a measure of relief to many of the Indians, and to enable them to tide over the period of unemployment, the department waived the collection of dues on timber cut under permit, and in one instance - Restigouche Reserve, Que. - the department undertook to provide employment, by purchasing the pulpwood cut by the Indians, with the view of holding the same until the condition of the market would warrant a profitable sale.

Distribution of moneys which have accrued from the sales of timber during the period of high prices, was made to several Indian bands so as to assist them to improve their condition, the sum of $\$ 19,050$ having been expended in this manner.

## SUMMARY OF INDIAN AFFAIRS IN THE VARIOUS PROVINCES BASED ON THE REPORT OF THE DEPARTMENT'S AGENTS AND THE INSPECTORS FOR THE FISCAL YEAR ENDED MARCH 31, 1922.

The local administration of the Indian lands, on the reserves scattered throughout the Dominion, is conducted through the department's agencies, of which there are in all 114. The number of bands included in the agency varies from one to more than thirty. The staff of an agency usually includes various officers in addition to the agent, such as the medical officer, clerk, farm instructor, field matron, constable, stockman, etc., according to the special requirements of the agency in question. At many of the smaller agencies in the older provinces, where the Indians are more advanced, the work is comparatively light, requiring only the services of an agent. The work of the agencies is supervised by the department's inspectors, each inspector having charge of a certain number of agencies.

## ONTARIO

Agencies. - The following agencies are included in the province of Ontario: Alnwick, Bay of Quinte, Cape Croker, Chapleau, Chippewas, Munsees, and Oneidas of the Thames, Christian Island, Fort Frances, Georgian and Snake Islands, Golden Lake, Gore Bay, Kenora, Lake Superior (Eastern and Western Divisions), Manitowaning, Missassaguas of the Credit, Moravians of the Thames, Parry Sound, Rama, Rice and Mud Lakes, Sarnia, Saugeen, Scugog, Six Nations, Sturgeon Falls, Thessalon, and Walpole Island.

Tribal Origin. - The great majority of the Indians of Ontario are Ojibwas, and are of Algonkin stock. The Oneidas of the Thames, the Mohawks of the Bay of Quinte, the Mohawks of the Parry Sound district, and the Six Nations of Brantford are of Iroquoian stock. There is a band of Pottawattamies at Walpole island, and Delawares at the Caradoc agency; these are of Algonkin stock.

Occupations. - The Indians in the western and central parts of Ontario engage largely in farming. The reserves, generally, are well suited to this purpose and the activity of the department's field agents has resulted in a steady improvement both in the methods of operation and the results achieved. The success achieved by the returned soldiers of this province has been especially, creditable and are rapidly developing prosperous communities.

During the summer months Indians find a profitable source of income as guides and canoe-men. Many are employed at various industries and trades while railway and navigation companies employ a large number. As a rule they are excellent bushmen and many find employment in the various lumber camps. There is still an excellent market for snowshoes, canoes and moccasins and these are usually manufactured by the other members of the community.

The women also have many sources of income; some are employed as domestics; others support themselves by making baskets and fancy work. In certain districts berry-picking is an important item and furnishes considerable income.

Health. - The health of the Indians of Ontario has been good during the past year. While tuberculosis is still their worst enemy the efforts of the department for the past decade have borne fruit and this disease is noticeably less than in previous years.

Dwellings. - A great majority of the Ontario Indians have comfortable farmhouses which compare very favourably with those of their white neighbours. Many own houses of brick and stone, but in the outlying and more remote districts the old log houses are in the majority. In the more settled districts the Indians have followed the example of the whites and both houses and farm buildings are comfortable and of excellent construction.

New Ontario. - In the remote parts of Ontario hunting and fishing are still the chief sources of livelihood. While fur has been very scarce the price has been correspondingly high. Fishing, however, has not been as successful this year owing to the scarcity of the market and the low prices. Acting as guides and canoe-men during the summer months adds considerably to their income. While agriculture is not carried on to any extent most of the bands grow considerable crops of potatoes and vegetables. They are, of necessity, more or less nomadic and consequently live in tents most of the year. This condition will greatly change as civilization progresses.

Their health has been generally good, although somewhat subject to tuberculosis.

## QUEBEC

Agencies. - The following agencies are included in the province of Quebec: Becancour, Bersimis, Caughnawaga, Lake St. John, Lorette, Maria, Mingan, Oka, River Desert, Restigouche, Seven Islands, St. Regis, Timiskaming and Viger.

Tribal Origin. - The principle tribes found in Quebec are: Iroquois at Caughnawaga, lake of Two Mountains, and St. Regis; the Hurons of Lorette are also of Iroquoian stock; the Montagnais, who are also of Algonkin stock, at Bersimis, Mingan, lake St. John, Seven Islands; the Abenakis, also of Algonkin stock, at Becancour and St. Francis; the Micmacs, also of Algonkin stock, at Maria and Ristigouche; and the Malecites, also of Algonkin stock, at Viger.

In the agricultural districts of the province the Indians are developing a keener interest in farming operations and are making a decided success. In the Gaspé peninsula the Indians find employment in the lumber camps and mills, but on the north shore of the gulf fishing, hunting and trapping are still the principle sources of income. In the northern part of the province lumbering is the chief pursuit. One of the principle industries of the Indians of Quebec is making baskets, and many of the Indians spend the summer months at the resorts in order to dispose of the baskets, lacrosse sticks, racquets, moccasins, etc., to the tourists. Some of them, particularly in the Saguenay districts, act as guides and canoemen.

Health. - On the whole, the health of the Indians of Quebec has been good during the past year.
Dwellings. - In the older settled districts of the province the Indians own many excellent stone and brick houses. Generally speaking, the buildings are almost all of good construction, comfortable and sanitary. In the more remote districts, where hunting and trapping are still the principal occupations, the Indians necessarily live in tents during the greater part of the year.

The North Shore. - Along the north shore of the gulf of St. Lawrence, the Indians have been taking a marked interest in the fishing industry. At Mingan, Natashkwan, Romaine, St. Augustine, and Moisie, the fishing is under departmental supervision. Salmon and cod are the principal marketable fish and are a source of considerable income to the Indians. The land is not suitable for extensive cultivation but many of the Indians have very creditable gardens.

## NEW BRUNSWICK

Agencies. - There are three agencies in the province of New Brunswick, the Northeastern located at Buctouche, the Northern located at Perth, and the Southwestern located at Fredericton.

Tribal Origin. - The majority of the Indians of New Brunswick belong to the Micmac race, which is of Algonkin stock. In addition to these there are some bands of Malecites, also of Algonkin stock.

Occupations. - In the Northeast division the Indians are mostly engaged in fishing, hunting and trapping. Some farming is carried on, and the Indians have rather tended to increase their interest in this regard.

The lumbering industry employs quite a large number and the Indians all through the eastern provinces have become very proficient in the lumber camps, on the river drives and in the mills. In the Northern division there is less farming carried on, and the Indians during the summer months find employment generally as day labourers. In the Southern division they support themselves chiefly by the manufacture and sale of Indian wares.

## NOVA SCOTIA

Agencies. - There are nineteen Indian agencies in the province of Nova Scotia, namely: Yarmouth, Digby, Shelburn, Queens, Lunenburg, Annapolis, Kings, Windsor, Shubenacadie, Halifax, Cumberland, Colchester, Pictou, AntigonishGuysboro, Richmond, Inverness, Victoria, Sydney, and Eskasoni.

Tribal Origin. - The Indians of Nova Scotia are of Algonkin stock, and bear the distinctive name of Micmac.
Occupations. - They follow various occupations, but, as a rule, do not confine themselves to any particular one. Many of them cultivate the land with indifferent success, but as there are exceptions in almost every case, so it is with our Indians; a few of them are succeeding very well as farmers. The majority of those living near industrial centres usually work as day labourers. Hunting, trapping, and acting as guides for sportsmen are favourite occupations, more especially with Indians of middle age. Basket-making, and the manufacture of fancy moccasins, etc., are confined mostly to women. A profitable employment among Indians in a few sections of Nova Scotia is the manufacture of hockey sticks, and they appear to be experts at the business.

Health and Sanitation. - The general health of Indians in this Province during the past year was normal. No disease of an epidemic character appeared among them. They suffer most from tuberculosis, which, however, seems to be less in evidence than formerly. Sanitary regulations are very well observed by most of them, and they begin to realize fully the importance of cleanliness and pure air as preservers and promoters of good health.

Buildings. - With very few exceptions, Indians in Nova Scotia occupy houses of frame construction, well finished on the outside, but unfinished inside. Every settlement, however, has a few comfortable dwellings well finished throughout. Other buildings owned by Indians - barns and storehouses - are mostly of frame construction also.

## PRINCE EDWARD ISLAND

Agency. - One agency is sufficient for the purposes of the department in this province, as the total Indian population is only 292.

Tribal Origin. - The Indians of this province all belong to the Micmac tribe, which is of Algonkin stock.
Occupations. - But few of the Indians of Prince Edward Island are farmers. The principle industries are basket-making and fishing. The oyster fisheries, which had been a complete failure for some years, is again profitable and has added somewhat to the income of the Indians.

## MANITOBA.

Agencies. - The following agencies are included in the province of Manitoba: Fisher River, Clandeboye, Norway House, Griswold, Portage la Prairie and Manitowapah, Pas and Birtle.

Tribal Origin. - The majority of the Indians of Manitoba belong to the Ojibwa race, which is of Algonkin stock. Bands of Swampy Cress are found at the Norway House and Fisher River agencies and in the York Factory district; these are also of Algonkin stock. The Indians located at the Griswold agency are Sioux; there are also Sioux at the Birtle and Portage la Prairie agencies. There is a band of Chipewayans at Fort Churchill; this tribe is of Athapascan stock.

The reserves in Manitoba suitable for extensive agriculture are mainly within the Birtle, Griswold, and Portage la Prairie agencies. On some reserves during the last two years the crops have not been up to the standard and the Indians have somewhat lost heart in their farming operations, but generally speaking progress has been satisfactory.

In the northern agencies the occupations are mostly hunting and trapping, but fishing has been becoming a more and more important factor during the past four or five years, and considerable income has been derived therefrom. While fur has been scarce the price has been high and the market for fish has increased. All of the northern Indians are expert guides and canoe-men, and many find employment in this way or with the transport or fur companies.

In the southern and more settled districts many of the younger people seek employment as day labourers, and owing to the high wages have been fairly prosperous. The Indian women make needle work, baskets, etc., for which there is a ready market.

Health. - The health of the Indians throughout the province has been good, in fact, the steady improvement has been very noticeable. More sanitary methods of living and more comfortable houses and more steady incomes have tended not a little towards this improvement. The houses are more comfortable and of better construction; as a rule they are well furnished and the Indians are living in more and more comfort. While in the north the nomadic life of the Indians does not permit of other than the old fashioned log house, still even these are being greatly improved and in some cases are being replaced by suitable frame dwellings.

## SASKATCHEWAN

Agencies. - The following agencies are included in the province of Saskatchewan: Assiniboine, Battleford, Carlton; Crooked Lake, Duck Lake, Moose Mountain, Onion Lake, Pelly, Qu'Appelle, and Touchwood Hills.

Tribal Origin. - The most numerous tribes among the Saskatchewan Indians are the Ojibwas, Swampy Crees and Plains Crees, which all belong to the great Algonkin stock. In addition to these, Sioux Indians are found at the Assiniboine, Moose Mountain, Qu'Appelle and Carlton agencies, and on the Moose Woods reserve. In the Onion Lake agency there is a band of Chipewyans, who are of Athapascan stock. There are also a few Chipewyan Indians in the Isle à la Crosse district.

The principal occupation of the Indians of Saskatchewan is mixed farming and stock-raising. The close supervision which the department has had over these Indians has tended to greatly improve their method of farming and consequently their crops and income derived from them have greatly increased. Most of the Indians are well provided with good quality of machinery. As a rule they have good stock and suitable houses. In the outlying districts, however, hunting and trapping are still the main sources of income and will so remain until civilization encroaches upon the hunting grounds.

Health. - The health of the Indians of Saskatchewan has on the whole been good and shows some improvement over previous years. The department has instituted a staff of nurses, with headquarters at Regina, which will be available for duty at any reserve when called upon. It is hoped that by constant supervision and instruction that the health of the Indians will continue to show even greater improvement than in the past.

Dwellings. - The dwellings of the Indians on the reserves where farming is carried on are now mostly of frame construction. The outbuildings, however, are generally of logs, but even there there has been some improvement.

## ALBERTA

Agencies. - The following agencies are included in the province of Alberta: Blackfoot, Blood, Edmonton, Hobbema, Peigan, Saddle Lake, Sarcee, Stony, and Lesser Slave Lake.

Tribal Origin. - The Alberta Indians are of Algonkin stock, with the exception of the Sarcees near Calgary and the Beavers and Slaves in the Lesser Slave Lake agency, who are Athapascan, and the Paul's band in the Edmonton agency, who are Iroquoian, and the Stonies, who are of Siouan stock. The Algonkin Indians of Alberta are subdivided into Blackfoot nation, comprising the Indians of the Blackfoot, Blood and Peigan agencies, Plain Crees found in the Lesser Slave Lake, Saddle Lake, and Hobbema agencies, and a band of Ojibbewas at Moberly Lake, in the Lesser Slave Lake agency.

The principal occupations of the Indians of Alberta are farming and stock-raising. Almost all the reserves in the settled districts of the province have large herds of horses and cattle.

In the northern parts of the province hunting and trapping are still almost the sole sources of income; there is practically no farming carried on and the construction of steamers on the Peace and Athabasca rivers, and of the railways to Peace River Crossing and Fort McMurray have greatly lessened the wages of the Indians with the trading companies and transports. However, the price of fur has been even higher than in past years.

Buildings in the Southern Part of the Province. - The dwellings and farm buildings are of excellent construction and quality. Almost all the reserves where extensive farming is carried on boast on up-to-date modern dwellings, comfortable and well constructed. In the north the nomadic mode of the habits forces them to live under canvas or in tepees during the greater part of the year.

## BRITISH COLUMBIA

Agencies. - The following agencies are included in the province of British Columbia: Babine and Upper Skeena, Bella Coola, Cowichan, Kamloops, Kootenay, Kwawkewlth, Lytton, Nass, New Westminster, Okanagan, Queen Charlotte, Stikine, Stuart Lake, West Coast, Williams Lake and Skeena River.

Tribal Origin. - The Indians of the Bella Coola, Cowichen, Kamloops, Lytton, New Westminster, and Okanagan agencies belong to the Salish tribe. The Kootenay tribe is located in the agency of the same name. The KwakiutlNootka tribe is located at the Kwawkewlth and West Coast agencies: the Haidas, in the Queen Charlotte islands; the Tlingits, in the Stikine; and the Tsimshians, in the Naas agency. The Indians of the Babine, Stuart Lake and Williams Lake agencies belong to the Athapascan race.

In addition to these there are about 3,000 nomadic Indians in the province who cannot be correctly classified according to linguistic stock or tribal origin.

Occupations. - The occupations of the Indians of British Columbia vary with their habitat. The Indians situated along the coast earn their livelihood principally by fishing. In many instances they own their own motor-launches, nets and gear, while others are supplied by the various canneries. Many of the women are also employed in the canneries or in the hop fields, and make a very steady income.

The Indians of the Queen Charlotte islands own and operate their own small plant for tendering the oolachan or candle fish. In the inland parts of the province some farming operations are carried on and particularly in the irrigated districts grain, fruits of all kinds, and vegetables have been raised with success.

These Indians have been making marked progress in this regard and are now well equipped with modern machinery.
The Kootenay, Kamloops, Okanagan and New Westminster Indians own large herds of horses and cattle. While the Indians in the northern and remote parts of the province still depend upon hunting and trapping for their livelihood, the agents report a marked improvement in their manner of living.

Dwellings. - Except for the more remote districts the Indians have built comfortable and modern dwellings and outbuildings. Their progress in this respect has been perhaps more rapid than any other Indians of the Dominion.

## NORTHWEST TERRITORIES

Agencies. - The department has only two agencies in the Northwest Territories, one being located at Fort Simpson, and the other at Fort Smith.

Tribal Origin. - The principal tribes found in the Far North are the Slaves, Hares, Loucheux, Secanies, Dogribs, Yellow-knives, Chipewyans and Caribou Eaters. All these tribes are of Athapascan stock. There are a few Crees in the neighbourhood of Chipewyan. These are of Algonkin stock. The most northerly tribes are the Tukudah, who extend to the Mackenzie Delta, and the Copper Mines, who are located along the Coppermine river. The territory occupied by these two last-mentioned tribes is contiguous to that inhabited by the Eskimos.

These Indians depend entirely upon hunting and trapping for a livelihood. The department last year has made a treaty with the Indians along the Mackenzie river thus bringing under the supervision of the Dominion Government practically the only Indians Canada with whom treaty had not been made.

Occupations. - A few have been induced to raise small plots of potatoes. They own no horses or cattle, transportation being almost entirely by canoe along the great waterways, or by dogs in winter. They catch and preserve large quantities of whitefish for their own use and for consumption by their dog-trains in winter.

Health. - Tuberculosis and scrofula are the diseases most prevalent among the Indians of the north. As they are forced to move from place to place their methods of living are primitive and the lack of vegetables is a source of menace to their health; however, conditions are greatly improving.

## YUKON

Tribal Origin. - The Forty Mile, Blackstone, and Moosehide bands belong to the Takudh tribe. There is a band of Slavies at Lancing Creek who migrated from Fort Good Hope, on the Mackenzie river; another band of Slavies, called Nahanies, is located at the headwaters of the Pelly river. All these Indians are of Athapascan stock. At Mayo, Selkirk, Little Salmon and Carmacks there are bands belonging to the tribe known as Stick Indians. Bands belonging to the Tlinjit tribe are found at Whitehorse, Teslin Lake, Champagne Landing, and Carcross.

Occupations. - Hunting, trapping and fishing are the chief occupations of the Yukon Indians, and they have been fairly successful during the past year. The women also derive some revenue from the sale of moccasins and curios of various kinds, while the men are expert at making toboggans and snowshoes. Practically no farming is carried on owing to climatic conditions, but some of the Indians cultivate patches of potatoes and other vegetables.

Health. - The general health of the Indians has been good. No epidemics have been reported and although improvement in sanitary conditions is necessarily slow owing to the remoteness of the district, some improvement has been noticed.

## FINANCIAL

At the close of the twelve months ended March 31, 1922, the capital of the Indian Trust Fund, which at the end of the preceding year amounted to $\$ 11,458,660.99$, had decreased to $\$ 11,402,577.43$.

The amounts expended from the Consolidated Revenue Fund were as follows: voted by Parliament for the purposes of the department, $\$ 2,756,276.47$, and annuities by statute, $\$ 191,834$.

On March 31 last, the balance to the credit of the Indian Savings Account for the funding of the annuities and earning of pupils at industrial schools was $\$ 127,829.66$. Deposits and interest during the twelve months aggregated $\$ 45,867.53$ and withdrawals \$30,241.23.

## GENERAL

The Indians of Canada, as such, have had a comparatively normal year.
In common with other sections of the community, the Indians have felt the effects of the industrial depression and low prices of agricultural products, which have inevitably reduced their earnings and proceeds of their farming operations. The hunting Indians, however, have enjoyed an exceptionally good year, their income from the sale of the skins having doubled, being $\$ 1,624,494$, as compared with $\$ 860,491$ last year.

The Indian population is fairly stable at about one hundred thousand, although census statistics over a long period show a slight increase from year to year, dispelling the popular misconception that they are dying out.

The record of the Indians in the great war should give the public a better understanding of the sterling qualities of the race. An interesting article on this subject appeared in the report of the department for 1919.

In part II, which follows herewith, will be found statistics with regard to Census; Grain, Vegetable and Root Production; Land, Private and Public Buildings and Property; Live Stock and Poultry, General Effects; Value of Real and Personal Property and Progress during year; Sources and Value of Income; Schools; Indian Land; Civil Government; Appropriation Accounts, and Indian Trust Fund.

I have the honour to be, sir,
Your obedient servant, DUNCAN C. SCOTT,
Deputy Superintendent General of Indian Affairs.
