WAR DIARIES, CA

Instructions for Compilation and
Despatch

1. A War Diary is SECRET.
2. The War Diary takes the place of the Historical Record when on active service. (KR (Can) Para 1530). Its objects are: to supply authentic material for the history of the unit, and of the force; to furnish a historical record of operations; and to provide data upon which to base improvements in training, equipment, organization and administration.
3. Unless otherwise ordered, the original and duplicate copies are sent on the first day of the succeeding month, through the usual channels, to the AG 2nd Echelon, wherever that office may be. The triplicate copy may be held by the unit for three months and then forwarded, also through the usual channels, to AG, 2nd Echelon. In Canada all copies as above are sent through the usual channels to NDHQ; in England to Canadian Military HQ.
 - (i) District Officers Commanding will arrange to forward War Diaries to National Defence Headquarters addressed Director Historical Section, GS (War Diaries) with covering roll, in duplicate, showing unit from which received and number of copies in each case; the duplicate roll will be returned as a receipt.
 - (ii) Formations and Units in the Ottawa Area Command will forward War Diaries direct to National Defence Headquarters (addressed Director Historical Section, GS (War Diaries)).
4. Post-war disposal will be as under:—

Original—retained at Ottawa for historical purposes.

Duplicate—to British Record Office for historical purposes.

Triplicate—to unit for custody with unit records.
5. The War Diary will be entered up daily on MF M11 and rendered monthly in triplicate (Mbn Instr for CM 1937. App "C"). Each entry will be initialled by the officer detailed to keep the War Diary, which will be signed at the end of each month by the commander. (FSR Vol II, Sec 35, para 3 iii).

6. The following should be recorded daily as events occur:—

- (i) Important orders, instructions, reports, messages or despatches received and issued, and decisions taken. *Original documents* should be attached as appendices to the original copy of the War Diary; *copies* should, whenever available, be attached as appendices to the duplicate and triplicate copies of the War Diary.
- (ii) Daily map location, employment, movements and dispositions of unit headquarters and of batteries, companies, etc. March tables should be attached as appendices.
- (iii) Important movements of officers and matters relating to the duties of each branch of the staff. A complete set of the *routine orders and instructions, Part I Orders*, issued by the unit during the month should be attached as an appendix to the original copy.
- (iv) Detailed account of operations—to include:—

Exact hour, location and circumstances of important occurrences. Movements and names of neighbouring units. Commanders of batteries, companies, etc, names of Officers and number of OR (i) engaged and (ii) battle casualties. Dispositions, activities and identity of enemy forces. Prisoners and trophies captured. Ammunition expended. Factors affecting operations, topographical and climatic. *Maps and sketches* showing dispositions of batteries, companies, etc, at important phases. The record of *communications, both written and verbal*, received or despatched during active operations as an appendix. A complete set of the *operation orders and instructions* issued during the month. Notes on conferences and reports rendered to higher formations, or received from lower formations, as appendices to the original copy.
- (v) Nature and description of trenches, field works or accommodation occupied or constructed. Meteorological notes.

(vi) Changes in establishment or strength. Names and ranks of officers and number of OR. Attachment of units and individuals. Reinforcements. *Weekly Field Returns of Officers and OR* should be attached as appendices to the original copy. *Copy of Part II Orders* should be attached to the triplicate copy only. Changes in organization, stores, transport, etc.

7. It is essential that all copies of both text and appendices are legible. Appendices will be numbered and referenced to the text in the last column of the form. Current issues of any regimental publication should be attached.

8. It will be found convenient at the end of each month, when the War Diary is being completed and the correspondence in unit files for the month is being reviewed and distributed (FSR Vol I, sec 171, para 3) if the material considered to be of historical value in the light of the above is attached as appendices to the original copy of the War Diary, the file title and reference number being entered in conformity with the filing system.

9. A good war diary makes possible the accurate and detailed reconstruction of circumstances, conditions and action.

NOTE: If monthly diary is more than one inch thick, use a second folder. If appendices are bulky, tie folder up with tape or string to make a firm package.

UNIT OFFICE FILING SYSTEM AND RECORDS

"Every office will arrange for the filing and custody of its own correspondence." (FSR Vol I, Sec 171.3.)

1. Titles and Numbering of Files

A simple filing system adaptable for use in any military office at home or in the field is illustrated by the "List of File Titles" overleaf.

All documents handled by a unit fall into one or other of the nine categories enumerated, 1 to 9. The titles of the nine main divisions are based on British army operations, organization, administration and the regulations governing. Each title may be broken down into ten component parts or sub-titles, by adding a dash and subsidiary numbers 0 to 9. In turn each of these may be further broken down by adding a second dash and a third digit, and if necessary a third dash and a fourth digit. Thus 4-6-3 might be "Cooking Course at Kingston". According to circumstances, a fighting unit would expand the 1-3 prefix to accommodate all arms and services with which it may be concerned.

V

2. Date reference

The method outlined in FSR, Vol II, Appendix IV, will be used for all purposes, *e.g.*, 2 Feb 40.

3. Documents for Preservation

The monthly review of correspondence (FSR Vol I, sec 171.3) is facilitated and future confusion avoided by jacketing the material in "Category ii" (*i.e.*, "no longer required", etc) to conform with the system.

4. Correspondence in the Field

The functioning of the office of a formation or unit during active operations may be simplified by keeping a log or register of all orders and messages, written or verbal, received or sent during the action. This may conveniently be done by extending the use of the "Field Register of Communications Received or Despatched", (Army Form 2040, FSR Vol I, sec 171) to include verbal as well as written orders and messages in chronological order as received or sent.

Time of sending and of receipt are of importance second only to time of event, and should be entered both on the office copy of every field message or other document, and in the log or register. A carbon copy for contemporary reference of the commander or others concerned is desirable.

VI

A brief precis of written orders, reports and messages, with the sender's number, is sufficient, for they will be kept on file. But particular care is necessary in making entries of times of moves and of verbal orders, reports or conversations, by telephone or otherwise, which in the stress of action, may not otherwise be recorded on paper. In battle, operations messages dealt with by one officer may number over twenty-five per hour for several hours on end.

The record should be kept convenient to the telephone. Entries may be made by a clerk, or by the officer on duty at the telephone.

Such a record is invaluable to the commander in making appreciations of the situation during the action, and in compiling his report on the action afterwards. It is contemporary evidence of the highest quality, and therefore is of the highest historical value, and should be attached as an appendix to the original copy of the War Diary, together with the original documents sent and received.

22 Nov 39)

2. GREETINGS FROM H EXC GOVERNOR GEN OF CDA

1. I send my warmest greetings for Christmas and the New Year to all ranks of the Canadian Army in the long and desperate struggle against the enemy; their gallant spirit and determination brought honour to themselves and to Canada. The important part which they played in the victory over the Axis powers cannot be estimated. I wish them all the best of luck and to those who are still overseas an early return to Cda. (Athlone)

3. GREETINGS FROM PRIME MINISTER OF CDA

1. At the approach of another Christmas season you the members of Canada's Armed Forces are very much in the thoughts of all Canadians. Especially at this season of the year are our thoughts of the service you have rendered our own and allied countries and the cause of freedom. We share in our rejoicing that the war is over alike in Europe and in Asia and that so many of you will be able to enjoy your Christmas at home. We are eagerly looking forward to welcoming in the new Year those of your number who at the close of this old year may still be serving in the Army of Occupation in Europe or who may be on their way back to Canada from former theatres of war. Both personally and on behalf of the Government and the people of Canada I extend to each and every one of you heartiest Christmas greetings and best wishes for the New Year (William Lyon MacKenzie King, Prime Minister of Cda)

4. GREETINGS FROM MEMBERS OF DPT OF NATIONAL DEFENCE

1. The army council and all members of the Department of National Defence extend Greetings and sincerest best wishes for a Happy Christmas and a successful and prosperous New Year to all members of the CAOF.

5. GREETINGS FROM MINISTER OF NATIONAL DEFENCE OF CDA

After six years of hostilities I wish to convey to the men and women of Canada's Army warm and heartfelt Christmas greetings. For many of our citizens this is the happiest Christmas of their lives. Every day ships dock at our ports and trains move over the rails to Canadian cities towns and hamlets bringing home those legions whose victory over the enemies of freedom have won us the happy years ahead. This Christmas will not see happiness in every Canadian home; many of your comrades have made the greatest human sacrifice that this day of peace might be possible. All of us remember the price that they paid and will not forget them in the happy hours of this holiday season. To the soldiers of Canada both those in uniform and those who have returned to civilian life I extend the wish that the new year will bring all prosperity and joy which has been in your hearts and minds through the troublesome days of the past.

6. DEFENCE MEDAL

1. Ref CRO (21 A Gp) 1610 of Overseas RO 5980.

 - (b) Sicily from 18 Aug 43 to 2 Sep 45 (incl)

4. Prior to receipt of above ruling many applications for the Defence Medal were returned as being "not eligible". • Farewell Msg - Lt Gen B G HORROCKS
To Maj Gen G Vokes, GCS, DSO.

Normally I am very averse to Orders of the Day issued by incoming or departing Generals. They are usually rather fulsome and unnecessary because everyone has to pass along, and generally the introduction of new blood is a good thing.

I feel, however, that I cannot leave 30 Corps, with which I have served over since the early days in Normandy, without writing to thank you all very much for the loyal support which you have given me during the battle and the difficult time which came afterwards.

On arrival in August last year I found in the Corps an atmosphere of cheerful efficiency; and although the personnel has very largely changed, this same atmosphere continues today.

I think we can say that the Corps has been reasonably successful, and this has been due to the way everybody has "mucked in".

I should be grateful if you would say goodbye for me, to your officers, NCOs and men. Thank them for all they have done, and in particular, for the patient way in which they have listened to my lectures.

I would like to wish them all the best of good fortune when they are back in "Givvy Street."

I am very sorry to leave "the Old Pig".

Yours sincerely B G HORROCKS

To Lt Col. G.O. Taschereau DSO

Normally I am very averse to orders of the day issued by
incoming or departing Generals. They are usually rather fulsome and
unnecessarily because everyone has to pass along, and generally the
introduction of new blood is a good thing.
I feel, however, that I cannot leave 30 Corps, with which
I have served over almost the entire day in Normandy, without writing
to thank you all very much for the loyal support which you have given
me during the battle and the difficult time which came afterwards.
On arrival in August last year I found in the Corps an
absence of official efficiency; and although the personnel has very
largely changed, this same atmosphere continues today.
I think we can say that the Corps has been reasonably
successful, and this has been due to the way everybody has "mashed in".
I should be grateful if you would say goodbye for me, to

e) SECURITY OF PERSONNEL

1. There seems to exist a certain amount of stubbornness from the part of German civs who are travelling in vehs, wagons, etc, on the rd between CAROLINENSIEL-WITTMUND.

2. Many cases have occurred in which our DRs were not given by civ drivers the necessary road space to pass them.

f) MISCELLANEOUS

1. Investigations are being made in HOOKSIEL regarding certain former Nazis Officials who are still holding responsible civic positions.

2. The aim of these investigations is to clean the administration of the a/m village.

APPENDIX "E"

Herewith the details concerning the Sten Practice Course.

1. STEN Practice Course

It is to be clearly understood that this is a practice with NO repeat NO live ammunition.

The suggested method of running the Course is as follows:-

- (a) A section only to be allotted the course.
- (b) Three or more NCO's are required to accompany the men round the course. These NCO's must have previously reconnoitred the course to ascertain the position of the targets.
- (c) One man at a time to start off from the starting point with one NCO. The latter to take note of the action of the firer at each stage, as to whether the enemy was seen, if prompt action was taken, and if so, how far it might have been effective.
- (d) Suggested interval between each competitor- 2 minutes.
- (e) Additional marks awarded if completed in the standard time or five minutes and deductions for every minute over.

The above can be run on a competitive basis.

The Weapon Training Staff will alter the position of the targets on the 1st of each month, or more often as required. Persons other than the W.T. Staff will not move or alter any of the targets.

Coys are requested not to damage the Course in any way and to confine the activities of the competitors to the course as indicated by the white arrows.

APPENDIX "F"

Observation Course

The object of this course is to train a man to observe and to memorise what he has seen.

Each site is numbered and the following is the suggested method in which to run this competition.

(a) A number of articles are laid out alongside the peg which is numbered, and are already in position. A list of these articles are as shown

1. 3 sandfilled 2" mortar bombs.
2. A shovel
3. Foxhole (already dug)
4. Bren gun, less magazine
5. Empty Grenade box
6. Bren magazine
7. Small pack
8. Dead body (German infantry uniform)
9. 5 round .303 (D!D Rounds)
10. Respirator (no haversack)
11. 2 corrugated iron sheets (in position)
12. 2 MG Holts
13. A bunker (already dug)
14. An Italian rifle
15. 4 empty sandbags (in position)
17. Bren gun spare parts waller
18. Teller mine crate (empty)
19. German Forage cap
20. 2 Angle iron pickets (in position)

Items Nos 1,5,7,8,12,14, and 19 can be drawn from W.T. Stores when required.

The above may be changed or varied according to the requirements of the Company.

(a) Each competitor is set off and is told the total number of sites, i. e. 20. It is not necessary for all competitors to set off at site No1. In order to save time and keep the Section interested, they can be divided to commence at a specified site. In order to ensure that all start at the same time, this can be done by signal-blast on a whistle, etc. No notes will be allowed.

(b) A time limit may be imposed.

(c) At the end, each competitor has to record what he has seen. In order to simplify this it is suggested that the number indicators are left in each place. The competitor will then write down or state to the supervising NCO what he has seen at each site.

Points will be awarded for each article mentioned and additional points if he is able to state the correct article or articles at each numbered indicator.

The above can be made as an individual, section or platoon competition.

13th December 1945.

My dear Taschereau,

I was so sorry that you could not come to dinner last night. As I have not had an opportunity of thanking you in person I feel that I must write and congratulate you on the first-class guard which you have produced for my Headquarters. All ranks have behaved extremely well; their turn-out and arms drill have been excellent, and we have all got to like them very much.

I inspected them on parade this morning and thanked them for all they have done. I told them that I was very pleased that the last guard I would have on my Headquarters (I leave here on Monday), was one of the best that I have ever seen.

Many thanks,

Yours sincerely,
