WAR DIARIES, CA

Instructions for Compilation and Despatch

1. A War Diary is SECRET.
2. The War Diary takes the place of the Historical Record when on active service. (KR (Can) Para 1530). Its objects are: to supply authentic material for the history of the unit, and of the force; to furnish a historical record of operations; and to provide data upon which to base improvements in training, equipment, organization and administration.
3. Unless otherwise ordered, the original and duplicate copies are sent on the first day of the succeeding month, through the usual channels, to the AG 2nd Echelon, wherever that office may be. The triplicate copy may be held by the unit for three months and then forwarded, also through the usual channels, to AG, 2nd Echelon. In Canada all copies as above are sent through the usual channels to NDHQ; in England to Canadian Military HQ.
 - (i) District Officers Commanding will arrange to forward War Diaries to National Defence Headquarters addressed Director Historical Section, GS (War Diaries) with covering roll, in duplicate, showing unit from which received and number of copies in each case; the duplicate roll will be returned as a receipt.
 - (ii) Formations and Units in the Ottawa Area Command will forward War Diaries direct to National Defence Headquarters (addressed Director Historical Section, GS (War Diaries)).
4. Post-war disposal will be as under:—
 - Original—retained at Ottawa for historical purposes.
 - Duplicate—to British Record Office for historical purposes.
 - Triplicate—to unit for custody with unit records.
5. The War Diary will be entered up daily on MF M11 and rendered monthly in triplicate (Mobn Instr for CM 1937. App "C"). Each entry will be initialled by the officer detailed to keep the War Diary, which will be signed at the end of each month by the commander. (FSR Vol II, Sec 35, para 3 iii).

6. The following should be recorded daily as events occur:—

- (i) Important orders, instructions, reports, messages or despatches received and issued, and decisions taken. *Original documents* should be attached as appendices to the original copy of the War Diary; *copies* should, whenever available, be attached as appendices to the duplicate and triplicate copies of the War Diary.
- (ii) Daily map location, employment, movements and dispositions of unit headquarters and of batteries, companies, etc. March tables should be attached as appendices.
- (iii) Important movements of officers and matters relating to the duties of each branch of the staff. A complete set of the *routine orders and instructions, Part I Orders*, issued by the unit during the month should be attached as an appendix to the original copy.
- (iv) Detailed account of operations—to include:— Exact hour, location and circumstances of important occurrences. Movements and names of neighbouring units. Commanders of batteries, companies, etc, names of Officers and number of OR (i) engaged and (ii) battle casualties. Dispositions, activities and identity of enemy forces. Prisoners and trophies captured. Ammunition expended. Factors affecting operations, topographical and climatic. *Maps and sketches* showing dispositions of batteries, companies, etc, at important phases. The record of *communications, both written and verbal*, received or despatched during active operations as an appendix. A complete set of the *operation orders and instructions* issued during the month. Notes on conferences and reports rendered to higher formations, or received from lower formations, as appendices to the original copy.
- (v) Nature and description of trenches, field works or accommodation occupied or constructed. Meteorological notes.

- (vi) Changes in establishment or strength. Names and ranks of officers and number of OR. Attachment of units and individuals. Reinforcements. *Weekly Field Returns of Officers and OR* should be attached as appendices to the original copy. *Copy of Part II Orders* should be attached to the triplicate copy only. Changes in organization, stores, transport, etc.

7. It is essential that all copies of both text and appendices are legible. Appendices will be numbered and referenced to the text in the last column of the form. Current issues of any regimental publication should be attached.

8. It will be found convenient at the end of each month, when the War Diary is being completed and the correspondence in unit files for the month is being reviewed and distributed (FSR Vol I, sec 171, para 3) if the material considered to be of historical value in the light of the above is attached as appendices to the original copy of the War Diary, the file title and reference number being entered in conformity with the filing system.

9. A good war diary makes possible the accurate and detailed reconstruction of circumstances, conditions and action.

NOTE: If monthly diary is more than one inch thick, use a second folder. If appendices are bulky, tie folder up with tape or string to make a firm package.

UNIT OFFICE FILING SYSTEM AND RECORDS

"Every office will arrange for the filing and custody of its own correspondence." (FSR Vol I, Sec 171.3.)

1. Titles and Numbering of Files

A simple filing system adaptable for use in any military office at home or in the field is illustrated by the "List of File Titles" overleaf.

All documents handled by a unit fall into one or other of the nine categories enumerated, 1 to 9. The titles of the nine main divisions are based on British army operations, organization, administration and the regulations governing. Each title may be broken down into ten component parts or sub-titles, by adding a dash and subsidiary numbers 0 to 9. In turn each of these may be further broken down by adding a second dash and a third digit, and if necessary a third dash and a fourth digit. Thus 4-6-3 might be "Cooking Course at Kingston". According to circumstances, a fighting unit would expand the 1-3 prefix to accommodate all arms and services with which it may be concerned.

ATI

V

2. Date reference

The method outlined in FSR, Vol II, Appendix IV, will be used for all purposes, *e.g.*, 2 Feb 40.

3. Documents for Preservation

The monthly review of correspondence (FSR Vol I, sec 171.3) is facilitated and future confusion avoided by jacketing the material in "Category ii" (*i.e.*, "no longer required", etc) to conform with the system.

4. Correspondence in the Field

The functioning of the office of a formation or unit during active operations may be simplified by keeping a log or register of all orders and messages, written or verbal, received or sent during the action. This may conveniently be done by extending the use of the "Field Register of Communications Received or Despatched", (Army Form 2040, FSR Vol I, sec 171) to include verbal as well as written orders and messages in chronological order as received or sent.

Time of sending and of receipt are of importance second only to time of event, and should be entered both on the office copy of every field message or other document, and in the log or register. A carbon copy for contemporary reference of the commander or others concerned is desirable.

PRESERVE IMPORTANT ORIGINAL DOCUMENTS FOR POSTERITY

ATI

VI

A brief precis of written orders, reports and messages, with the sender's number, is sufficient, for they will be kept on file. But particular care is necessary in making entries of times of moves and of verbal orders, reports or conversations, by telephone or otherwise, which in the stress of action, may not otherwise be recorded on paper. In battle, operations messages dealt with by one officer may number over twenty-five per hour for several hours on end.

The record should be kept convenient to the telephone. Entries may be made by a clerk, or by the officer on duty at the telephone.

Such a record is invaluable to the commander in making appreciations of the situation during the action, and in compiling his report on the action afterwards. It is contemporary evidence of the highest quality, and therefore is of the highest historical value, and should be attached as an appendix to the original copy of the War Diary, together with the original documents sent and received.

1 Recent reports show that many units are ignoring provisions of instr. issued before.

2. BERTRAND STEWART PRIZE ESSAY COMPETITION

1 Capt Bertrand Stewart, a London solicitor, who was killed in the Battle of the Aisne on 19 Sep 14, expressed a wish in his will that the interest on a capital sum to be set apart should be devoted to a prize for the best paper on some military subject the study or discussion of which would tend to increase the efficiency of the British Army as a fighting force. The prize is awarded as the result of a competition which was suspended in 1940 and which it is now proposed to revive. The value of the prize is at present £ 80.

2 To give effect to Captain Stewart's wishes, a subject is selected annually by the Army Council, and the winning essay is published by arrangement with Messrs William Clowes & Sons, Ltd, in the Army Quarterly. Judges are appointed by the Army Council, in consultation with the Lords Commissioners of the Admiralty and the Air Council, and the editor of the Army Quarterly is also a judge ex-officio. The prize can be competed for by officers and other ranks or ratings who are serving, or have at any time served, in any of the three fighting services of the United Kingdom, the Dominions, India, or the Crown Colonies.

3 The Army Council wish the existence of this competition to be widely known in the Army, and consider that all ranks should try to take advantage of the valuable prize offered. Particulars will be published in the Press, "Current Affairs", and other army publications.

4 SUBJECT The following subject has been selected for the 1946 competition:-

"Our history shows that there has been a way the nation is prepared to give full support to its armed forces, in peace the tendency as for the Army to be neglected and, if not to fall into disrepute, at least to be regarded without popularity or enthusiasm."

Bearing in mind the need for economy in man-power and money, discuss ways in which you consider some improvement could be achieved in the attitude of the general public towards the army in peace.

5 The closing day for the competition is 24 Jun 46, by which date essays should reach:- The Editor, The Army Quarterly, Axtell House, Warwick Street, Regent Street, London, W.1

6 CONDITION OF ENTRY:

- The essays submitted for the prize must not exceed 10,000 words in length; they must be typewritten and submitted in quadruplicate.
- The authorship of the essays will be strictly anonymous. Each competitor must adopt a motto and enclose with his essay a sealed envelope with his motto typewritten on the outside and his name and address inside.

2. DEBATE AND ESSAY PRIZE..... (cont'd)

- 6 (c) The title and page of any published or unpublished work, to which reference is made in any essay or from which extracts are taken, must be quoted.
- (d) The judges, whose decision will be final, are empowered to withhold the prize if in the opinion of the majority of them the standard of the essays is not high enough, or to divide the prize if they consider this action desirable.
- (e) The result of the competition will be made known and the prize essay published in the Army Quarterly in Oct 46, and if possible reproduced in other publications on a wider circulation.

3. DESPATCH OF DOGS TO GDA

1. In accordance with ACI 1148/45 your dog has been documented, medically examined and licensed.
2. In accordance with CMHQ Trans 587 of 18 Mar payment has been arranged for a quarantine period in the UK.
3. The following procedure will now ensure the despatch of your dog to Gda:
 - (a) Dog will proceed with owner and license to 3 Gdn for Div "Maple Leaf" Camp and thence to GUYSAVIA by rail and by ship with your draft to HILBURY. Owner will be completely responsible for the care and feeding during this period.
 - (b) A rep of Movement Control CMHQ will meet you at HILBURY and will accept the dog into his care and arrange for the dog to the quarantine kennels. License and three copies of application must be passed to this rep as your authority to bring the dog into the UK.

3. DESPATCH OF DOGS TO CDA (cont'd)

- 3 (c) You will be personally responsible to contact Movement Control CMHQ as soon as possible after arrival to arrange the ocean tn from UK to CDA. There also you will pay:
- (1) Cost of Kennel on ship
 - (11) Cost of food on ship
 - (111) Cost of actual sea tn to Cda
- (d) Your dog will be quarantined at "Chilbolton Down" Kennels located at STOCHBRIDGE, HANTS. The amount you paid through the Cdn Paymaster is for a total of 6 mos care in quarantine; however, if you arrange shipment earlier to Cda the "Kennels" will refund direct to you the proportionate amount of the monies paid.
- (e) If your dog arrives in Cda with an unexpired portion of the 6 mos in quarantine to complete, it will be placed in the Cdn Gov Kennels in HALIFAX for which separate payment can be arranged through Movement Control CMHQ in LONDON.
- 4 The only dogs permitted on tp tn to Cda are official regtl mascots.
- 5 Retain this copy as these are the only instrs to be issued on mov of dogs to UK.

4. M F O

- 1 Since the movement of personal baggage to Cda has commenced, it has become increasingly clear that there are many cases of abuse of this privilege.
- 2 Among items we have been asked to ship have been a working model of a battle ship 8 ft long, value \$3000, large rugs and other forms of house hold furniture. This service was not designed to re-equip homes in Cda, and the authorities have now laid down the following regs:-
- (a) Each offr will be allowed to ship by MFO one box, not to exceed 250 lbs in weight, dimensions not to exceed 4 ft x 2 ft x 30 in.
 - (b) ORs will be allowed to ship one box or canvas container, same specifications, and weight not to exceed 250 lbs.
 - (c) All items of unusual nature will be returned to the sender unless an explanation is fwd.
- 4 Commencing 26 Mar 46 all baggage for forwarding through MFO channels will be sent to Cdn MFO, located on Main Street, Bad Zwischenahn.

BRITISH ARMY OF THE RHINE

PERSONAL MESSAGE
TO 3 CANADIAN DIVISION (CAOF)
FROM THE C-IN-C

(To be read out to all Troops)

- R
1. On the repatriation of the division I feel I would like to send a personal message of farewell to all ranks.
 2. Some of you fought with me in Sicily and Italy. Some of you fought with Canadian formations throughout their historic journey from Normandy through France, Belgium and Holland into Germany. You have proud memories to look back on and the satisfaction of being greatly instrumental in the final defeat of the German Army. Others of you have only been in Germany a short time, and did not take part in the battles in North-West Europe. Nevertheless you have been fulfilling an important task — a task that may have seemed dull, but one which is essential if we are to secure a proper peace.
To all of you I would say: "Thank you for a job well done".
 3. You are now going back to your families and friends in Canada. We will undoubtedly miss you and I hope that you will at least have some happy memories of your time in England to take back with you to Canada.
It is my sincere hope that the friendship and understanding which has grown up between us all during the war will bear fruit and prosper in the years that lie ahead.
 4. I will not say good-bye as I hope to visit your country this year and have the pleasure of meeting some of you again. I am greatly looking forward to that visit.

The very best of luck to you all.

Montgomery of Alamein
Field Marshal
C-in-C British Army of Rhine.
