VOLUME

WAR DIARIES, CA

Instructions for Compilation and
Despatch

1. A War Diary is SECRET.
2. The War Diary takes the place of the Historical Record when on active service. (KR (Can) Para 1530). Its objects are: to supply authentic material for the history of the unit, and of the force; to furnish a historical record of operations; and to provide data upon which to base improvements in training, equipment, organization and administration.
3. Unless otherwise ordered, the original and duplicate copies are sent on the first day of the succeeding month, through the usual channels, to the AG 2nd Echelon, wherever that office may be. The triplicate copy may be held by the unit for three months and then forwarded, also through the usual channels, to AG, 2nd Echelon. In Canada all copies as above are sent through the usual channels to NDHQ; in England to Canadian Military HQ.
 - (i) District Officers Commanding will arrange to forward War Diaries to National Defence Headquarters addressed Director Historical Section, GS (War Diaries) with covering roll, in duplicate, showing unit from which received and number of copies in each case; the duplicate roll will be returned as a receipt.
 - (ii) Formations and Units in the Ottawa Area Command will forward War Diaries direct to National Defence Headquarters (addressed Director Historical Section, GS (War Diaries)).
4. Post-war disposal will be as under:—
 - Original—retained at Ottawa for historical purposes.
 - Duplicate—to British Record Office for historical purposes.
 - Triplicate—to unit for custody with unit records.
5. The War Diary will be entered up daily on MF M11 and rendered monthly in triplicate (Mobn Instr for CM 1937. App "C"). Each entry will be initialled by the officer detailed to keep the War Diary, which will be signed at the end of each month by the commander. (FSR Vol II, Sec 35, para 3 iii).

6. The following should be recorded daily as events occur:—

- (i) Important orders, instructions, reports, messages or despatches received and issued, and decisions taken. *Original documents* should be attached as appendices to the original copy of the War Diary; *copies* should, whenever available, be attached as appendices to the duplicate and triplicate copies of the War Diary.
- (ii) Daily map location, employment, movements and dispositions of unit headquarters and of batteries, companies, etc. March tables should be attached as appendices.
- (iii) Important movements of officers and matters relating to the duties of each branch of the staff. A complete set of the *routine orders and instructions, Part I Orders*, issued by the unit during the month should be attached as an appendix to the original copy.
- (iv) Detailed account of operations—to include:—
Exact hour, location and circumstances of important occurrences. Movements and names of neighbouring units. Commanders of batteries, companies, etc, names of Officers and number of OR (i) engaged and (ii) battle casualties. Dispositions, activities and identity of enemy forces. Prisoners and trophies captured. Ammunition expended. Factors affecting operations, topographical and climatic. *Maps and sketches* showing dispositions of batteries, companies, etc, at important phases. The record of *communications, both written and verbal*, received or despatched during active operations as an appendix. A complete set of the *operation orders and instructions* issued during the month. Notes on conferences and reports rendered to higher formations, or received from lower formations, as appendices to the original copy.
- (v) Nature and description of trenches, field works or accommodation occupied or constructed. Meteorological notes.

(vi) Changes in establishment or strength. Names and ranks of officers and number of OR. Attachment of units and individuals. Reinforcements. *Weekly Field Returns of Officers and OR* should be attached as appendices to the original copy. *Copy of Part II Orders* should be attached to the triplicate copy only. Changes in organization, stores, transport, etc.

7. It is essential that all copies of both text and appendices are legible. Appendices will be numbered and referenced to the text in the last column of the form. Current issues of any regimental publication should be attached.

8. It will be found convenient at the end of each month, when the War Diary is being completed and the correspondence in unit files for the month is being reviewed and distributed (FSR Vol I, sec 171, para 3) if the material considered to be of historical value in the light of the above is attached as appendices to the original copy of the War Diary, the file title and reference number being entered in conformity with the filing system.

9. A good war diary makes possible the accurate and detailed reconstruction of circumstances, conditions and action.

NOTE: If monthly diary is more than one inch thick, use a second folder. If appendices are bulky, tie folder up with tape or string to make a firm package.

IV

UNIT OFFICE FILING SYSTEM AND RECORDS

"Every office will arrange for the filing and custody of its own correspondence." (FSR Vol I, Sec 171.3.)

1. *Titles and Numbering of Files*

A simple filing system adaptable for use in any military office at home or in the field is illustrated by the "List of File Titles" overleaf.

All documents handled by a unit fall into one or other of the nine categories enumerated, 1 to 9. The titles of the nine main divisions are based on British army operations, organization, administration and the regulations governing. Each title may be broken down into ten component parts or sub-titles, by adding a dash and subsidiary numbers 0 to 9. In turn each of these may be further broken down by adding a second dash and a third digit, and if necessary a third dash and a fourth digit. Thus 4-6-3 might be "Cooking Course at Kingston". According to circumstances, a fighting unit would expand the 1-3 prefix to accommodate all arms and services with which it may be concerned.

V

2. *Date reference*

The method outlined in FSR, Vol II, Appendix IV, will be used for all purposes, *e.g.*, 2 Feb 40.

3. *Documents for Preservation*

The monthly review of correspondence (FSR Vol I, sec 171.3) is facilitated and future confusion avoided by jacketing the material in "Category ii" (*i.e.*, "no longer required", etc) to conform with the system.

4. *Correspondence in the Field*

The functioning of the office of a formation or unit during active operations may be simplified by keeping a log or register of all orders and messages, written or verbal, received or sent during the action. This may conveniently be done by extending the use of the "Field Register of Communications Received or Despatched", (Army Form 2040, FSR Vol I, sec 171) to include verbal as well as written orders and messages in chronological order as received or sent.

Time of sending and of receipt are of importance second only to time of event, and should be entered both on the office copy of every field message or other document, and in the log or register. A carbon copy for contemporary reference of the commander or others concerned is desirable.

VI

A brief precis of written orders, reports and messages, with the sender's number, is sufficient, for they will be kept on file. But particular care is necessary in making entries of times of moves and of verbal orders, reports or conversations, by telephone or otherwise, which in the stress of action, may not otherwise be recorded on paper. In battle, operations messages dealt with by one officer may number over twenty-five per hour for several hours on end.

The record should be kept convenient to the telephone. Entries may be made by a clerk, or by the officer on duty at the telephone.

Such a record is invaluable to the commander in making appreciations of the situation during the action, and in compiling his report on the action afterwards. It is contemporary evidence of the highest quality, and therefore is of the highest historical value, and should be attached as an appendix to the original copy of the War Diary, together with the original documents sent and received.

22 Nov 39)
