THOMAS KATER.

Desire to inform the public that he manufactures Pianos with some important improvements that he alone introduces, and kindly solicits a call from the citizens and public generally.

He has the agency for the celebrated English Mivolo and Cottage Piano made expressly for this climate.

N. B.—All musical instruments taken in exchange.

One of the above improvements is the PATENT AGRAPPE for stringing instruments.

The following are the chief manufacturing establishments in the city.

THE HAMILTON TOOL WORKS.

The principal establishment for the manufacture of mechanics tools is that of The Hamilton Tool Company, occupying extensive premises in the neighborhood of the Great Western Railway depot. This company was established 1872, to supply a want felt at that time of obtaining a higher class of machinery than was then made in the country. The reputation of the company for first class work stands high throughout the Dominion. The shop is equipped with the best plant obtained from the leading shops of the United States, and facilities for turning out work not possessed by any other factory of the kind in the country. The average number of men employed is sixty, and the amount paid annually

for wages is about \$60,000. The works are well worthy of a visit from those interested in mechanical pursuits.

SEWING MACHINE MANUFACTURERS.

Messrs R M Wanzer & Co, Sewing Machine Manufacturers of Hamilton Ont, commenced business in 1860 and have now a large and complete establishment.

In their factory and foundry about 400 men are employed and the capital invested in the business is over \$300,000

They have capacity for turning out 1500 machines per week.

At the Vienna Exhibition last year the Wanzer Sewing Machines obtained two medals of merit and also one grand silver Medal, and Mr. R M Wanzer had conferred upon him by the En-

peror Francis Joseph, the *Iron Cross*, and was made a Knight of the Order of Francis Joseph the First.

Circulars and instructions for the Wanzer Machines are printed in thirty two different languages.

THE FAVORITE EVERYWHERE.

The Most Popular Sewing Machine in Canada,

The "WEBSTER."

It is a Shuttle Machine, simple to handle, light running, durable as steel and iron can make it, with unlimited capacity, unexcelled by any other machine, regardless of name or price.

The "Webster" Family Machine combines all the elegance, simplicity, durability and strength possible for any Sewing Machine to attain.

The "Webster" embodies all the important and essential elements embodied in Sewing Machines patented in Europe or America within the past twenty years, together with late and important improvements and patents of known mechanical experts and inventors.

The "Webster" will sew everything needed in a family, from the heaviest to the lightest and most delicate fabric.

The "Webster" does more work, and more kinds of work than any other Sewing Machine manufactured.

The "Webster" has no gears or cams to get out of order, and its simplicity enables the most inexperienced to operate it with the ease of an expert.

The "Webster" does not require finer thread on the upper side.

The "Webster" will sew across the heaviest seams, and from one to several thicknesses of cloth, without change of needle, tension or stitch, or the breaking of thread.

The "Webster" runs light and easy, and almost noiseless.

The "Webster" is manufactured by the Canada Sewing Machine Company, Hamilton, Ont., Canada.
