ONE OF THE WONDERS OF THE WORLD!
THE CONCERT ORGAN AND AUTOPHONE.

THIS SIZE \$6.00

This engraving represents the instrument, and the mode of playing it requires no skill or musical knowledge, and even a child may play the most difficult pieces.

We put this new Musical Instrument on the market solely upon its merits, and with confidence that it will give complete satisfaction.

It is simple in its construction, not liable to get out of order and easily managed. Can be played by a child six years old. Will furnish amusement to all. It contains 22 notes and plays in three different keys. It is tuned so that it is a good accompaniment to the voice. The workmanship is of the best quality, the wood being black walnut, finished in good style. We invite comparison in regard to its musical as well as its mechanical execution. It is truly wonderful what a scope and with what precision it executes. It is one of the kind that speaks for itself, and need only be seen and heard to be appreciated.
