WITHOUT A DOLLAR

Although we were without a dollar of interest in arrears, or a dollar's worth of real estate on our hands at the close of the years 1894, 1895 and 1896, we had added largely to our investments in each year, and were regarded by financial men as occupying a very strong and very unique position.

THE TEMPERANCE AND GENERAL LIFE ASSURANCE COMPANY

was probably the only Company having assets of upwards of $500,000 that could say as much.

Results — of an Investment Policy of Insurance

North American Life Assurance Co.

W. McCABE, Esq.,
Managing Director, North American Life Assurance Co., Toronto.

Dear Sir,—Of the three options at my disposal in regard to my matured 13-Year Investment Policy for $1,500, I have decided to take the first, and hand you my discharge in exchange for your cheque. In terminating the contract, which has given me reliable life insurance for 15 years for $1,500, and in addition returns me all my payments with compound interest added at a rate within a very small fraction of 5 per cent., I can only remark that my expectations have been more than realized, and that the whole transaction from beginning to end has been of the most satisfactory character.

I understand, that not only was the North American the pioneer Canadian Life Company to introduce Investment Insurance, but that it is the pioneer in being able to make such handsome returns under such form of Insurance. Yours truly,

R. A. PYNE.
