NOTICE EXTRAORDINARY !

WHILST some of my competitors (in order to build a reputation) have been blowing lustily through the newspapers, believing that in order to sell a saddle or a set of harness, it must first be plastered with a column of newspaper "puffs" recommending its beauty, cheapness, and other superior qualifications. I have quietly pursued the even tenor of my way without making much noise, preferring a reputation based upon more substantial footing than the aid of printer's ink and blazing capitals in newspaper advertisements.

My business has been very prosperous for the last twenty-six years without such puffing. I shall not resort to the too common practice by saying that I sell less than other establishments, believing that the good sense and judgment of my patrons will best decide that matter.

I superintend my work ; can buy as cheap as any one, and for Good, Neat, Substantial work, I make no exception. For many years I have taken First Prizes at Provincial Exhibitions ; and as a further proof of the character of my establishment, I have had the whole of the Officers' work of the different Regiments during the time Hamilton was a Military Station. The Rifle Brigade in recommending me to the 63rd Regiment, styled me the "Prince of Tradesmen." I have as usual, a Complete Stock of every article in the Trade, including every style of
