PARK HILL.

An incorporated village and station of the Grand Trunk Railway, in the township of West Williams. The village was first settled about the year 1863, and since that time has rapidly increased in wealth and population, and bids fair in a few years to be one of the most important towns west of Toronto. The adjacent country is one of the most fertile in the Province, and large quantities of produce, grain and timber are shipped from this station. There are a number of fine buildings recently erected, and many others are contemplated. The several religious denominations have churches here. The Mechanics' Institute has a well selected library, and if, as is anticipated, a new county should be formed, the chances are that this place will arrive at the dignity of a county town. Distant from London 32 miles, 40 from Sarnia, and 128 from Toronto. Population about 2,000.

TEMPLE OF MUSIC

MARRIN BROS.,
PARKHILL, - - ONTARIO.

We call the attention of the public to the NEW, BEAUTIFUL and NOVEL INSTRUMENT, of our own invention, the

RESONANT HARMONIC ORGAN!
WITH OUR EUPHONE STOP.

In perfecting this Organ the finest musical taste, the most inventive genius, and best mechanical skill have been brought into requisition, making it the

King of Reed Organs

We do not wish to detract from the merits of other Organs by upholding ours, but we are ever ready to submit them to a fair and impartial test, feeling confident of the result.

PRICES FROM \$55 TO \$1500.

The following is a list of some who have used and tried our Organs :—

“Messrs. Marrin—I have much pleasure in stating that your Organs are ahead of anything that I have ever played upon in the shape of a Reed Organ.”—M. M. Miner, Leader Cole’s Circus Band.

“They are the standards of excellence.”—Francis Adams, Forest. “The finest combination I ever saw.”—W. W. Oakes, Leader of Parkhill Band. “Your action is as quick as that of a piano.”—Prof. Archer, Organist with James Taylor. “Your Organ is King of Reed Organs.”—Russell Miner. “The eight-stop instrument I purchased of you is all that I wish, and I consider its Combination superior to anything that I ever came across in this section of the country. The Euphone, Trumpet and Tremolo Stops, I think, cannot be surpassed anywhere.”—Geo. A. Rose, Organist, Strathroy.

“We have thoroughly tested your Harmonic Organ and find it superior in tone, finish and volume to any instrument of the kind we have ever used.”—C. C. Beedle, S. George Soules, C. E. Sturtevant, H. E. Crooks, for Swiss Bell Ringers.

STRATHROY.

The town of Strathroy is situated on the river Sydenham on the borders of the townships of Adelaide and Caradoc. It is the principal station of the Sarnia Branch of the Great Western Railway. The greater part of the town site was, previous to 1832, a pine forest, and was originally a free grant from the Crown to James Buchanan, the Consul at New York, who gave it to his son, John Stewart Buchanan, in that year, the property consisted of 181 acres.

The township of Adelaide was settled the same year, when one hundred and fifty emigrants, with a commissary, arrived at Katesville, a point three miles west of Strathroy, on the Sydenham river, or Bear Creek, and spread over the adjoining territory, and in 1847 the village of Strathroy commenced its progress. At that time it consisted of three frame dwelling houses, a grist and saw mill, a blacksmith's shop, and a few log dwellings; no store nor post office, and no road worthy of the name.

In 1858 the Sarnia Branch of the Great Western was commenced and since that time the progress of the town has been rapidly increasing. The country adjoining is very fertile, and the inhabitants are possessed of that vigorous go-a-headitiveness which commands success. Distant from London 20 miles, from Sarnia 40, and from Ailsa Craig 14. Population about 4,000.

PRIVATE SURETYSHIP ABOLISHED.

THE

CANADA GUARANTEE COMPANY!

HEAD OFFICE, - - MONTREAL.

President, Sir ALEX. T. GALT, K.C.M.G.
 Vice-President, JOHN RANKIN, Esq.
 Manager, EDWARD RAWLINGS, Esq.

THIS Company's business is solely that of granting Bonds of Suretyship for the faithful discharge of the duties of Employes in all positions where such security is required. In this it takes the place of Private Suretyships, and obviates the necessity of their being assumed or continued in the future by Individuals.

Its Bonds are accepted by the Dominion and Provincial Governments, on behalf of Public Officers in all the Departments, and it is the only Company that is licensed by the Dominion Government to grant such Bonds throughout Canada.

Its Bonds are also accepted by Banks, Railways, Municipal Corporations, Commercial Institutions, and Mercantile Firms generally, as security from employes; also on behalf of County Officers.

Government Officers and others can now relieve their Private Sureties of all future responsibility (very many have already done so), by a small annual outlay, no expense whatever being incurred in obtaining the Bonds of this Company, beyond the moderate premium required.

Prospectuses and all information will be afforded on application to the Head Office.

Applications are invited from gentlemen of influence to act as AGENTS in unrepresented places.

EDWARD RAWLINGS, Manager.

Agent for London, J. J. BROWN.
