CHAIRMAN OF ENGLISH BOARD OF DIRECTORS:

MANAGING DIRECTOR:

NEW AND IMPORTANT ADVANTAGES TO ASSURERS BY LARGE PARTICIPATION IN PROFITS.—The operation of these Associations are now extended throughout British North America—a Branch Office having been established at London, C. W., with the following

BOARD OF DIRECTORS:

L. LAWRASON, Esq., Chairman,	HIRAM CHISHOLM, Esq.,
REV. BENJ. CRONYN, D. D.,	MALCOLM CAMERON, Esq.

These Associations—based on popular principles—have met with unprecedented success. In the short space of three years, more than 81,000 Policies have been issued in the Fire Department—insuring upwards of £20,000,000 sterling. The Life Department has been equally successful. The Directors, with confidence, direct attention to the

ADVANTAGES TO ASSURERS IN THE UNITY FIRE.

A participation in two-thirds of the Profits. No charge for Policies.

Among many other advantages to Assurers in the Unity Life—Policies need NEVER BE FORFEITED, as, after payment of five years' premiums, the Directors will, at any time, give the assurer a "paid up" Policy for the amount he may have paid—securing that sum to his representatives at death. Thus, supposing a person, aged 40, to have assured for £1,000, with profits, for the whole term of life, and paid five years' premiums, he would, under such circumstances, have paid the sum of £113, 2s. 6d. Should he desire, then, to drop the assurance, or be compelled to do so, he could receive a "paid up" Policy for a like amount. This would be an absolute and indisputable reversion, payable to his representatives after death.
