The county town of Perth is located on the River Avon, at the angles of the townships of Downie, Ellice, North Easthope and South Easthope, and is the centre of one of the most fertile and well-settled counties in the Province. It is the most important railroad centre west of Toronto, the main line of the Grand Trunk, the Buffalo and Lake Huron, the Port Dover and Lake Huron and the Sarnia and Lake Huron railroads, all meet at this point, thus affording unusual inducements for the location of manufacturing and other enterprises. Distant from London, 89, Goderich, 45, Hamilton, 61, Sarnia, 80, Toronto, 88, Buffalo, 115, Detroit, 143 and Montreal, 421 miles. The business streets are lined with many fine block of stores and a new post office is in the course of erection, which will be an ornament to the town. Here are located the Grand Trunk railway workshops, employing over 700 men, the pay roll averaging $1,100 a day. The public buildings are very costly and handsome, the court house, town hall, high school, central school, public schools, Roman Catholic schools, Convent of the Ladies of Loreto, and the numerous churches are unexcelled in attractiveness and point of architecture by those of any town or small city in the Province. The town is lighted by gas; population about 8,500.
