ARTHUR McBEAN, JR.
Agricultural Implement Works
— AND —

PLANING MILL.

LEVI COSSITT, Proprietor.

I call your especial attention to the following description of various articles manufactured at our works. All the Implements are of the best workmanship, and may be relied on to do their work well:

Little Giant Straw Cutter, hand power only,
This is a very superior hand-power machine.

Horse Turnip Seed Drill, all Iron,
This superior Drill sows two rows, follows the course of the drills, and drops the seed always in the center; runs the canisters with endless chains instead of friction wheels, therefore is not liable to slip and miss sowing; by raising a lever the sowing can be stopped at any time, thus preventing the waste of seed when turning at end of drills.

King of the Harvest Fanning Mill,
Having made important improvements in this Mill, I can pronounce it to be superior to all others for cleaning and separating all kinds of grain and seeds, to which has been added a double corotation shake.

Guelph Lawn Mower,
A cheap, simple and durable machine for mowing Lawns. This is the only reliable Mower, made in Canada, for doing its work well, and being easy to run. Width of cut 14 inches—price, $16.00. Width of cut 16 inches—price $18.00. Each machine is guaranteed. It will cut as well when turning a short corner as when pushing straight forward, which other Lawn Mowers will not do. It is as portable as a hand truck. The cut grass is thrown behind the cutter, thus greatly decreasing the labor of working the machine.

Hickory Horse Pokes,
Horses can't get over any fence with this poke on.

Improved Tree Pruner,
This Pruner is made in lengths of from 4 to 10 feet, and weighs only from 2½ to 4½ lbs. It far exceeds any other device made for the purpose.

Ask your merchant or hardware dealer for any of the above machines, or send your order direct to

INNES & DAVIDSON.
A circumstance has proved itself in some degree annoying to our travelling agents. Jealous of the reputation of our oil among consumers, unscrupulous agents representing other houses have succeeded in some instances in proclaiming inferior oils as being identical with Stock’s Extra Machine Oil. The very barrels originally containing our oil, and impressed with our Trade Mark, have in a few instances been employed in these nefarious transactions. The extent to which our business has been injured by these representations has been more than counterbalanced in our favor by the unanswerable argument thus afforded as to the superiority of our oils, and the estimation in which they are held by the public. All our agents are furnished with the necessary credentials.

Testimonials in its Favor.

Gentlemen,—In answer to your request as to our opinion of your oil as compared with others, we have to say that we have decided to use no other so long as we can get yours; and this was brought about by the fact that other dealers came round and said that they could give us oil as good as yours for much less money, so we took samples from each. The following is the result of four tests of each sample, in one of Foster’s Patent Oil Cups on our engine. Cup No. 1 was filled with sample No. 1, at 25c. per gallon, 2 days; sample No. 2, at 45c. per gallon, 3 days; sample No. 3, at 55c. per gallon, 1½ days; Stock’s Extra Oil, at 60c. per gallon, out of barrel that we were using, 12 days. The above samples were from the leading oil dealers of Canada. I may also say that we are using your oil on our cylinder instead of tallow, and find it does as well and is much cheaper, and better for the boiler. I think we can truly say that we are saving fifty per cent. in oils since we commenced using Stock’s Extra. Respectfully yours,

WM. H. BISSERY,
Engineer for Messrs. Wilkow & Hillcock.

Office of the Joseph Hall Manufacturing Company,
GEORGE STOCK, Esq., Toronto.

Dear Sir,—We have been using your oil on our machinery for some years, and have no hesitation in saying it is the only good oil of the kind we have ever had, and is the very best machine oil we have ever used. We recommend it to all our farmer customers as the best oil they can possibly buy. We suggest that you put it up in 5-gallon cans for their use, and we feel sure that it will sell freely. Any one who gives it a trial will continue to use it.

Yours truly,
F. W. GLEN, President.

As foreman of the above works, I beg to say that I would rather have Stock’s Extra Oil than Lard, Olive or any other oil I have ever used.

A. HENDERSON.

### PREFACE.

In presenting their First Edition of the County of Wellington Directory, the Publishers take great pleasure—first, in acknowledging the liberal support which has been accorded them; secondly, in offering a work which they believe will prove not only useful but interesting, and that every exertion in their power has been made to render it full, complete and reliable. The Publishers trust that as few errors will be discovered in this work as in any other of a similar character, and that it will deserve the approbation of its patrons.

The most important part of the work is the list of farmers throughout the County, with their Post Office address, Township, numbers of Lot and Concession they live on, and stating whether free-holder or tenant.

The Publishers, in taking leave, are thankful to all who have aided in supplying information, and in bringing the Directory to a successful issue.

FISHER & TAYLOR.
