German Blood Remedy

Is the only reliable blood, liver and kidney medicine in the world. It is just the medicine every man, woman and child should take in the spring to purify the blood. Don't wait until you are sick, when three doses a week will keep your blood, liver and kidneys in a healthy state and protect you from disease. It works wonders on the most important organs of the human frame. It strengthens the whole muscular system, restores the long lost complexion, brings back the keen edge of appetite and arouses into action the whole physical energy of the human frame. It makes the old feel young again. In fact at no time of life is there a time when a man or woman derives no benefit from a dose of this medicine. Refuse all substitutes said to be as good. German Blood Remedy has no equal.
