## BROWN, BOGG & CO., PATENT FOURTH LEAF CORNICE BRAKE.

We are now manufacturing a Fourth Leaf Cornice Brake which will bend the stock over any form with speed and exactness, without being in the way on other work. Although it weighs nearly 500 lbs. more than any other brake made it works with ease and we guarantee it to bend 20 gauge iron straight and square the entire length without springing. It has been tested by some of the most practical men and they acknowledge it superior to anything in the market.

Be sure and see it before purchasing a brake.
