

The reason the Tucker system is supplanting all others is because it is much more accurate, simple and easy to file and refer to letters.

Papers are not mutilated by wires, which is the case with punch or wire files. Dates are not destroyed, which is frequent in punch files.

Papers are firmly compressed by means of a lever clamp.

CAPACITY:

THE TUCKER FILE has the largest capacity of any known system no matter how full the File becomes, all papers in it are easy of access.

TRANSFER CASES:

THE TUCKER TRANSFER CASE is made to take the contents of an individual file, and is simple and most complete.

SIZES OF CABINET:

CABINETS, supplied in sizes ranging from 4 files up to 63 in one cabinet; where more files are wanted the Cabinet can be made in two sections.

WOOD:

Our Cabinets are made principally of Black Walnut, but we make them to order of Cherry, in Mahogany finish, White Ash, and Birch.

SINGLE FILES & SECRETARIES:

We supply the Tucker Single Letter File, Single Document File, and Little Secretary, the latter is a small single file cabinet with a door and good Yale lock, made for private use. It is an ornament as well as a very useful article of furniture for ladies' use.

The Tucker system of filing was awarded the Diploma over all others at the Industrial Exhibition, Toronto, 1886, and at the American Institute Fair, New York, 1885.

For further information, cuts and circulars will be sent on application.

BYRON.C.ALBRO,
DUNNVILLE, ONT.,

Dealer in several of the best makes of

PIANOS AND ORGANS
IN CANADA,

Which I can buy close for cash, and will sell cheaper than any agent in the county.

I have no agent to pay a large commission; no store or house rent to pay, and keep all my notes and save all discounts, and can therefore sell very much cheaper. Examine my stock before you buy.

OIL TANKS!

Our Oil Tanks are constructed of Galvanized Iron with wood underneath the Metal Bottom. They are handsomely painted and ornamented. The pump may be removed to transfer the oil without loss from a barrel to the tank. The drip-pan is a clean and safe receptacle for measures and funnels. A cover over all prevents the accumulation of dust, evaporation and unpleasant odor of oil, and is security from fire. The tank can be locked if desired.

Manufactured in Three Sizes, 60, 100 and 150 Gallons.
EVERY TANK WARRANTED.

Cuts and Quotations Furnished on Application.
