UNION PUBLISHING CO., OF INGERSOLL.

## PREFACE.

The publishers in presenting the eleventh edition of their business and Farmers' Directory for the counties of Haldimand, Lincoln, Welland and Wentworth have endeavored to merit the approval of the public, by presenting a work that will be found the most complete of the kind ever published in the district. It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the public.

Among the contents will be found the name of each Farmer and owner or tenant of a lot outside the limit of each city, town or village, with post office, lot and concession, a complete list of towns with the business people alphabetically arranged also a separate list of business people classified with reference to their business. The whole combined making one of the most complete directories ever published.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support, we remain, respectfully yours
