# ONTARIO LADIES' COLLEGE

## WHITBY, ONT.

### CONSIDERATIONS FOR PARENTS.

*Parents thinking of sending their daughters from home to be educated, are asked to consider the following special advantages which have contributed to the present success and popularity of the Ontario Ladies' College:*

1st. The best facilities for obtaining a thorough academic and collegiate education. The work required for University Matriculation is made the basis of the collegiate course, so that pupils may prepare for this examination, or for any of the examinations for teachers' certificates whilst attending our regular classes and going on to graduation. This year some of our pupils have passed entire Matriculation Examinations at Toronto University, taking honors in French, German, History and Geography.

Our museum and apparatus for the teaching of the higher branches of Natural Science are, we believe, far in advance of those usually found in Ladies' Colleges.

2nd. A graduation course in instrumental and vocal music such as is given in the leading American and European Conservatories. Those wishing to fit themselves to become teachers or organists will find it greatly to their interest to attend for a year or more.

3rd. A graduation course in the principles of Fine Art such as is given in the Ontario School of Art with the same examinations and certificates. In proof of this it may be stated that one of our pupils, in competition with all the art schools of the Province, has recently taken the bronze medal awarded for highest standing in Grade B course. Not one of our candidates failed. Our Studio is well supplied with studies models, casts, &c., for advanced students.

4th. The most careful and judicious training in home and social life by the Lady Principal, Miss Adams (late of Brookhurst), Cobourg.

5th. An admirable course of training in Physical Exercise, embracing during the winter months, Skating, Calisthenics, &c., and during the autumn and spring months, Lawn-Tennis, Croquet, Riding, &c. Fresh air, pure water, pleasant location, and exhilarating exercise, account for our remarkable record for good health.

6th. The most elegant buildings and grounds in Canada devoted to the higher education of young ladies. Situation universally admired and commended. This advantage contributes greatly to the happiness and intellectual improvement of our pupils.

7th. Comparatively low rates.

8th. A large number of medals, gold and silver, as well as scholarships, open for competition to pupils in the various departments.

*In short, the aim of the institution is to afford to young ladies a genial home of refinement and culture in which to lay the foundations of a liberal education under Christian influences.*

For Calendar, or further particulars, address

REV. J. J. HARE, M.A., Principal.
