EXECUTED NEATLY AND PROMPTLY.

The district surrounding Blenheim is the far famed Fruit and Bean District of Canada. Mr. J. T. Woods, the English farm delegate, says: "Undoubtedly the best farming and farm management it was my lot to see in Ontario, was south and west of Blenheim. Excellent farmhouses and buildings have long been erected, the land is exceedingly fertile, and the cultivation good, and the farmers are well-to-do and contented. The orchards of apples and peaches, with here and there a vineyard, were in healthy, bearing condition, and field after field of fall wheat was better than any I ever remember seeing over a similar extent of ground, and added very much to the pleasure of a drive of 52 miles. The French beans which are grown very extensively here as a field crop, had been well harvested and profitable."

## THE CHATHAM WAGON.

AUTHORIZED CAPITAL, - - - \$300,000.

15,000 Chatham Wagons now in use, spread right across the Continent from Halifax, N. S., to Victoria, B. C.

### TO THE PUBLIC :

We wish it distinctly understood that while we claim the Chatham Wagon to be the very best wagon made in Canada, we know that any good wagon maker could make as good if he took as much pains in selecting material, if he had the necessary machinery, and if he could use our Patent Arm and Truss Rod; but we assert, without fear of successful contradiction, that without these he cannot do it, no matter how good a mechanic he may be.
