JAMES S. GREENHILL,
Hardware, Paints, Oils, Etc. Etc.

Successor to W. S. PULFORD.

LEAMINGTON, - ONTARIO.

It is a well known fact that Leamington leads the west in the manufacture of fine carriages. After a test of thirty-five years the public have conceded that The Leamington Carriage Works, for fine durable work, is unsurpassed in the province. The proprietor, Walter S. Pulford, having been established here since 1856 claims to have an experience second to none in Western Ontario. His workmen are all practical men who have been in his employ for periods ranging from twelve to twenty-four years. He manufactures all kinds of carriages, wagons, carts, cutters, sleighs etc. In the construction of his work he not only puts in the best material the country produces, but he uses only STEEL axles and STEEL tire, the latter being invariably set IN OIL, which preserves the wood and toughens the tire. In style he keeps fully up to the times. His vehicles are of the very latest improvements and patterns. He keeps on hand the largest and most varied stock in the country to select from. In his jobbing department he does his work neatly and makes a handsome finish in re-painting. He pays prompt and careful attention to all orders by mail. In prices he claims to sell as low, if not lower, than any works in the country, considering the quality of the work. His aim:—Durability, style and finish at right prices. He warrants his work and guarantees satisfaction. Show rooms on Talbot St., five doors west of Erie Works in the same block.

ARTHUR G. BAKER,
GENERAL :: INSURANCE :: AGENT.
