GENERAL KEER'S HIMALAYAN TEA,

Imported direct from India by Major General Keer, in
March last.

Advertising has been so
abused, especially in the mat-
ter of tea, that the public
naturally distrust advertise-
ments. General Keer hopes,
therefore, that consumers will
give his tea a fair trial, and
thus be able to judge the cor-
rectness of his statements. He
will forward one-half lb. sam-
ples, post paid, to applicants
on receipt of 35 cts. in stamps,
and pledges himself to supply
tea of exactly the same quality.

This high class black tea is not only one of the finest in the market
but one of the cheapest. Owing to its great strength and "liquoring"
power it can be made to go much further than ordinary tea.

It is well known in England that Indian Teas, as imported, are abso-
lutely pure, a very important matter of health. This tea was select-
ed and packed in India to General Keer's order, and has
therefore never been in the market before, but is exactly as
received from India.

In the drawing-room it is a favorite on account of its rich mellowness and delicate
aroma; at the same time families find it to be an economical beverage. To men exhaust-
ed by mental or muscular labor, it is most refreshing.

General Keer, whilst in India, drank Himalayan Tea in preference to all others, and
therefore, from long experience of its excellencies, he is encouraged to import it, in order
to supply, as he believes, a great need. Anything that will tend to reduce the consump-
tion of green tea will be allowed by the medical faculty to be a boon to the country.

Those who drink it for any time often remark that they could not go back to their
old teas, and a few confess that they never knew what really good tea was till they were
persuaded to try General Keer's Tea.

PRICE.

Delivered at Railway Station nearest to purchaser's house, freight or express free in
the counties of Oxford, Middlesex, Elgin, and anywhere within 300 miles of Toronto, at
the following prices:—

By the Original Box of 40 lbs. at	-	60 cents per lb.
By the Caddy of 20 lbs.	-	65 "
By the Caddy of 10 lbs.	-	66 "
By the Caddy of 5 lbs.	-	68 "
