The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

L'exemplaire filmé fut reproduit grâce à la générosité de:

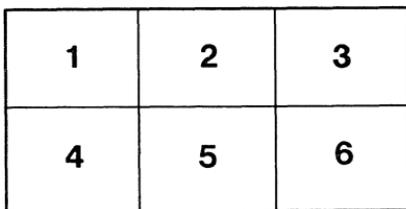

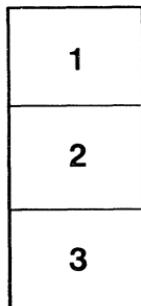

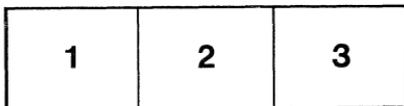

Bibliothèque nationale du Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## PREFACE.

---

IN presenting the first volume of the Montreal Directory to the public, the proprietors think a few words, in the way of introduction, may not be amiss. Of the necessity of the work, there has been generally but one opinion, and that decidedly favourable.

In an undertaking of the kind, with a population so mixed as that of Montreal, it is hardly to be expected that the first volume will be found so perfect and accurate as could have been wished. But the proprietors hope that a reasonable degree of allowance will be made for errors, and that there will be found in the book, as a whole, such an amount of information, presented in such a form, as will render it both useful and interesting.

For himself, the Editor would say, that whatever defects may exist (typographical errors excepted,) are justly chargeable to him alone, as the arrangement of the work throughout is entirely his own.

Some errors, he is aware, have crept in, owing to circumstances which in future volumes will be strictly guarded against, and, as far as they have been discovered, means to correct them have been taken, both by an Errata, (which see,)

and by placing the names correctly in the Classified part of the Directory.

A new feature is presented in the Classified Directory, namely, that of placing the cards of each business in immediate succession to the names of those engaged in it. The Editor flatters himself that this is a decided improvement, and believes it to be the cheapest and best method of circulating business cards ever offered to this community.

Several suggestions as to publishing various statistical tables, &c., have been made to the Editor, by gentlemen for whose opinions he has the highest respect. Some of those will, and some will not, be found in the work; but those which are not included are such as properly belong to a work relating to the Province in general, (such as the Canada Almanac,) and not one relating, as the Directory does, to matters connected with the city only.

In collecting the matter for the Directory, much difficulty was encountered in procuring the names of a large class of the population. A great many altogether refused to give information, and where the names of such persons were obtained from others, more intelligent than themselves, it was in many instances without being able to arrive at the Christian name.

It is, however, to be hoped, that when such persons find that *it costs nothing* to have their names inserted, they will

be willing in future to give the requisite information, and that consequently the work will be made still more complete.

It is intended, in the future volumes of the work, to include the names of all who are connected with business, whether housekeepers or not, giving their place of residence and the house with which they are connected, and such other improvements will be carried out as may be considered valuable to the public.

To those gentlemen who have extended their support to the work, both as subscribers and advertisers, and also to all who have aided him with information or advice in compiling it, the Editor would, in conclusion, return his most sincere thanks.

*Montreal, October 21, 1842.*

### CLASSIFIED

# BUSINESS DIRECTORY.

CONTAINING THE NAMES OF SUBSCRIBERS,

ARRANGED UNDER THEIR RESPECTIVE BUSINESS HEADS.

---

IN explanation of this part of the Directory, the Editor respectfully submits the following extract from the Prospectus, published on the 10th August last :—

The Directory will contain, secondly, a Classified Directory, in which the names of those who are Subscribers will be arranged under their appropriate Professional and Business heads, as Advocates, Auctioneers, Bakers, &c.

In adding this somewhat novel feature to the Montreal Directory, the Editor hopes to render it more useful and convenient than it would otherwise have been. It will be perceived that a new (and, the Editor thinks, improved) method has been adopted in arranging the cards of each business as nearly as possible after the names of the persons engaged in it, with a reference from the name to the page on which the card appears. It will be obvious that this is decidedly superior to the usual mode of placing all the cards together at the end of the book ; and the Editor anticipates that those who have given their cards for insertion will be well satisfied that the trifling cost will be amply remunerated through the general publicity, which by this means they must of necessity acquire.

### L O N D O N .

ESTABLISHED BY ACT OF PARLIAMENT IN 1807.

Capital, Two Millions Pounds Sterling.

AFFORDS a *ready, safe, and profitable* investment of small savings by persons of limited incomes. The public are secured by an ample capital, besides which all payments are set apart to accumulate as a distinct and inviolable fund, which at the end of seven years is strictly investigated, all existing claims provided for, and the surplus or nett profits are then apportioned, and *four-fifths* allotted to the Assured for the whole term of life, which may, at the option of the party, either be added to the Policy, or applied in reduction of the future annual payments; so that persons insuring at this Office may justly calculate upon a gradual annihilation of the annual Premium, without incurring the responsibility of Mutual Insurance.

The Rates of Premium are fixed *as low as the paramount duty of security* permits, and the errors in these Rates, if any, again corrected and reduced to the actual average risk by the periodical divisions of four-fifths of the profits among the Insured.

## LIFE ASSURANCE.

BESIDES the perfect security to the policy holder of a large paid up capital, and accumulating funds, with moderate rates of premium, the following is one amongst many of the advantages which belong exclusively to the principles of Life Assurance and Deferred Annuities, originated by the Society, viz :—Power to borrow (without delay, expense, or forfeiture,) Two-thirds of all Premiums paid upon a Policy of Assurance.

## PREMIUM FOR ASSURING £100.

| Age. | £ | s. | d. | Age. | £ | s. | d. | Age. | £ | s. | d. |

## DEFERRED ANNUITIES DEPARTMENT.

By the plan exclusively developed by the Society, a single Deferred Annuity is made, not only to answer the same object, but to equal in amount the entire sum of all the advantages heretofore only obtained by the middle and industrious classes by separate investments in Savings' Banks, Benefit Societies, and Loan Banks.

1. A small yearly, or weekly contribution, will secure the most ample return for after life; thus,—£2 12s. per annum (1s. per week,) at 20, will, at 65, give the Policy holder the choice of an Annuity for life of £47 16s. 6d.; £394 11s. in cash; or Policy, without further contribution, of £466 at death.

2. Two-thirds at any time lent on deposit of Policy, being a fund always available during sickness or want of employment.

3. Two-thirds of all payments returned to representatives in case of premature death.

The Report to the Annual General Meeting of Proprietors, Prospectuses, Tables, &c., may be obtained at the Office of the Society, by letter or otherwise, St. Sacrament Street, Montreal.
