**SURGEON DENTIST,**

105 HOLLIS STREET,

Near Halifax and International Hotels, **HALIFAX, N.S.**

**ARTIFICIAL TEETH.**

Entire, or parts of Sets, Plain Gum. Single or Block Teeth, on Gold, Silver or Vulcanite. TEETH FILLED with Gold, Amalgam or White Fillings. TEETH REMOVED with or without Condensed Nitrous Oxide Gas, a safe and reliable agent, having been administered in this office to over 2000 patients.

**SPECIAL NOTICE.**

Many persons are constantly calling and desiring Dental operations at a reduced price, who actually require the services of a Dentist, but whose pecuniary circumstances will not permit their paying the usual fees for first-class work. In order to meet the requirements of every one, I have made arrangements to have all kinds of Dental operations done at my Office, at the following cheap rates.

In so doing I desire to give every patient satisfaction; and although the work at these prices will be done by the Assistants, every case shall be carefully looked after. Parties so desiring cheap work will please state the fact when making engagements, and on completion of work the CASH will be required for services rendered.

*Fillings from 50 cents to $1.50.* *Sets and parts of Sets, on Vulcanite, from $3 to $20.* No charge for removal of Teeth preparatory to inserting Sets.

Gratis for the Poor every day from 9 to 10 A.M., except Sundays; also for the Orphans' Home, Industrial Schools, Deaf and Dumb Institute, and all inmates of such Institutions, gratis as usual.

PREFACE.

The Publishers, in placing before the public their sixth edition of the Halifax City Directory, can confidently state that neither pains nor expense has been spared to make it thoroughly reliable, as much so as it is possible to make such a work—perfection in a Directory cannot be attained. Owing to the houses being numbered, the street Directory is now much more valuable; but even yet there are imperfections in the numbering of the houses by not allowing sufficient numbers for vacant lots, &c. As in all editions of this and other similar works the Publishers find that almost invariably the persons who find the most fault and pick out the most errors are individuals who hardly ever support the work by even subscribing to it, therefore the Publishers feel confident that the supporters of this work will consider this edition equal to any of their former publications.

In the Historical Sketch there is much valuable information added this year, giving most especially a description of the streets, why and how they obtained their names.

To the Advertisers and Subscribers we return our sincere thanks for the manner they have supported this edition in this very trying season of general depression.

In conclusion the Publishers would state that the prospect is that the circulation will be equal to any of former years.

HISTORICAL SKETCH

OF

HALIFAX CITY AND COUNTY.

(Revised and brought down to 1875.)

The City of Halifax, the capital of the Province of Nova Scotia, was founded in the year 1749 by the Lords of trade, and was named in compliment to George Montague, Earl of Halifax, then at the head of the Board. The scheme for the establishment of the town is said to have originated with the people of Massachusetts, who, in calling the attention of Government to the claims and encroachments of the French on the territory of Acadia, suggested the necessity as well as the great commercial advantage to be derived from such an undertaking. A plan was accordingly submitted to the Government in the autumn of 1748, and being warmly supported by Lord Halifax, advertisements soon appeared under the sanction of his Majesty's authority, holding out excellent inducements for emigration. The prospects appeared so inviting, that in a short time 1,176 settlers, with their families, were found to volunteer, and the sum of £40,000 being appropriated by Parliament for the purpose, the expedition was placed under the command of Colonel the Honorable Edward Cornwallis, M.P., as Captain General and Governor of Nova Scotia, and set sail for Chebucto Bay early in May, 1749.

The fleet consisted of thirteen transports, carrying 2,376 passengers, men, women, and children, and a sloop of war, the Sphinx with the Governor and His suite on board. The total number of males was 1,545, of which about 500 were man-of-war sailors.

On or about the 21st of June, the Sphinx arrived in the harbor of Chebucto, and the Governor and suite soon after landed on George's Island.

On the 14 July the civil Government was organized on board the Beaufort transport, and the following gentlemen sworn in councillors, viz: Colonel Paul Mascarine, Captain Edward Howe, Captain John Gordan, Benjamin Greene, John Salisbury, and Hugh Davidson. The table around which the first Council sat is still preserved in the Council Chamber. The formation of the Council was announced by a general salute by the ships in harbor, and the day was devoted to amusement and festivity.

In the month of July, Mr. Bruce, a civil engineer, and Mr. Morris, a surveyor, were ordered to lay out the town, which was
surveyed and the plan completed by the 14th September. The
town was laid out in squares or blocks of 320 by 120 feet—the
streets being from 55 to 60 feet wide. The width of Granville
Street is but 55 feet. Each block contained sixteen town lots, 40
feet front and 60 feet deep, excepting the lots between Barrington
and Argyle streets which are 72 feet deep—giving a larger space
for St. Paul's Church and the Parade. The whole was divided into
five divisions. Buckingham street was the first fixed as the north,
and Salter street as the south limit, but the north line was subse-
quently extended to Jacob street. The settlers drew for the lots,
and the names and numbers were entered on a register kept for
that purpose, still in existence, and known as the allotment book.
The north and south suburbs were surveyed about the same
time, and the German lots in the north laid off in the following year.

On clearing the ground for settlement, a number of dead bodies
were discovered among the trees, partly concealed beneath the
underwood, which were supposed to have been the remains of soldiers
of the Duke d'Anville’s expedition, which wintered in Chebucto in
1746.

In 1872 the workmen excavating in the vicinity of the new
Presbyterian Church, Dartmouth, exhumed large quantities of
human bones. It will be remembered by those familiar with the
early history of our province that about the year 1746 a fever
broke out in a French fleet then lying in this harbor, which swept
away hundreds of seamen. The commanding officer, who also fell
a victim, was interred on George's Island. Large numbers of the
seamen were buried on the Dartmouth side, and it is probable that
it is the remains of these unfortunate men which were then brought
to light, after a repose of a century and a quarter. Many of the
bones were in a good state of preservation.

On the 17th July the French deputies waited on the Governor on
board the Beaufort transport. They were again received by the
Governor and Council on the 29th July, when they rendered their
allegiance to the new Government, which was accepted. The
Indians also had an audience on the 14th August, and treaties of
peace between them and the colonies were drawn up and signed
on the following day. These treaties do not appear to have been
much respected; however, as the Indians continued to give the
settlers considerable trouble; and several new companies of volun-
teers were raised in the following October to prevent their incurs-
ions. About this time nearly one thousand persons are said to
have fallen victims to a fearful epidemic which swept over the
country. Laws, similar to those in force in the colony of Virginia,
being found the most applicable to the circumstance of the new
town, were adopted.

From the year 1749, the defence of the town consisted of pal-
lsiades or pickets placed upright, with block-houses, built of logs
at convenient distances. This fence extended from where St.
Mary's Cathedral now stands to the beach, south of Fairbanks'
wharf, and on the north along the line of Jacob street to the
harbor.
There were also block-houses at Point Pleasant, Fort Massey, and various other points near the town.

The town of Dartmouth was commenced in August, 1750, by 350 settlers, who arrived in the ship Ablaby. In the December following the first ferry was established, and John Connor appointed ferryman by order in Council.

Dartmouth and the vicinity of Halifax suffered considerably at this time from the depredations of the French and Indians, stimulated by French emissaries; and to prevent their incursions a militia force was formed consisting of all the male inhabitants between the ages of sixteen and sixty.

Between the years 1751 and 1752, 1958 German settlers arrived in the colony. In June 1763, 1500 of them embarked for Malagash harbor, and Mahone Bay, where they afterwards built the town of Lunenburg. The remainder continued in Halifax, and were located in the North suburbs, called Dutchtown, Brunswick and Lockman streets, now known as the North End, and were the first settlers of that part of the peninsula.

Notwithstanding the advantages held out by the Government and the fact that up to the year 1757 the enormous sum of £560,000 sterling had been expended on the settlement, the people at that date were rapidly removing to the old colonies. The fisheries, one of the main inducements for emigration, being almost entirely neglected, and the population reduced to much less than half its original numbers, subsisted chiefly on the money expended by the army and navy, and were dependant on Boston for their provisions, and all other necessary supplies. Halifax was of incalculable importance, however, to Great Britain in a military point of view, and to its position as a military and naval station may be ascribed, in a great measure, the downfall of the French power in America.

The fleets and troops under Lord Howe and Lendon, sent out for an attack on Louisburg, in 1757, made Halifax their rendezvous. After the siege, which lasted two months, the fleet and army returned to Halifax and remained some time to refit. The country was sacked for provisions, and many of the sailors, being enriched by the campaign in Louisburg, procured their discharge and became settlers, and all the ammunition and stores, with a quantity of private property, being removed to Halifax, the town once more began to assume a prosperous appearance.

Halifax was again the resort of the army and navy, under Wolfe, during the following year, 1759; and in 1763 the town was enlivened by the presence of a large army and navy, and many gentlemen of standing made the place their home.

In December, 1760, King George III. was proclaimed at Halifax with great ceremony.

Representative government was established in Nova Scotia in 1758.

A great gale of wind in 1769, caused much destruction of property and loss of life. The winter was remarkably severe, the harbor being choked with ice for several days in the month of February, and the snow on the ground in March following was in many places five feet deep.
From 1770 to 1776 was a period of great public excitement: emissaries from the revolted colonies were numerous, and all meetings of a political nature were forbidden.

The Parliament elected in 1770 sat for fourteen years without being dissolved.

After the close of the French war, the town declined in prosperity for a few years; but eventually it again became the depot of the troops and shipping, and a more prosperous era began to dawn. After the evacuation of Boston, ten thousand soldiers, sailors and loyalists, who arrived with the fleet, were quartered in the town. Many of the transports being in a leaky condition, landed their people. Every house was crowded to excess. From the commencement of hostilities to the termination of the war, the town was thronged with troops and refugees from the revolted provinces, and the scarcity of provisions increased to an alarming extent. Beef was 2s 6d. and butter 5s. per lb.

The loyalists soon distributed themselves throughout the Province, and the population again rapidly decreased. In 1783, however, great numbers of loyalists came from New York, and the population, thus augmented, was suddenly increased to double its former numbers; yet it is very remarkable that in September, 1791, within eight years after, the population had again so fallen off as scarcely to exceed five thousand. The greater portion of the loyalist, returned to the States, where they became founders of some of the great families.

In the year 1787 Nova Scotia was erected into a Bishop’s See, and Halifax made the residence of the Bishop.

On December 27, 1798, a tremendous hurricane visited the town, and swept away all the wharves, and damaged most of the shipping in the harbor. The loss of property was estimated at £100,000.

The lumber yard, ordnance yard, and King’s wharf, were all commenced about the year 1784, or 1785; but the buildings now existing at these localities were not put up till a much later date.

Citadel Hill was cut down, and ramparts of earth constructed on the site by Prince Edward, Duke of Kent, when commander-in-chief of the garrison, a number of wooden fortifications by which the hill had been occupied having been removed for the purpose.

The Towers on George’s Island, Point Pleasant, Eastern Battery Meagher’s Beach, and York Redoubt were built about this time. He also established telegraph signals between Halifax and Annapolis—the first post being on the hill behind his own residence on Bedford Basin. The Parade Ground was levelled and the wall built by him. Until the year 1780 the streets of the town were in a very rough condition, and, from stumps of trees and rocks, impassable for carriages.

The first Government House was erected soon after the laying out of the town. The frame and material were brought from Boston. The building was completed early in October. It was a small low building of one-story, and stood in the centre of the square now occupied by the Province Building. It was surround-
ed by hogsheads of gravel and sand, on which small pieces of ordnance were mounted for its defence. This building was removed and a more spacious and convenient residence put up about 1757 or '58, which in turn was pulled down shortly after the year 1798.

Saint Paul's Church, now probably the oldest building in the city, was built in 1750, at the expense of the Government. The old German Church in Brunswick street, bears the date of 1761. It was erected by private subscription, as a Lutheran Church, and is now one of the few relics of the old German settlement.

A printing office seems to have been established as early as March, 1756, by Isaac Curry. The first newspaper in Halifax appeared in January, 1769. It was published by Anthony Henry, edited by Captain Buckley, and called the *Nova Scotia Chronicle* or *Weekly Gazette*. There was another printing office in 1776, in Grafton street, with a steeple and a hand holding a pen for a vane.

The first Court-house stood where Northup's Country Market now, stands, at the corner of Buckingham and Argyle streets. The building recently occupied by the Halifax Grammar School, at the corner of Sackville and Barrington streets, is also a very old one. The Legislature held its session there about 1765. It has also been used as a Court-house and as a Guard-house.

There were numerous and well kept houses of public entertainment at a very early period. A large three-story building, called the Great Pontiack, was erected previous to 1757, at the corner of Duke and Water streets. It has been since known as Michael Bennett's corner. There was also the Crown Coffeehouse, kept by William Fury, in 1769, on the beach near the Dockyard, and the Jerusalem Coffeehouse, destroyed by fire in 1837. The latter building stood on the site now occupied by the warehouse of that name.

Between 1753 and 1780 public gardens and promenades were much in vogue, of which Adam's Garden, south of the citadel, near the present Artillery Park, was the principal. The Artillery Park was then kept on the Grand Parade. The Parade was not levelled at that time, and the descent at the north-east corner was very abrupt. The Artillery Barracks stood in a line with the engine-house recently removed from the upper side of the Grand Parade; Spring Gardens was another place of resort. The old Governor's Gardens were south of Government House, now the residence of the Rev. George M Grant. About the year 1768 there were lamp posts at all the principal corners, the town being then lit with oil, at the public expense.

The first jail was situated in Hollis street, at the foot of Salter street.

The Queen's Dockyard was first established in 1758. It was extended and improved in 1769. The present wall was built in 1770 this date is inscribed on the gate. It is situated in the north end of the city and now contains workshops, warehouses, and stores of
various descriptions, besides commodious residences for the officers and workmen. It contains several war trophies. It was at this place His Royal Highness the Prince of Wales first landed in Nova Scotia in the year 1860.

After the return of His Royal Highness the Duke of Kent, and between that period and 1840, the town of Halifax did not make such rapid progress as many other towns on this continent. During the American war of 1812, several valuable prizes were taken into port, which caused a considerable sum of money to circulate; but comparatively few buildings of any note were erected. The foundation-stone of Mason Hall was laid by the Duke of Kent about 1800. The Provincial Building was erected between 1812 and 1820, and Dalhousie College about 1820. St. Paul’s Church was enlarged about 1812. A crusty old Admiral removed, about this time, the principal Dockyard to Bermuda. The emancipation of the slaves in the West India colonies, in 1836, caused a serious interruption to the important trade carried on between Halifax and those islands. This was followed by Asiatic cholera in 1835, this again by commercial regulations respecting the admission of Baltic timber into the British markets about 1837; and that was followed by the withdrawal of the troops during the trouble in Canada—all combined to cause a stagnation in trade, and to give a desolate appearance to the city. But within the last quarter of a century Halifax has made rapid progress, both in population and material wealth. A class of what was then considered commodious steamers was placed upon the ferry between Halifax and Dartmouth. About the year 1839 or 1840 the Cunard line of steamers was established, the Liverpool and Boston boats calling at Halifax on the way to and from Boston. A West India line, plying between Plymouth and the West India Islands, via Halifax, was also started, but did not succeed. The Gas Company was incorporated about the year 1840, and in 1842 the gas was first lighted in the city.

About the same year, 1842, the City Act of Incorporation was obtained from the Legislature, since which time great improvements have been made in the general appearance and public institutions of the city. Under the Act of Incorporation the city is divided into six wards, each being represented in the City Council by three Aldermen—who, with the Mayor and the Recorder, transact all the financial and civil business. A Stipendiary Magistrate was appointed by the Legislature in 1865, who is judge in all cases before the Police Court.

In 1847 the Water Company was organized, and introduced a supply of excellent water from the lakes, some five or six miles to the rear of the city; but these works have since been purchased by the City Corporation, and placed under the control of commissioners appointed by the city government. The water commissioners in their turn gave place to the City Board of works elected by the members of the City Council from their own number in 1872.

In 1869, 108,000 dollars were expended in laying pipes to con-
nect Spruce Hill Lakes with the city. These lakes being more elevated than the lakes of the previous supply, give the advantage in addition to a full supply of water for a city of 30,000 inhabitants, of a copious flow of water to the highest part of the citadel, or the most elevated buildings on the peninsula. Spruce Hill Lakes are capable of supplying on an average a million and a half of gallons of water daily.

Halifax has suffered severely from fire on several occasions; at one time nearly three blocks were consumed, extending from Hollis to Barington street, and covering what was then, and is now, the finest part of the city. The greater part of the space thus laid bare has since been covered with handsome freestone, granite, and brick structures, which are not surpassed by any on this continent. One of those fires consumed a large wooden erection near the Province Building, which was originally the Provincial Parliament Building, and besides gave accommodation to the Supreme Court, the Secretary and Treasurer's Office, with a commodious hotel. Latterly it was known as Hare's Building, and was occupied as shops and offices by persons engaged in various lines of business. After the fire the Government purchased the site, and erected a handsome edifice upon it, which has cost from twenty to thirty thousand pounds, and contains the Custom-house and Post-office, Savings Bank and Revenue office, with Museum.

Of the other public buildings now standing, the old Provincial Building is the chief. It is built of grey freestone, is one hundred and forty feet in length, seventy in width, and forty-two in height. On the ground floor are the offices of the Attorney-General, Receiver-General, Provincial Secretary, Commissioner of Mines, Crownlands and Superintendent of Education. On the second floor are the Halls and Committee Rooms of the two houses of the Provincial Parliament, and the Legislative Library. It is a building of fine architectural proportions, but by being placed in an unfavorable locality, is less imposing in appearance than, under other circumstances it would be.

Besides the Province Building there are the Government House, the Admiralty House, Dalhousie College, the Asylum for the Insane in Dartmouth, which was enlarged in 1869, the Wellington Barracks, the Court-house, the City and Provincial Hospital, the Penitentiary, the City Prison, and the City Market, which may be classed as public buildings, and some of them are very attractive and imposing in appearance.

During the year 1868 the British Government erected a Military Hospital in the Garrison field at a cost of $150,000.

The Poor's Asylum, completed in 1869, is built of brick and granite at a cost of $260,000. It is situated on the South Common, west, of the Provincial Hospital, and is the most imposing edifice in the city.

The Blind Asylum east of the Hospital, is a fine two story brick and stone building. Its origin is due to the philanthropy of the late William Murdoch, Esq., who bequeathed $5000 towards the education of the blind in Nova Scotia.
The Halifax Club Building, the Temperance Hall, and the offices of several Banking and Insurance Companies are owned by the respective corporations bearing their names, and represent a very large accumulation of surplus capital. The Bank of Nova Scotia, in Hollis Street, was built in 1856-57, of freestone, and cost upwards of six thousand pounds.

During the year 1871-2, two public halls were erected—the Argyle Hall in Argyle street, and the large hall in Hesslein's Building, in Hollis street—neither of which are suitable for the requirements of a city like Halifax—though very suitable for small assemblies.

Till 1848 or '49 the only Hall for public meetings was the old Mason Hall, which then only contained the front room, where all the public meetings were held not suitable for churches. The Harmonic Hall was built, and is now used as a stable in connection with Moir & Company's bakery on Grafton Street. Temperance Hall was built by a joint stock company in 1849-50; it was then fully capable of accommodating all that would turn out for lectures, concerts, &c., but it has become too small, and perhaps before another ten years pass may come to the same degradation which has befallen the Harmonic Hall, the idol of certain parties about 1841 and 1842.

The Banking House belonging to the Union Bank was built in 1863, at a cost of about ten thousand pounds. The School in Barrington Street, built in 1864 by the Roman Catholics, and taught by the Christian Brothers, is a substantial brick and granite structure. The Richmond Schoolhouse, erected in 1868, and capable of accommodating 240 pupils; the Morris street Schoolhouse, built in 1869 at a cost of about 26,000 dols, and having accommodation for 500 pupils; and the Schoolhouse in Albro street, erected in 1870, and capable of receiving 600 pupils, are all substantial edifices of brick and stone, erected to supply the increasing demand for school accommodation since the introduction of the Free School system. Some of the private business establishments and warehouses are such as will do credit to any city. Among these may be named the wholesale warehouses of Messrs. Kenny, Doull & Miller, Duffus & Co., Power & Co., Burns &Murray, S. Howard & Son, and many other in Hollis and Granville streets, and the still more durable and commodious wharf warehouses of Cunard & Co., Collin's (now Seeton's) and many others, with which the wharves are studded from Pryor's wharf to the Dockyard, and which are annually filled with merchandise of various sorts, in which an extensive and lucrative trade is carried on with Great Britain, the United States, British and Foreign West Indies, and the neighboring provinces.

Manufactures of every kind are yet comparatively in their infancy in Halifax. There are in the city and Dartmouth five or six iron foundries and machine shops, in some of which steam engines and other heavy machines are neatly constructed.

The machine shops of the Railway at Richmond, comprise a number of commodious structures, and give employment to from
100 to 150 men. Besides these there are two or three tobacco factories, three pianoforte factories, several furniture factories, a powder mill, one or two nail factories, sawing and planing mills, sash factories, &c., all of which are doing an extensive business, and yielding a handsome return for capital invested. A large flour mill has been completed, in connection with a bakery, occupying from Grafton to Argyle streets. This baking establishment is capable of working off one hundred barrels of flour per day.

There are several colleges and academies, and a number of private academies, schools, &c., in the city. The introduction of the Free School System in the city in 1866 has made great changes in the education, both as regards its extent and the facilities obtaining it. In 1866 the registered pupils in the schools were 2670, while in 1871 they rose to 5239. The teachers employed were eighty-seven against thirty-five in the former year. The expenditure for school purposes has risen from $21,294.62 in 1866 to $57,178 in 1872. The School Estimates for year ending 30 April, 1874, is set down at $52,164.25.

In the year 1828 there were six newspapers published in Halifax; there are now 14—three daily, three tri-weekly, the six political journals; four are devoted to the interest of religious denominations besides these a journal of agriculture, and a journal of education, both monthly, are published under the management of the Provincial Boards appointed to those two departments by the Legislature.

There are now twenty-six places of worship in the city. Seven of these belong to the Presbyterians five to the Episcopalians, three to the Roman Catholics, four to the Wesleyans, two to the Baptists, one to the Congregationalists, one to the Universalists, one to the Freewill Baptists, two to the colored population, principally Baptists and Methodists: they are generally well filled on each returning Sabbath.

From 1827 to 1830, the middle portion of St. Mary's Cathedral was erected, but it has been enlarged and almost remodeled since that time; a massive granite front has just been completed which renders this by far the most expensive and durable ecclesiastical structure in the Province.

The Halifax Banking Company was organized in 1825, and is consequently the oldest banking company in the city. It was then a private company, but in 1872 it obtained a charter from the Dominion Government and is now a joint stock company. It was followed by the Bank of Nova Scotia and the Bank of British North America. There are now in all seven chartered banks and two or three Savings banks in the city. Within the past few years a considerable number of private individuals and firms have gone into the Banking Business in connection with Exchange under the name of Bankers and Brokers, and Hollis Street, presents the appearance of a Young Wall Street. And this gives
facilities formerly unknown for Bank accommodation; and forming a favourable method of utilizing small sums held by the working and provident classes.

There are two Building Societies, four Public Libraries, three Reading Rooms and several Benevolent Societies of various descriptions and nationalities (of which, the North British was the first established.)

Since the opening up of railway communication with the interior of the Province, the city has increased rapidly in wealth. Since 1858, railways have been in operation from Halifax to Windsor, on the Bay of Fundy, and from Halifax to Truro, at the head of Cobequid Bay. The latter line is now continued to Pictou harbour, in the Straits of Northumberland, where it has already attracted a large trade from the Gulf of St. Lawrence, besides bringing the coal mines of Pictou county within easy reach of the city. The Windsor line of railroad has been extended to Annapolis, 120 miles from Halifax. The Intercolonial is in connection with the Eastern Extension of the United States and is rapidly pushing its way to Quebec by the northern route. The discovery of gold in the Province, and the extensive investment of capital and employment of labor in gold mines, has also to some extent aided the commerce of the city, by providing a new and valuable export with which to pay for goods purchased in Great Britain. For the last few years the population of the city has been rapidly increasing, and, when the projected lines of communication by rail and steamships with neighboring Provinces and the United States are completed, Halifax must come to be one of the foremost cities in population and wealth, as she is already one of the most important in geographical position on the continent of America.

Since the abrogation of the Reciprocity Treaty, and especially within the past six years, Halifax has made rapid progress in manufactories. Four carriage factories, four large boot and shoe factories which employ a large number of men. Gordon & Keith, McEwan & Co, Fraser & Sons, and other extensive furniture manufactories. Stephen & Son have their extensive warehouse in the old St. Andrew's Church, on Barrington street which has been handsomely refitted for the purpose.

Barrack street, which but a few years ago had only a collection of old wooden buildings, the resort of the depraved, within the past few years has undergone a rapid change. A handsome brick church was built as a Mission House by Edward Jost, Esq., at his own expense. Then the City of Halifax Fire Engine Company's building, very fine structure with tower. The building has been followed by Taylor's boot and shoe factory. The corner of Brunswick and Prince street has been purchased for a Dispensary. In a few years this street bids fair to become one of the finest in the city.

The extension of Barrington street on the south, and Lockman street on the north and south, is an improvement which reflects credit on the public spirit of the citizens. The old wooden erections on the Jacob property, which so long stood as an eyesore, have all
been replaced by modern structures. On Barrington street the many improvements now in progress make it appear that at no distant day this will be the first street in the city for the retail trade.

The only buildings of consequence lately finished within the city are the market structures on Argyle street on the property lately owned by A. M. Uniacke, Esq. The old homestead is retained, but considerably altered so as to destroy its historical associations as the palatial residence of the Attorney General of Nova Scotia—the first Uniacke. The other is the Young Men's Christian Association Building on corner of Granville and Prince streets. The old wooden erections on that spot are happily removed, and a beautiful brick building with granite facing has just been opened (May, 1874). It is specially intende for the use of the young men of the city. The lower flat is occupied by the Bank of Montreal at a rent of $1600, and the other portions contain a large reading room, library, class room parlour, dining and bath rooms with a large hall on the third or fourth story. The cost of the building and ground exceeds thirty-five thousand dollars, much of which has been contributed by the merchants of the city, and will long remain a monument of the public spirit of the donors, foremost among whom may be named John S. Maclean, Esq., the President of the Association.

During the year 1872 a handsome Fire Engine house with tower and bell at the west end of Gerrish street, on Maynard street, was built. This building is intended for an Engine house and Police Station for the north end of the city; and, being on a commanding position presents a fine aspect from many parts of the city as well as Dartmouth, where it is seen to great advantage.

Nor can we close this notice of the city improvements without a reference to the Park, formally opened on the 23rd July, 1873, for the benefit of the citizens. It is situated on the south point of the Peninsula of Halifax, in what was known as the Tower woods. By the serpentine road several miles of a handsome carriage road has been obtained, from many parts of which some of the finest scenery in the Dominion may be seen. It commands fine views of the great Atlantic Ocean, the North West Arm, McNab and George's Islands, and the rugged and picturesque, as to be seen at Ferguson's Cove, York Redoubt, &c., &c.

The financial condition of the corporation may be summed up as follows, being the exact condition of the debt of the city (May, 1872), bearing interest at 5, 5\(\frac{1}{2}\), 5\(\frac{2}{3}\), and 6 per cent. paid half yearly.

The city assessment for 1873 was $191,274.47.
Since 1872 very little has been added to the funded debt of the city. In 1873 the City Fire Alarm, cost $8000, which was secured on debentures at six per cent., and a similar sum for the extension of Queen street, in 1874. But at present there are considerable improvements in progress which must cost the city large sums,—to purchase back the Leasehold Rights of the Horticultural Gardens for $18,000, being eight acres of ground which will, when completed, make the Gardens of the city of Halifax very valuable.

Several very important commercial changes have taken place during the past few years, from which great good is anticipated. Among these may be mentioned the opening of our coast fisheries to the American fishermen, and the opening of the American fish market to our merchants, which went into operation on the 1st July, 1872. The other commercial regulation, which promises much for the prosperity of the city, is the alteration of the Interest Laws of the Province by which a higher rate of interest than 6 per cent. is allowed to be charged by private individuals as well as banks, and the rate of interest on mortgages fixed at 7 per cent. by agreement.

All descriptions of bank stocks, excepting Liverpool banks, sell considerably above par, but at a rate that yields a dividend that will amount to six per cent. per annum. The only Local Bank which declared ten per cent. dividend upon its capital, is the Union Bank of Halifax the expectations are strong that others will follow. Provincial and City debentures bearing 6 per cent. have ready sale at a small premium, but sometimes the premium goes as high as 5 and 6 per cent. The usual rate of discount at banks is from 8 to 10 per cent.

The Banks allow four per cent on deposit receipts but for special deposits for large sums, and subject to certain conditions, five per cent is allowed.

Fifteen millions of dollars is the amount used in the banking operations of the city, contributed by the five local and two other chartered banks. To which add the sums contributed by the private banker. Deposits at four and five per cent interest, in those local banks footed up to $2,360,515 about the close of the year 1873.

The facilities for investment have increased during the past few years, but more especially since the opening of the Stock Exchange or Board of Brokers in January 1874. The members of this institution meet three times a week, and all transactions in stocks are either consummated or reported there and hence the real values of all respectable stocks are at once made known to the public;—and as the prices are by per cent instead of the old method of so much per share the relative values can at once be ascertained and compared.

The transactions of the Exchange during the year 1874 assumed a total of $631,313.92. The following concise statement of how this amount was arrived at is from the Presidents Reports—there have been sold during 1874.
Halifax Banking Co... 130 125 127 $111,658.00
178 Bank of Nova Scotia... 150 125 141.4 50,346.00

To any person watching the operations of the stock Exchange a gradual rise in the prices of all the stocks was apparent, they were not exposed to the same fluctuations which marks the Stock Markets of Montreal or New York. No indications of "bulling" "bearing" or "cornering" have as yet been attempted, and it would appear that none but respectable stocks have been placed upon the Board this rendering it safe to invest in almost any thing offered at the Halifax Stock Exchange that is when bought at a reasonable figure.

The general depression of the period has caused that very few
buildings have been constructed this past year. The old wooden erection on Granvile Street owned by D. Farrell is about to be replaced by a handsome Brick establishment and the Thomson property on Barrington Street is to be replaced by a structure now in the course of erection by Henry Cook as a Pork Curing establishment. Other erections are talked of but the scarcity of money has a very depressing effect upon those undertakings. The hopeful are encouraged with the prospect that it will not be always so.

637 CRAIG STREET,

MONTREAL.
Is the neatest, cosiest, best furnished, most pleasantly situated, and has more Front Rooms, for its size, than any Hotel in the Dominion of Canada.

The Hotel has a frontage of 180 feet on the Square, and 120 feet on Commissioners Street, with an entrance on both, overlooking the Harbor, and affording a most picturesque view of the River for miles above and below the Victoria Bridge.

It is under the supervision of the undersigned, whose success for the past 20 years at the Albion Hotel in this city encourages him to hope that he may receive as liberal patronage in his new enterprise, while special effort will be made on his part to make the Montreal House a favorite with Tourists and pleasure seekers. He will at the same time spare no pains to make it equally attractive to local custom and the general Travelling and Commercial Public.

It possesses every convenience a travelling community may require, and he trust that his large experience in Hotel life will give confidence to his friends that they will enjoy at DECKER'S all the advantages of a first-class House. Rates, $2.50 per day.

L. W. DECKER.
Has, for twenty years, been the favorite resort of the general travelling public in the United States, as well as of Canada, when visiting Montreal on business or pleasure. It is centrally located on McGill Street, the great thoroughfare and commercial centre of the city, commanding a magnificent view of the River St. Lawrence, the Victoria Bridge on the left, and a full view of Victoria Square and Mount Royal on the right.

The Hotel is furnished throughout in a superior manner, and everything arranged with a view to the comfort of guests.

As one of the largest Hotels in the Dominion, having ample accommodation for 500 guests, while kept in first-class style, the charges will be moderate.

The travelling community will consult their own interests by remembering the ALBION HOTEL when visiting Montreal.

MARGESON'S

CALCULIFUGE

CURES

Gravel, Stone in the Bladder, Dropsy,
and all Diseases of the Kidneys.

DIRECTIONS.—One wine-glassful in as much water, each morning,
noon and night.

In all ordinary cases one bottle is sufficient, except for a beast, when
two or three may be required.

The Proprietors can highly recommend this medicine, as it has been
the means of curing over 200 persons before placing it on sale, where it
now can be had for $1.50 per bottle. ADDRESS,

R. C. MARGESON & CO.,
HALIFXA, N.S.

CERTIFICATES.

MESSRS. R. C. MARGESON & CO.,

CHEZETCOOK, March 3, 1873.

Dear Sirs,—Please accept this testimony from one who has been suffering
for upwards of five years from Gravel and Stone in the Bladder; and was advised
by my friends to try your Calculifuge. I did so, and am happy to say that after
using the two bottles you sent me last summer, it entirely cured me. I passed five
stones, the size of small peas, and upwards of a wine-glassful of smaller ones and
gravel, and will send them to you by the first chance. I would advise all that are
suffering with the same complaint to secure your valuable medicine at once, as it has
been the sole means of curing me. I will take pleasure in giving all the infor-
mation I can to any that will call to see me at my house,

I remain yours,

ANDREW CRAWFORD.

MESSRS. R. C. MARGESON & CO.,

HALIFAX, July 28, 1873.

Dear Sirs,—It is a pleasure to add my testimony to the virtues of your
Medicine. My little daughter, three years old, was a great sufferer of Urinary
Retention, sometimes four days at a time. Her sufferings were intense; all med-
icine failed to give her much, if any, relief. I procured a half-bottle Margeton's
Calculifuge. After taking three doses, she got relieved, and is now as well as
ever. This you can make known in the papers if you choose, as others may be
affected in like manner.

ROBT. EVENS.

Verdict of the Judges: "Quality very superior."

"THE ARMY & NAVY BREWERY."

WORKS,........................................TURTLE GROVE, DARTMOUTH.
OFFICE AND CITY VAULTS..................36 AND 38 DUKE STREET, HALIFAX.

CONSTANTLY ON HAND, AN EXTENSIVE STOCK OF

Fine, Mild and Strong Ales, and Extra Stout Porter,

IN CASKS AND BOTTLES,

Brewed from the famous Turtle Grove Mineral Spring Water.

From the daily increasing demand for our manufactures, we are induced to publish the following certificates, which speak for themselves:

LABORATORY OF DALHOUSIE COLLEGE AND UNIVERSITY, 
HALIFAX, N.S., 5th June, 1874.

GENTLEMEN,—I have made careful Analysis of the Spring Water at the Turtle Grove Brewery, and find that an Imperial Gallon yields nearly four and a half grains of residue (4.39) which consists entirely of inorganic salts. There is a slight trace of Iron. Organic matter is entirely absent; failing to detect it by the ordinary processes, I have kept a gallon of the water carefully corked up for three months, and find that it remains perfectly sweet and clear, without any trace of decomposition. I have no doubt you will find the water well adapted for Brewing, as it is the best sample for this purpose that I have ever examined in this Province.

I am, Gentlemen, your obedient servant,

GEORGE LAWSON,
Professor of Chemistry.

HALIFAX, 26th February, 1874.

"I have examined the sample of water from the Turtle Grove Spring, Dartmouth, and find it nearly pure, containing 3.50 grains to the gallon, this consists principally of Lime, which is a decided advantage in Brewing Malt Liquors. The water after remaining in the jar slightly corked for four months, is quite sweet and free from any decomposition."

ROBERT G. FRASER, Chemist.

OUR SPARKLING AMBER ALE is pronounced by competent judges equal in quality to any imported. It has the peculiar flavour and color of the finest English and Scotch Ales, being manufactured from the best Scotch malt and finest Kent Hops.

OUR EXTRA STOUT PORTER is also very fine, and specially recommended by Physicians for invalids.

We use no Chemicals nor Artificial Finings in our Beer, the peculiar virtues of the water rendering such ingredients entirely unnecessary.

Liberal terms to the Trade.

THE
"ROYAL"
SEWING MACHINE,
MANUFACTURED BY THE
Gardner Sewing Machine Co.,
HAMILTON, ONT.

The success that has attended the manufacture of the GARDNER, and the
popularity it has attained, has not blinded our eyes to the fact that the public
now look for something better than the present class of Sewing Machines. This
want has been daily urged upon us by many of our friends, and the desire to meet
it has led to the construction of the ROYAL, which, we can safely affirm, is the
best Family Sewing Machine ever offered to the public.

In the ROYAL we have the following special points:—
A strong heavy arm, with a good space underneath.
A Solid Heart Motion.
A Flat Needle Bar, preserving the arrangement for taking up the wear.
A Silent Take-up.
A Strong Shuttle Motion.
A Large Shuttle and Bobbin.
A Wide and Adjustable Feed.
A Large Balance Wheel.
A Good Tension.
A Machine, so constructed, that when once adjusted, it cannot get out of time.
A Machine so simple that any person can take it apart and put it together again
without difficulty.
A Machine that will take any kind of straight needle, use any kind of thread,
and do any kind of sewing.
A Machine that is strong and serviceable, runs lightly and silently; has no cog-
wheels or cams to get out of order.
A Machine with all the working parts case-hardened.
A Machine having a full set of the most approved Attachments.
A Machine beautifully finished in every respect, and set upon a handsome solid
stand.
A Machine that every one will want when they see it, and that is offered at such
prices as to be within the reach of the humblest person in Her Majesty's
realms or anywhere else.
A Shuttle holding 50 yards of thread.

W. H. JOHNSON,
GENERAL AGENT
And Importer of WHEELER & WILSON'S
SEWING MACHINES,
BEST SEWING SILK, COTTONS, &c., ALWAYS IN STOCK,
ALSO,
AGENT FOR THE BEST
PIANOFORTE & ORGAN
MANUFACTURERS,
Principal Office: 123 HOLLIS STREET,
HALIFAX, N.S.

The Improved Noiseless
WHEELER & WILSON SEWING MACHINE,
of American Manufacture none genuine except those bought of W. H. JOHNSON
or his Agents.

This is the only Sewing Machine in the World that does away with the annoyance of the Shuttle, and yet makes the genuine lock-stitch.

There is a great many advantages in not having the shuttle. The Machine having no under tension, being much easier to run, making much less noise, and, above all, making the Machine last as long as a half dozen shuttle machines.

New No. 6 Machines for heavy Leather work and general manufacturing purposes, which have no equal in the world. One million now in use.

**MARGESON'S CALCULIFUGE**

CURES

Gravel, Stone in the Bladder, Dropsy, and all Diseases of the Kidneys.

DIRECTIONS.—One wine-glassful in as much water, each morning, noon and night.

In all ordinary cases one bottle is sufficient, except for a beast, when two or three may be required.

The Proprietors can highly recommend this medicine, as it has been the means of curing over 200 persons before placing it on sale, where it now can be had for $1.50 per bottle. ADDRESS,

R. C. MARGESON & CO.

HALIFAX, N.S.

CERTIFICATES

MESSRS. R. C. MARGESON & CO.,

DEAR SIRS,—Please accept this testimony from one who has been suffering for upwards of five years from Gravel and Stone in the Bladder; and was advised by my friends to try your Calculifuge. I did so, and am happy to say that after using the two bottles you sent me last summer, it entirely cured me. I passed five stones, the size of small peas, and upwards of a wine-glassful of smaller ones and gravel, and will send them to you by the first chance. I would advise all that are suffering with the same complaint to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can to any that will call to see me at my house,

I remain yours,

ANDREW CRAWFORD.

MESSRS. R. C. MARGESON & CO.,

DEAR SIRS,—It is a pleasure to add my testimony to the virtues of your Medicine. My little daughter, three years old, was a great sufferer of Urinary Retention, sometimes four days at a time. Her sufferings were intense; all medicine failed to give her much, if any, relief. I procured a half-bottle Margeson's Calculifuge. After taking three doses, she got relieved, and is now as well as ever. This you can make known in the papers if you choose, as others may be affected in like manner.

ROBT. EVENS.

The College offers superior advantages to young men wishing to graduate in Arts, or to obtain special instruction in the higher branches.

THE MALE ACADEMY

Sustains an historical reputation as a school in which, with pleasant domestic surroundings and wholesome moral influences, youths can become fitted for College, and for business and professional life. A regular Commercial Department or College, efficiently equipped with facilities for Banking, Railroad, and general merchandizing, forms an integral part of the Institution.

THE LADIES' ACADEMY

not only affords superior advantages to young ladies for securing a thorough Academic and Collegiate training, but to those wishing to make the study of Music and the Fine Arts a specialty, it offers opportunities unsurpassed elsewhere. The College Classes are open to young ladies prepared for admission to them.

The Institution is fully supplied with the best new Pianofortes. The Annual Catalogue containing full information as to terms, course of study, etc., will be furnished on application. Early notice of Pupils expecting to enter the Institution is requested. Pupils received at any time.

CURES

Gravel, Stone in the Bladder, Dropsy, and all Diseases of the Kidneys.

DIRECTIONS.—One wine-glassful in as much water, each morning, noon and night.

In all ordinary cases one bottle is sufficient, except for a beast, when two or three may be required.

The Proprietors can highly recommend this medicine, as it has been the means of curing over 200 persons before placing it on sale, where it now can be had for $1.50 per bottle.

ADDRESS,
R. C. MARGeson & Co.,
HALIFAX, N.S.

CERTIFICATES.

MESSRS. R. C. MARGeson & Co.,
Chezzetcook, March 3, 1873.

DEAR SIRS,—Please accept this testimony from one who has been suffering for upwards of five years from Gravel and Stone in the Bladder; and was advised by my friends to try your Calculifuge. I did so, and am happy to say that after using the two bottles you sent me last summer, it entirely cured me. I passed five stones, the size of small peas, and upwards of a wine-glassful of smaller ones and gravel, and will send them to you by the first chance. I would advise all that are suffering with the same complaint to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can to any that will call to see me at my house.

I remain yours,
ANDREW CRAWFORD.

MESSRS. R. C. MARGeson & Co.,
Halifax, July 28, 1873.

DEAR SIRS,—It is a pleasure to add my testimony to the virtues of your Medicine. My little daughter, three years old, was a great sufferer of Urinary Retention, sometimes four days at a time. Her sufferings were intense; all medicine failed to give her much, if any, relief. I procured a half-bottle Margeson's Calculifuge. After taking three doses, she got relieved, and is now as well as ever. This you can make known in the papers if you choose, as others may be affected in like manner.

ROBT. EVENS.
Macdonald & Co., Importers Cast & Malleable Iron Pipes, 164 to 172 Barrington St

NEW BRUNSWICK, "

Leave Reed’s Point Wharf, St. John, at 8 a.m., and Eastport at 1 p.m., same day for Portland and Boston, as follows:

In January, February, and March, one of these Steamers will leave St. John for Eastport and Portland, every Thursday morning at 8 o’clock, connecting at Portland with the Trains for Boston, and all parts of Canada and the West; in April, May and to June 15th, will leave every Monday and Thursday; from 15th June, July, August and September, every Monday, Wednesday and Friday; in October and November, up to December 15th, every Monday and Thursday, going through to Boston.

Usual running time between Saint John and Eastport 4 to 4½ hours; Eastport and Portland 15 to 17 hours; Portland to Boston 8 to 9 hours.

CONNECTIONS:—At St. John with International Railway to Shediac and Steamer to Prince Edward Island; with Steamer “Scud” to Digby and Annapolis, thence by Railway to Windsor and Halifax, N.S. At Eastport, Steam Ferry to Lubec; stage to Pembroke, Dennysville and Machias, and Steamers “Queen” and “Belle Brown” in regular connection to Robinstown and Calais, Me., and St. Andrews and St. Stephen, N.B. And from the latter places the New Brunswick and Canada Railway runs northward to Woodstock and Houlton Station, making this the best route for travellers to Aroostook County, Maine.

Chas. Robson & Co., Silks, Shawls, 121 Granville Street.
WATERS' VESPER ORGANS,

In Walnut Cases of Unique French Design, having Lamp or Flower Stands, Book Closets, with lock and key, and Patent Double Forte Swell, beautifully voiced, and capable of a great variety of fine musical effects. Are allowed by competent judges to be among the best and cheapest Reed Organs ever offered to the public.

HORACE WATERS & SON,
481 BROADWAY, N. Y. - - - - P. O. Box 3567.

WATERS' CONCERTO PARLOR ORGANS are the most beautiful in style and perfect in tone ever made. The CONCERTO STOP is the best ever placed in any Organ. It is produced by an extra set of reeds peculiarly voiced, the EFFECT of which is MOST CHARMING and SOUL STIRRING, while its Imitation of the Human Voice is SUPREME. Terms liberal. WATERS' Philharmonic Vesper and Orchestral Organs in UNIQUE FRENCH CASES, are among the best made, and combine PURITY OF VOICING with great volume of tone. Suitable for PARLOR, CHURCH, or MUSIC HALL.

WATERS' New Scale PIANOS have great power and a fine singing tone, with all modern improvements, and are the BEST PIANOS MADE. These Organs and Pianos are warranted 20 years. PRICES EXTREMELY LOW for cash, or part cash, and balance in monthly or quarterly payments. Second-hand instruments taken in exchange. AGENTS WANTED in every County in the U. S. and Canada. A liberal discount to Teachers, Ministers, Churches, Schools, Lodges, etc. ILLUSTRATED CATALOGUES MAILED.

HORACE WATERS & SON, 481 Broadway, New York. P. O. Box 3567.

Testimonials of Waters' Celebrated Pianos, Concerto and Orchestral Organs.

REV. BARNAS SEARS, D.D., Ex-President of Brown University, Providence, R.I., and agent for distribution of the Peabody Educational Fund in the South, in answer to inquiries of Jacob Echols, of Lynchbury, Va., about the Waters' Pianos, writes the following:

STAUNTON, Va., March 12, 1872.

—Mr. Jacob Echols, Dear Sir: My daughter, who is a good judge, says her piano (the Waters) is a fine one, and has been pronounced so by the German teacher of music; and by the Baltimore Tuner, much superior to the Baltimore pianos. Mr. Waters is a wealthy Christian gentleman. I put entire confidence in him as a business man.

Yours truly,

B. SEARS.

Life Ins. most advantageous terms, Travellers Ins. Co., 189 Hollis
THE

Windsor & Annapolis Railway,
And the Bay of Fundy Steamers,
CONNECT
NOVA SCOTIA WITH NEW BRUNSWICK,
AND FORM THE
CHEAPEST AND MOST EXPEDITIOUS ROUTE BETWEEN
HALIFAX & ST. JOHN.

Express Trains leave Halifax at 8.30 a.m., and connect at Annapolis with Steamer due in St. John same day.
Connections are made at St. John with the Railroad and Steamboat Lines to and from all parts of New Brunswick, Canada, and the United States.
Stages connect at Annapolis for Digby, Yarmouth, and Liverpool, N.S.
The Railroad runs through the Valley of Acadia and the magnificent scenery made celebrated in the story of "Evangeline."
Through Tickets and every information can be had at the Company's Office, 126 HOLLIS STREET, HALIFAX, and at RICHMOND DEPOT, KENTVILLE, N.S.

Travellers' Life & Accid't Ins. Co. of Hartford, Conn., Office 189 Hollis
Gravel, Stone in the Bladder, Dropsy, and all Diseases of the Kidneys.

DIRECTIONS.—One wine-glassful in as much water, each morning, noon and night.

In all ordinary cases one bottle is sufficient, except for a beast, when two or three may be required.

The Proprietors can highly recommend this medicine, as it has been the means of curing over 200 persons before placing it on sale, where it now can be had for $1.50 per bottle. ADDRESS,

R. C. MARGESON & CO.,
HALIFAX, N.S

APPENDIX.

GREAT BRITAIN AND IRELAND.

THE QUEEN AND ROYAL FAMILY.

Her Majesty ALEXANDRA VICTORIA, of the United Kingdom of Great Britain and Ireland, Queen, and of the Colonies and Dependencies thereof, Empress of India, Defender of the Faith, born, 24th May, 1819; succeeded to the throne 26th June, 1837, on the death of her uncle, King William IV; crowned 28th June, 1838; and married, 10th February, 1840, to his late Royal Highness Francis Albert Augustus Charles Emmanuel, Prince Consort, Duke of Saxeony, Prince of Coburg and Gotha, who was born 28th August, 1819; died, 14th December, 1861. Her Majesty has issue—

1. Her Royal Highness VICTORIA Adelaide Mary Louisa, Princess Royal, born 21st November, 1849; married 25th January, 1858, to his Imperial Highness the Crown Prince (only son of the Emperor of Germany,) and has had issue—Frederick William Victor Albert, born 27th January, 1856; Victoria Elizabeth Augusta Charlotte, born 24th July, 1860; Albert William Henry, born 14th August, 1862; Francis Frederick Sigismund, born 15th September, 1864, died 18th June, 1866; Frederick Wilhelmina Amelie Victoria, born 12th April, 1866; J. F. E. Waldemar, born 10th Feb., 1868; Sophia Dorothea Ulrika Alice, born 14th June, 1870; and Margaret Beatrice, born 22nd April, 1872.

2. *Unpaid Letters for this route must be posted before 9 30 p.m. on the previous day.*

Letters intended for Registration must be posted half an hour previous to the closing of the Mail by which they are to be forwarded, and both the Postage and the Registration Fee must be prepaid. Registration closes at 7 30 p.m.

Mails sent to Dartmouth three times per day, at 6 a.m., 130 p.m., and 7 p.m.; Richmond, Daily, at 6 a.m.

Delivery by Letter Carriers twice a day. Letters for the morning delivery will be received at the General Office up to 7 a.m., and at the outside Letter Boxes up to 7 p.m., on the day previous. Letters for the afternoon delivery will be received at the General Office up to 2 p.m., and at the outside Letter Boxes up to 1 p.m.

Office hours—Daily, Sundays excepted, from 6 a.m. till 10 p.m.

Money Orders issued and paid from 10 a.m. to 4 p.m. On the day before the closing of the direct English Mail, the Money Order Office will be kept open for the issue of Money Orders on the United Kingdom only, till 8 p.m.; and on the following morning will open for the same purpose from 8 a.m. till 10 a.m.

Places of deposit for the reception of letters and newspapers in the city of Halifax have been established:

1. At T. Courtney's, corner of Pleasant St and Gas lane.
2. At G. T. Windsor's, No 93 Lower Water street.
3. At Robert Urquhart's, corner of Birmingham St and Spring Garden road.
4. At Henry Tully's, No 182 Upper Water street.
5. At James Crawford's, No 398 Upper Water street.
6. At Dr. McFatridge's, corner Gottingen and Cornwallis Sts.
7. At Douglas Story's, corner of Brunswick St and Artz lane.
8. At G. W. Jones', 121 Morris street.

Postage Stamps can be had at the above named places; also at G. E. Morton's Book Store, Hollis street; A. W. Nicholson, Wesleyan Book Room; H. A. Taylor, Druggist; M. A. Buckley, Bookseller; E. Kelly & Co, Booksellers, George street; T. P. Connely, corner George and Granville; A. P. Power, Dry Goods, Brunswick street.

Money Order Offices.

The Halifax Post Office, and the Offices in the above list marked in Italics, are Money Order Offices, and are authorized to issue Orders payable at any Money Order Office in the Dominion of Canada, Newfoundland, the United Kingdom or British India.

Way Offices.

In addition to the above, there are upwards of seven hundred Way or Sub Post Offices, in the different Counties of the Province.

Principal Rates of Postage.

LETTERS.

To places within the Dominion of Canada, 3 cents per half oz. each, if prepaid; 5 cents if unpaid.
To Newfoundland, 6 cents per half oz each, which must be prepaid.
To Bermuda, via Halifax, 6 cents per half oz each, which must be prepaid.
To West Indies, and British Guiana, via Halifax, 12 cents per half oz each, which must be prepaid.
To the United States, 3 cents per half oz each, which must be prepaid.
To the United Kingdom, via Halifax, or by Canadian Packet from Quebec or Portland, 6 cents per half oz each, if prepaid; and if unpaid, an additional 6 cents on each letter.
To the United Kingdom, by way of New York, 8 cents per half oz each, which must be prepaid.
To St Pierre et Miquelon, same rates as within the Dominion: correspondence being subject to a local tax on delivery.

NEWSPAPERS.

Newspapers printed and published in Canada may be sent by post from the office of publication to any place in Canada at the following rates if paid quarterly in advance either by the publisher, at the Post Office when the papers are posted, or by the subscriber at the Post Office when the papers are delivered.

For a paper published once a week 5 cents per quarter of a year.
Do twice 10 " " 
Do three times 15 " " 
Do six times 30 " " 

When the above rates are not paid in advance, by either the publisher at the office of posting, or by the subscriber at the office of delivery, the papers are charged one cent each on delivery.

Canadian Newspapers addressed from the office of publication to subscribers in
the United Kingdom, United States, or Newfoundland, may be forwarded on pre-
payment at the Office in Canada where posted, at the above commuted rates
applicable to such papers within the Dominion.

Publishers of Newspapers in Canada may post such numbers of their papers,
addressed to parties within the Dominion, who are not subscribers, at a rate of one
half cent each, prepaid by stamp.

Exchange papers passing between publishers in Canada, and between publishers
in Canada and publishers in the United States, and Newfoundland, are to pass
free of Canada postage, one copy of each paper to each publisher. Publishers of
Newspapers in Canada may now post their papers to be forwarded at the rate of
1 cent per lb, upon obtaining permission from the P M General, but after the 1st of
October next this rate will be compulsory on all Newspapers and Periodicals pub-
lished in Canada.

TRANSCENDENTALISM

(Including all papers other than Canadian from office of publication.)

To places in the Dominion of Canada, to Newfoundland, Bermuda, the West
Indies, British Guiana, via Halifax, the United Kingdom or St Pierre et Miquelon,
2 cents each, prepayment compulsory. To the United States 1 cent per every 4
ozs, prepayment compulsory.

PERIODICAL PUBLICATIONS.

To any place in the Dominion of Canada, to Newfoundland, the United States,
or St Pierre et Miquelon, 1 cent per 4 oz each packet, prepayment compulsory.
To the United Kingdom, via Halifax, Quebec or Portland, 2 cents each, prepay-
ment compulsory. This only refers to Periodicals printed and published in Cana-
da, periodicals published elsewhere must be forwarded at Bookrate.
To other countries, book rate as below:
Periodicals weighing less than one ounce if put up singly, and addressed to any
place in Canada, Newfoundland, the United States, or St Pierre et Miquelon, one
half cent each, prepayment compulsory.

CIRCULARS AND PRICES CURRENT.

Done up singly, to any address in Canada, Newfoundland, United States, St
Pierre et Miquelon, 1 cent each; Bermuda, the West Indies, or British Guiana, via
Halifax, or to the United Kingdom, 2 cents each.

BOOKS AND MISCELLANEOUS MATTER.

(Including Books, Pamphlets, and occasional Publications, Books and New-
paper Manuscript, Circulars, Prices Current, Hand Bills, Maps, Prints, Drawings,
Engravings, Music, Packages of Seeds, Cuttings, Roots, Scions, Grafts, Botanical
Specimens, etc.)
To any place in Canada, Newfoundland, the United States, or St Pierre et Mique-
lon, 1 cent per 2 oz each packet; to Bermuda, West Indies, or British Guiana,
via Halifax, 6 cents per 4 oz each packet.
To the United Kingdom, via Halifax, Quebec, or Portland, if not exceeding one
oz, 2 cents over one oz and not exceeding two oz, 4 cents; exceeding 2 oz, 6 cents
per 4 oz each packet.
To the United Kingdom, by way of the United States, the above rates with the
addition of 2 cents per 4 oz.
Prepayment of Books and Matter at Bookrate is in all cases compulsory.

PATTERNS OR SAMPLES OF MERCHANDIZE.

Can be forwarded at Book rate to any address in Canada, Newfoundland, St
Pierre et Miquelon, the United Kingdom, and certain British Colonies and Foreign
countries, via England. Samples can also be forwarded to the United States when
not exceeding 8 oz in weight, the postage on which is 10 cents; above which weight
no sample for the U S can be forwarded; they must also be genuine trade sam-
pies, and have no intrinsic value.
PARCELS.

To any place within the Dominion 12½ cents per half pound, which must be prepaid.

Postage Stamps

The stamps issued by the Canadian Post Office Department are of the following denominations, viz, ½ c, 1 c, 2 c, 3 c, 6 c, 12½ c, and 15 c, stamps.

Post Cards

Are issued at one cent each, and may be sent to any address in Canada, Newfoundland, St Pierre et Miquelon, the United States.

Postal Bands

Have been issued for the prepayment of paper, &c, and are sold at the rate of $1.25 per hundred.

Information in regard to the rates of postage to British Colonies and foreign countries, via England, or the United States, inland and foreign mail connections, the rules governing letters, newspapers, books, periodicals, sample and parcel post, and the transmission of post cards, ships letters, dead letters, franking and free matter, &c, may be obtained at any Post Office.

Registration Fee.

To places within the Dominion, and to St Pierre et Miquelon, and Newfoundland, 2 cents each letter, post card, parcel or packet of sample. To the United States and to Bermuda, the West Indies, and British Guiana, via Halifax, 5 cents each letter. To the United Kingdom, 8 cents each letter, newspaper, book packet, or packet of sample.

Information in regard to registration to other countries, and the rules governing registered correspondence, etc, may be had at any Post Office.

Dutiable Goods by Mail.

Postmasters are directed to detain any post letter coming into the Dominion, supposed to contain any wares or merchandise liable to duty, and forward the same to the nearest collector of customs, who shall notify the person to whom the same may be addressed to be present; and if on opening the same, it contains no dutiable goods, it shall be handed over to him on paying the postage, if liable to any; if it does contain dutiable goods, the collector shall detain letter and contents for the purpose of prosecution.

All letters containing money should be mailed at the Post office and registered.

No printed paper, whether newspaper, book, pamphlet, or other paper, shall be transmitted either free or at a reduced rate of postage, unless it is sent—1. Without a cover, or in a cover open at the ends. 2. There shall be no words or communication printed on the paper after its publication, or upon the cover, nor any writing or marks upon it, or upon the cover, except the name and address of the sender and of the person to whom sent. 3. There shall be no paper or thing inclosed with it. Where these conditions are not fulfilled, the whole will be charged letter postage.

The word "Newspaper" means any publication issued not less frequently than once a week, and containing notices of passing events; and the word "Periodical" means any publication issued at regular intervals, but less frequently than once a week.

Masters of vessels are entitled to receive for each letter they may deliver when inward bound 2 cents.
All letters and communications on the business of the post-office department, intended for the post-office department at Ottawa, should be invariably addressed to "The Postmaster-General." The branch of the department for which the letter or communication is intended should be written on the left-hand upper corner of the letter, thus:

"For Accountant,"
"For Secretary,"
"For Money-Order Office,"
"For Savings' Bank Office,"
"For Dead Letter Office," or
"For Cashier,"
as the case may be, but the main direction must be to the Postmaster-General, or Deputy Postmaster-General.

**Commissions on Money Orders.**

On orders payable in Nova Scotia, New Brunswick, Prince Edward Island, Ontario, Quebec, Manitoba or British Columbia:

<table>

APPENDIX.

Hat Plush for Hatters
Hats, Caps, and Bonnets
Hay
Hay from B. N. A. Provinces
Heavy or Carbonic Oil, used in the manufacture of Wood Block Pavement, &c.
Hemp, undressed
Hides, Horns and Pelts
Hoop Skirt Manufacture, the following articles for: Crinoline Thread for covering Crinoline Wire, clasps (tin and brass), Slides, Spangles and Slotted Tapes and flat or round wire, uncovered
Hops
Horse Hair, unmanufactured
Horses
Hosiery
Indian Corn and Grain of all kinds
Indian Meal
Indian Rubber (see Caoutchouc)
Indigo
Ink, of all kinds, except Printing
Ink, Printing
Iron, Pig
Do, Rod, Bar, Hoop or Sheet
Do, Scrap, Galvanized
Do, Puddled in Bars, Blooms and Billets
Do, in Blooms and Billets, not Puddled
Do, Bolts and Spikes, Galvanized
Do, Nails and Spikes, Rod, round, flat or square
Do, Hoop or Tire, for driving wheels of Locomotives, bent and welded
Do, Boiler Plates
Do, Railroad Bars, Wrought Iron or Steel Chairs and Fish Plates
Do, Rolled Plates
Do, Tubes and Piping when drawn
Do, Knees and Riders, (Ships)
Do, Masts or part of Iron Masts
Ivory, Bone, Pearl and Horn, manufactured
Ivory Nuts
Ivory, unmanufactured
Ivory Veneer
Japanned Tin, Planished Tin and Britannia Metal Ware
Jewellery and Watches
Junk and Oakum
Kelp

Knees, Iron Riders (Ships)
Kryolite
Lard
Lard from B. N. A. Provinces
Lead, Pig
Do, in Sheet
Do, White, dry
Leather, viz.: Sheep, Calf, Goat and Chamois Skins, dressed, varnished or enamelled
Leather or Imitation of Leather, manufactured
Leather, sole and upper
Leather manufactured, viz., Boots and Shoes, Harness and Saddle
ry
Lemons and Oranges
Lemons, Oranges and Citrons, imported in brine for the purpose of being candied, also the Rinds of the Fruits in brine for the same purpose
Lime
Linen
Linen Machine Thread
Liquorice
Lithographic Stones
Locomotive Engine Frames, Cranks, Crank Axles, Locomotive Axles, Piston Rods, Guide and Slide Bars, Crank Pins, Connecting Rods, Hoop Iron or Steel for Tires, Wheels bent and welded
Locomotive and Railway Passenger, Baggage and Freight Cars, running upon roads crossing the frontier so long as Canadian Locomotives and Cars are admitted Free under similar circumstances in the United States
Lumber, plank and sawed, of mahogany, rosewood, walnut, cherry, chestnut and pitch pine
Macaroni and Vermicelli
Mace
Machinery for Mills and Factories, which is not manufactured in the Dominion
Machinery
Machine Twist, Silk Twist and Machine Linen Thread
Malt
Manilla Grass, Sea Grass and Mosses for Upholsterers' purposes
Manures
Manufactured Marble

Explanation of Signals.

Made at the Ship Staff at Citadel Hill, when Vessels are seen from the Citadel or reported from an outpost.

For 1 Square Rigged vessel, 2 balls close up, one on the outer halliard and one on the inner halliard.
" 2 Do, 1 ball dropped 6 feet on the outer halliard and one close up on inner halliard.
" 3 Do, 2 balls close up, one on the outer and one on the inner halliard.
" 4 Do, 2 balls separated, and one close up on the inner halliard.
" 5 Do, a pendant red on the outer halliard, and one ball close up inside.
" 6 Do, a pendant under a ball close up on the outer halliard, and a ball at the inner halliard close up.
" 7 Do, a pendant over a ball close up on the outer halliard, and a ball close up on the inner halliard.
"8 Do, a pendant under two balls close up on the outer halliard, with a ball close up on the inner halliard.

"9 Do, a pendant between two balls close up on the outer halliard with a ball close up on the inner halliard.

"10 Do, a red flag close up on the outer halliard, with a ball close up on the inner halliard.

The above balls, &c, are hoisted on the east or west yard arm, according to the quarter the vessel first appears in.

When Sailing Vessels are reported from an outpost, the following Signals are made on the Lower yard, now used exclusively for sailing vessels, as repeats:

For a Square Rigged Vessel, two balls of a size, one at the outer, the other at the inner halliard, close up.

A Ship, a large ball at the end of the yard, with a small one at inner halliard.

A Barque, a large do, at the end, with a small one dropped at inner halliard.

A Brig, small do, close upon the outer with large one on inner halliard.

A Brigantine, a cross close up at the outer halliard. Two or more do, a cross half hoisted.

A Topsail Schooner, a cross close up at the inner halliard.

The upper yard of the Ship Staff is used solely to designate Steam Vessels thus:

Two large balls close up, one at the outer and the other at inner halliard E or W, a steamer reported in that quarter.

A small ball at the outer, and large one at the inner halliard, a second class Packet or merchant Steamer.

A large ball at the outer, and a small one at the inner halliard, a Man-of-War Steamer, or Royal Mail Steamer, or large Merchant Steamer.

Numbers are indicated the same as on the lower yard.

When the description of vessel is ascertained, the following descriptio colors will be hoisted at the masthead:

A Union Jack—a Flag Ship.

Man-of-War Screw Steamer, a white pendant with a blue ball in the centre, over the Union Jack.

Man-of-War Paddle Steamer, a white pendant with a blue ball in centre, under the Union Jack.

A red Flag pierced white, Royal Mail Packet from England.

A white Flag, blue centre, do from St John's, Newfoundland.

A white Flag, red centre, do from Bermuda.

A blue pendant—a Ship.

A blue and white pendant—a Barque.

A red pendant—a Brig.

A red and white pendant—a Brigantine.

A white pendant—a Sloop or Schooner.

A blue and white flag horizontally divided—a Foreign or Neutral Fleet.

A white and blue flag vertically divided—a Foreign or Neutral Man-of-War.

A blue flag—a Foreign or Neutral Merchantman.

A red flag—an Enemy's Merchantman.

A red, white and blue flag, red next the mast, Enemy's Fleet, red next the mast under Steamer's signal, a French Man-of-War.

American flag (Stars and Stripes) under Steamer's signal, American Man-of-War.

French flag (blue, white and red), French Man-of-War.

When an English Packet arrives between evening and morning gun-fire, a red triangular flag will be kept flying at the mast head from seven till nine o'clock.

Night Signals.

A red light outer, white light inner halliards, Steamer reported East.

A green light outer, white light inner halliards, Steamer reported West.

A red light, Steamer sighted East.

A green light, Steamer sighted West.

A red light above white, English Mail outward.

A green light above white, English Mail homeward.

A white light above red, Newfoundland Mail.

A white light above green, Bermuda Mail.

A red light above green, British Man-of-War.

Red, green and white lights, neutral Man-of-War.
