INTRODUCTION.

We have great pleasure in placing in the hands of our patrons the Halifax City Directory for 1895-96. Past issues have earned the confidence and the warm commendations of the press and the public; but our issue for the present year is very decidedly superior to the best of its predecessors.

The Business Directory is for the first time absolutely complete. The Street Directory also is as complete as care and patient research can make it. No street however small, no corner of the city however obscure, has been overlooked. Churches and Societies, new and old, are noted. A new feature is a carefully compiled table of wharfage rates, information which the business community will find of great advantage. It will be seen that the arrangement of names in the Directory, while it economises type, facilitates reference. Our page is ampler and more shapely than heretofore, and the volume is thicker and larger. Our advertising patronage is large, and we have spared no pains to give it the fullest justice in regard to typography. The Telephone Numbers, as well as the Street Numbers, are given;—an innovation which cannot fail to be acceptable.

For the first time a correct and very convenient map of Halifax is embraced in the Directory,—a map for the completeness and accuracy of which we can vouch. Halifax can now boast of a Directory, which fairly represents its life and energy in every department of business.

DIRECTORY BORROWERS.

Many are the complaints of those who regularly patronize the Directory, that they are bored-so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.

ADVERTISE

IN THE

Halifax Directory,

FOR

EVERY ONE SEES IT.
As soon as the Confederation of the principal Provinces of British North America had become an accomplished fact, the Imperial military authorities commenced preparations for transferring to the newly-created Department of Militia and Defence of Canada all the fortifications and barracks, and the many valuable military properties throughout the country held for defensive purposes by Her Majesty's Government. These properties were all made a free gift to the Government of the Dominion; such of them as are still held in the Queen's name for present purposes or future plans of defence are under the care of our own War Department, and any Militia sources pay at the rate of 2½ per day, but no other allowances, nor will they be granted rations or quarters; a bonus of $20.00 is granted to an officer obtaining a 2nd class certificate, and $60.00 for a 1st class. Non-commissioned officers and men will be attached to the Imperial Forces for quarters, rations, instructions and discipline, and will be paid for from Militia sources.

The Military School opened in the autumn of 1894, and was well attended by Militia Officers of the Maritime Provinces.

The Military School, opened in the autumn of 1894, for the establishment of Schools of Instruction maintained by the Militia Department in other Provinces of the Dominion, has recently been supplemented towards that end. The Royal Schools of Military Instruction associated with the regular British troops furnish the central point for the mobilization of all ranks of the Canadian Artillery or Militia in gunnery. The courses of instruction, two, and three months, under special regulations in each case. Militia Officers attached to the Imperial Forces for discipline and instruction receive from Militia sources pay at the rate of 2½ per day, but no other allowances, nor will they be granted rations or quarters; a bonus of $20.00 is granted to an officer obtaining a 2nd class certificate, and $60.00 for a 1st class. Non-commissioned officers and men will be attached to the Imperial Forces for quarters, rations, instructions and discipline, and will be paid for from Militia sources.

The Military School opened in the autumn of 1894, and was well attended by Militia Officers of the Maritime Provinces.

As soon as the Confederation of the principal Provinces of British North America had become an accomplished fact, the Imperial military authorities commenced preparations for transferring to the newly-created Department of Militia and Defence of Canada all the fortifications and barracks, and the many valuable military properties throughout the country held for defensive purposes by Her Majesty's Government. These properties were all made a free gift to the Government of the Dominion; such of them as are still held in the Queen's name for present purposes or future plans of defence are under the care of our own War Department, and any Militia sources pay at the rate of 2½ per day, but no other allowances, nor will they be granted rations or quarters; a bonus of $20.00 is granted to an officer obtaining a 2nd class certificate, and $60.00 for a 1st class. Non-commissioned officers and men will be attached to the Imperial Forces for quarters, rations, instructions and discipline, and will be paid for from Militia sources.

The Military School opened in the autumn of 1894, and was well attended by Militia Officers of the Maritime Provinces.

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.

Many are the complaints of those who regularly patronize the Directory, that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.

Many are the complaints of those who regularly patronize the Directory,
that they are bored so much by borrowers. Not the stranger or private citizen
who steps into the office, looks at the Directory, and goes out, but the business
men who continually need it for reference, yet are too close-fisted to buy one
for themselves. These are the people who carry off your Directory, just for a
few minutes, which generally means a few days, unless you send for it before;
then you have scarcely housed it before some one else comes with the request:
“Please lend me your Directory for a few minutes.” Perhaps you won’t see
it again for a week or more. Yet this same borrower will tell our solicitor
that he has no use for a Directory, he knows everybody and everybody
knows him.

Many are the complaints of those who regularly patronize the Directory, that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a few days, unless you send for it before; then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a week or more. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.

DIRECTORY BORROWERS.

Many are the complaints of those who regularly patronize the Directory, that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.

**Classification of Mail Matter.**

In order to simplify the classification of matter passing by mail between places within Canada, and also the regulations relating thereto, and to provide for including therein such articles of merchandise and other miscellaneous matters not hitherto admitted to pass by mail in Canada in open packets, all matter so passing by mail within Canada has been divided into five classes.

The first class includes Letters and Post Cards.

**LETTERS.**

To places within the Dominion of Canada, Newfoundland, and United States, 3 cents per oz. Letters for the U. S. paid less than one rate will not be forwarded. Other short paid letters for Canada will be taxed with double the amount of the deficient postage.

Letters containing coin, jewels, or precious articles, or anything liable to custom duties (except such as may be addressed to the United States) will not be forwarded to their destination, but will be sent to the Dead Letter Office, Ottawa.

**CITY, OR DROP LETTERS FOR CITY DELIVERY.**

2 cents per oz.

The above rates must in every case be prepaid by postage.

**POST CARDS.**

Post cards are issued at one cent each, and may be sent to any address in Canada or United States. Post bands can be obtained at the rate of $1.25 per hundred. Post cards are also issued at 2 cents each for transmission to Newfoundland, Bermuda, and Postal Union Island in the West Indies, to Great Britain and Ireland, and the Continent of Europe.

Reply or double post cards are issued at two cents each.

The Second Class includes Newspapers and Periodicals, printed and published in Canada, and posted under the prescribed conditions entitling them to pass free to regular subscribers.

The Third Class includes other Newspapers and Periodicals, not entitled to free transmission. Books and printed matter generally, Print-d Circulars; also bona fide patterns and samples, packages of seeds, and other printed matter authorized to pass at the prepaid postage rate of 1 cent per four ounces.

**NEWSPAPERS.**

Newspapers and Periodicals posted at a City Post Office to be delivered from it, or by letter carriers, must be prepaid at the full rate of one cent per four ounces.
Transient Newspapers and Periodicals, when addressed to any place in Canada or the United States, must be prepaid the following rates by postage stamp; if weighing less than one ounce, half a cent each; if over one ounce, one cent per four ounces or fraction of four ounces.

MISCELLANEOUS MATTER.

The rate of postage upon all newspapers and periodicals posted in Canada not otherwise provided for, and on books, pamphlets, occasional publications, printed circulars, prices current, hand bills and other matter wholly in print, and on packages of seed, cuttings, bulbs, roots, scions or grafts, patterns or samples of goods or merchandise, is one cent for each four ounces or fraction thereof.

On maps, prints, drawings, engravings, lithographs, photographs, when not on glass or in cases containing glass, circulars produced by a multiplying process, easy to recognize but not type-written, nor in such a form as to resemble type writing; exhibitor’s entry ticket for Dominion or Provincial Exhibitions, botanical and entomological specimens, when properly put up, so as to prevent injury to the contents of the mails; sheet music whether printed or written, including music books, whether stitched or bound, book or newspaper manuscript, printer’s proof-sheets whether corrected or not, documents wholly or partly printed or written, such as deeds of land, mortgages made under seal, (including chattel mortgages) insurance policies (including renewal receipts when attached to policies), militia and school returns, custom manifests, voters lists when written or partly in writing, school or college examination papers, municipal assessment rolls, statute labor returns, municipal returns in general, printed forms entirely blank, and printed stationery, the rate of postage is one cent for each two ounces.

PATTERNS OR SAMPLES

Can be forwarded to any address in Canada, at one cent per four ounces; limit of weight, 24 ounces. To the United States, 1 cent per ounce, limit of weight, 8 ounces. Matter forwarded at the above rate must be genuine samples having no value.

The Fourth Class includes closed parcels as Parcel Post prepared rate of six cents per four ounces.

PARCELS

Must not exceed 5 lbs. in weight, and cannot be forwarded except to places within the Dominion. Parcels may be registered by paying a fee of 5 cents. This must be paid by a five cent registration stamp.

A PARCEL POST MAIL FOR THE UNITED KINGDOM is made up weekly for transmission by Canadian packet. A parcel must not exceed 11 lbs. in weight, nor two feet in length by 1 foot in width or depth. The postage is 20 cents for the lb., and 16 cents for each additional lb. or fraction thereof.

A Parcel Post has been established between Canada and Newfoundland, on the conditions governing the transmission of parcels to the United Kingdom. Parcels can be sent to all the countries and colonies with which the United Kingdom maintains a Parcel Post. Information as to the principal places, and the rates applicable, can be obtained at the delivery wicket. These parcels will be subject to the same regulations as regards weight, size, etc., as parcels addressed to the United Kingdom. Postage, 15 cents per pound, or fraction thereof.

A Customs Declaration for giving an accurate statement of the contents and value of the parcel, must be filled up by the sender. This form must be affixed to the Parcel. The forms can be obtained at the delivery wicket of the Post Office.

The Fifth Class includes miscellaneous matter of all descriptions not belonging to either of the above classes, and not excluded from the mails by the general prohibitory regulations with respect to objectionable matter. Fifth class matter must be so put up as to be fit for conveyance in the mail bags, and yet a limit of ready and full examination by the officers of the Post Office.

Legal and Commercial Papers, and Bank Pass Books, are not included in the matter permitted to pass as 5th Class, but are liable to letter rate of postage, except when sent by Parcel Post.

All such miscellaneous articles as are permitted to pass within the Dominion as 5th Class matter, can be sent in the mails to the United States, subject to the same conditions as to weight, limit and dimensions, and also as to being so put up as to admit ready examination of the contents.
The postage on the 5th Class matter is one cent per ounce, or fraction of an ounce; the limit of weight, 5 lbs. for any single package; the limit of size, 2 feet by 1. Registration fee, 5 cents.

Pre-payment of matter of the above description is in all cases compulsory.

REGISTRATION.

To all countries in the Postal Union the registration fee on all classes of matter is 5 cents.

Letters intended for registration must be posted half an hour previous to the closing of the mail by which they are to be forwarded, and both the postage and the Registration fees must be prepaid.

Directions to Mariners with Reference to Canadian Storm Warnings, issued for Quebec and the Maritime Provinces.

I.—Cone, hoisted with apex downwards, indicates "moderate gale is expected," probably at first from an easterly direction.

II.—Cone, with apex pointing upwards, indicates "moderate gale is expected," probably at first from a westerly direction.

III.—Drum, with cone underneath, the apex pointing downwards, indicates fresh to heavy gale is expected, probably at first from an easterly direction.

IV.—Drum, with cone above, the apex pointing upwards, indicates fresh to heavy gale is expected, probably at first from a westerly direction.

The Cone, when hoisted by itself, indicates that it is expected that the wind will obtain a velocity of 30 miles an hour, but will not exceed 40 miles; and it is not intended that an ordinary well found vessel should stay in port, but simply as a warning to mariners that strong winds are expected from the quarter indicated.

The Drum will always be hoisted when the velocity of wind is expected to exceed 40 miles an hour.

The night signal, corresponding to Nos. 1 and 3, is two white lanterns hanging perpendicular.

The night signal, corresponding to Nos. 2 and 4, is two white lanterns hanging horizontally.

Notes.—Mariners will be able to obtain further information from Drum Agents, or by consulting the daily probabilities. Mariners should always be in mind that the storm signals are merely cautionary, and do not necessarily mean that a storm will occur at the place where the signal is displayed, but that one is expected either there or within such a distance that vessels leaving port would be liable to be caught in it.

The storm warnings issued for Nova Scotia are received from the Central Office, Toronto, Ontario.

**DIRECTORY BORROWERS.**

Many are the complaints of those who regularly patronize the Directory, that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.
