We have great pleasure in placing in the hands of our patrons the HALIFAX CITY DIRECTORY FOR 1900-1901. It need hardly be said that the same labor and effort to secure accuracy, which the publishers have always put forth, have not been withheld in the preparation of the present edition. The wish of the publishers is to give the latest and most correct information, and with that end in view no expense or labor is spared on the book.

To the patrons of this work the publishers return their sincere thanks.

DIRECTORY BORROWERS.

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a few days, unless you send for it before; then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a week or more. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.

Probable no Company ever organized has received so much attention and such liberal patronage from the leading business and professional men all over Canada. The "Imperial" having written nearly Four Millions of business during the year 1899, is evidence that the unexcelled advantages offered to the insuring public are appreciated. We have a great many new and attractive plans to offer, and intending insurers would do well to see our proposals before closing business. Further particulars regarding plans etc., will be cheerfully and promptly furnished on request to

A. H. FAIR, 46 Granville Street,

P.S.—Payment of Premiums made easy. Or to the Company's Agent.

Young men should insure while Premium rates are low and while their Applications will be favorably received.

There is no better Policy for them than the DOUBLE SETTLEMENT ENDOWMENT POLICY.

(OVER)
A Large Transaction.

That the wealthy recognize the merits of insurance is abundantly testified by the action of the Hon. Geo. T. Fulford, Brockville, in applying recently to The Imperial Life Assurance Company of Canada for one of its guaranteed Income Bonds for $200,000.00, and in paying therefore, as a single payment, the large sum of $100,000.00.

This is without doubt the largest payment ever made in connection with a single life insurance contract in Canada, and the Imperial Life is to be heartily congratulated in having been selected by the Hon. Mr. Fulford for this important transaction.

It will be interesting to know that although Mr. Fulford is in the prime of life, this is the first insurance which he ever applied for, notwithstanding that he has probably been one of the most persistently canvassed men in the Province.

The following is a fac-simile of Mr. Fulford's cheque.
The increasingly large amount of new business transacted is an indication of the just estimation in which the Imperial is held, and the just confidence placed in it by the insuring public.
—Hon. Sir Oliver Mowat.

Another feature of importance is the form in which the savings of the insurers are invested by the Company.

Here we discover that almost half of the Company's assets—the exact figure is 45½%—are invested in Government securities and municipal debentures.—Toronto GLOBE.

An Unequalled Record.

The unparalleled success which has attended the operations of the Imperial Life is abundantly evidenced by the following facts and figures culled from its last Annual Report:

1. **INCREASE**
   In insurance in force, $2,973,100

2. **INCREASE**
   In assets, 253,382

3. **INCREASE**
   In cash income, 163,412

4. **INCREASE**
   In premium income, 148,497

5. **DECREASE**
   In expenses, 5,000

The annual report shows a most gratifying increase in new business. Many new agencies have been opened, and it may be truthfully said that no Company in the Dominion has shown a more healthy growth than the Imperial.
—Montreal HERALD.

The record of the Company for the year is certainly highly gratifying and indicates that solid and substantial progress is being made.

The Directors of this Company record another exceedingly successful year's business, which is all the more gratifying to those who are interested in the Company as it exceeds the record of the previous year, which was one of the most successful in the history of Canadian life insurance.—Ottawa FREE PRESS.
The Imperial's Ideal Policy.

In taking out a policy of life insurance, one of the most important features to consider is the form of policy contract. To show how liberal and advantageous to the assured the Imperial's Policy Contract is, a contrast is instituted between its provisions and those contained in the policies of some other life insurance companies.

DIRECTORY BORROWERS.

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a few days, unless you send for it before; then you have scarcely housed it before some one else comes with the request: “Please lend me your Directory for a few minutes.” Perhaps you won’t see it again for a week or more. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.
