Received the Highest Awards for Purity and Excellence at Philadelphia, 1876; Canada, 1876; Australia, 1877, and Paris, 1878.

Prof. H. H. Croft, Public Analyst, Toronto, says:—"I find it to be perfectly sound, containing no impurities or adulterations, and can strongly recommend it as perfectly pure and very superior malt liquor."

John B. Edwards, Professor of Chemistry, Montreal, says:—"I find them to be remarkably sound ales brewed from pure malt and hops."

Rev. P. J. Ed. Page, Professor of Chemistry, Laval University, Quebec, says:—"I have analyzed the Indian Pale Ale, manufactured by MR. JOHN LABATT, London, Ont, and have found it a light ale, containing but little alcohol, of a delicious flavor, and of a very agreeable taste and superior quality, and compares with the best imported ales. I have also analyzed the Porter XXX Stout, of the same Brewery, which is of excellent quality; its flavor is very agreeable; it is a tonic more energetic than the above ale, for it is a little richer in alcohol, and can be compared advantageously with any imported article."
