**THE GOLDSMITH, BRYANT & STRATTON
BUSINESS UNIVERSITY,
DETROIT, MICHIGAN.**

You will save time and money by obtaining a thorough and practical Business Education at this old and reliable Business School.

Its course of study is unequalled, being carefully graded, beginning with the most simple and gradually leading the student through the most complicated forms of accounts.

It uses the Counting House System of Actual Business requiring banks, Commission House, Wholesale House, Transportation and Insurance Offices, Board of Trade, &c., illustrating business as it occurs daily among business men.

It has large and elegant rooms, centrally located in the large and rapidly growing metropolis of Michigan.

Its teachers are able and experienced.

It transacts business with Bryant and Stratton Schools in distant cities.

Ask our graduates and the business men of Detroit about our schools.

For particulars call at College Rooms, Mechanics' Block, Griswold Street, opposite City Hall, or address
