BY  
**FRANK W. COATES,**

**Practical Optician and Graduate of the Celebrated  
Optical College of New York City.**

As my specialty is to fit you scientifically with Glasses that are  
suitable to your vision, I respectfully direct your attention to my Optical  
Department, and, if your eyes are troubling you at all, call and see what  
is the trouble, and whether you can, by the use of lenses, remove that  
disagreeable sensation while reading or working, or stop that headache  
that annoys you so much (as many headaches are caused from the eyes).

If you wear spectacles, see that the frames fit you, for an ill-fitting  
frame is injurious to your sight.

This cut shows an ill-fitting frame.

This cut shows how the frame should fit.
