Five Facts for Farmers.—1st Fact: You can deposit your money and receive the highest rates of interest and the best terms. Interest is paid from the day the money is deposited until it is withdrawn. No drawbacks. No forfeiting interest. 2nd Fact: You can borrow money on the most liberal terms, and be sure of kind and liberal treatment. You can always get time if in trouble and the reason a fair one; no foreclosing without due notice; no fines and no law costs without notice. The Company will always act as a friend to borrowers, and will do its best to aid them. 3rd Fact: The borrower can deposit his money at best rates of interest against his payment, whether principal or interest, thus reducing the interest to be paid on the loan. 4th Fact: Mortgages purchased at the best rates paid. 5th Fact: It will always be the Company's endeavor to facilitate matters and put loans through on short notice and with despatch.
