**NEARLY THIRTY PER CENT. IN FAVOR OF
TOTAL ABSTAINERS,**

over their General Class. Their experience for the last five years shows that the profits in the Temperance Section were **Fifty per cent.** more than in the General.

The Manager of the Whittington Life Assurance Company of England says that the death claims in six years had been **21½ per 1,000 in their Temperance Branch, against 50½ per 1,000 in their General Branch.**

The experience of The Sceptre Life Assurance Company for the last ten years shows that the deaths in their Total Abstinence Branch were **more than twenty-five per cent. in favor of that Class** over Moderate Drinkers insured in the Company.
