INSTITUTE.

The Business University of British America.

WM. N. YEREX, President,

LONDON, ONTARIO.

The Grand Trunk Railway Co.,

Ever alive to the interests of its patrons, has greatly improved its Track, Rolling Stock and Motive power.

DINING CARS

Are now attached to the Express Trains between Toronto and Montreal, and on G. W. Division on Atlantic and Pacific Expresses.

FIRST-CLASS MEALS

At seasonable hours may be obtained at reasonable rates.

Remember, when going East or West,

This is the Cheapest and Most Direct Route

To all points, and for New England points no other route passes through a section of country on which there is so great a variety of grand and beautiful scenery. No line is more free from dust.

In its present condition it is not Surpassed by any Line in any point that makes a route desirable to the Travelling Public,

Plainly showing that in all that goes to make a route desirable to the travelling public this line cannot be surpassed.

For full information as to rates, routes, time tables, and tickets apply to any of the Company's agents.

FEES.

FOR PUPILS IN RESIDENCE.

Preparatory, with board, furnished room, light, fuel and laundry.....	\$38 00
Academic.....	42 00
Collegiate.....	45 00

FOR DAY SCHOLARS

Preparatory.....	\$5 00
Academic.....	7 00
Collegiate.....	9 00

It should be noted that the above Fees cover instruction in Latin, French, German, Italian and incidental charges for bedding, towels, &c., which in other institutions are charged as extras. The only studies for which a charge is made in addition to the above Fees, are Music, Fine Arts, Fancy Work and Commercial Course. These are the lowest charges that can possibly be made, compatible with the comfort of the students and a thoroughly efficient course of instruction.

Ministers' daughters are admitted at half the regular rates (board included), except for special class in Elocution, Music, Fancy Work and Painting.

A reduction of 10 per cent. on full charges is allowed when two or more are from the same family.

\$190, paid in advance will secure during the four terms, board, room, light, laundry and a full course of instruction in any or all Literary Departments, embracing Ancient and Modern Languages, instruction in Instrumental Music by the resident teachers, also free admission to the first class in Drawing. This offer, the lowest in the country, it is hoped will induce a longer attendance for more thorough education. The Teachers reside in the Building, and board in the Hall with the young ladies. There will be, therefore, the most careful and kindly supervision of their health, comfort, morals, manners and progress in study. The aim is to combine the care of the mother with the teacher's guidance and the pastor's regard.

All applications for circulars, further information, admission, &c., to be made to

GOOD HEALTH!

How to Get and How to Keep it,
IS THE QUESTION OF THE AGE.

The LONDON TURKISH BATHS,

320 Dundas St., between Wellington and Waterloo.

J. G. WILSON, Electropathic Physician,
PROPRIETOR.

To what Diseases are Turkish Baths Applicable?

Is a question often asked. We answer that they are particularly useful to those who are weak and prostrate from general derangement of the whole system, and especially adapted to those who have taken a great deal of medicine, or are addicted to the use of stimulants, over-eating or any other form of intemperance. In regard to diseases, Consumption, Catarrh, Bronchitis, Rheumatism, Neuralgia, Liver Complaints, Dyspepsia, Bright's Disease, Diabetes, Dropsy, Female Complaints, General Debility, Nervous Depression, Skin Diseases of all forms, and the averting of all Acute Diseases, are among those in which very satisfactory results have followed.

ELECTRICITY AND ELECTRO-THERMAL BATHS.

Nothing need be said to inspire public confidence in a remedy of such universally acknowledged power as Electricity. In Paralysis, Nervous Exhaustion, and all Nervous Diseases, its use is almost indispensable. MEDICAL ELECTRICITY is a Nerve Stimulant, Tonic and Sedative. The Galvanic Current of Electricity is administered with or without the bath. In the Electro-Thermal Bath the patient lies in warm water, and the currents are passed through any portion of the body at will. This mode of giving Electricity has the advantage of pleasantly penetrating all the tissues of deeply seated organs. It is a marked restorative to professional and business men, who are broken down from over-work. In cases of Nervous Debility, Exhaustion, Neuralgia, Enlarged or Torpid Liver, Rheumatism, Dropsy, Loss of Voice, Ovarian or other Tumors, Paralysis, Menstruous Disturbances, Atrophy of the Muscles, Failure of Nutrition, we have found Electricity to be of great service.

LETTER FROM BISHOP CLEARY.

BISHOP'S PALACE, KINGSTON, 13th Nov., 1882.

DEAR SIR,—I am happy to be asked for a word of commendation to the Rev. Clergy and faithful laity of my diocese in behalf of the CATHOLIC RECORD, published in London with the warm approval of His Lordship Most Rev. Dr. Walsh. I am a subscriber to the Journal and am much pleased with its excellent literary and religious character. Its judicious selections from the best writers supply Catholic families with most useful and interesting matter for Sunday readings, and help the young to acquire a taste for pure literature.

I shall be pleased if my Rev. Clergy will countenance your mission for the diffusion of the RECORD among their congregations. Yours faithfully,

JAMES VINCENT CLEARY, Bishop of Kingston.
